

tobacco control research, as well as measure progress toward tobacco control as part of the National Cancer Institute's Extraordinary Opportunities in Tobacco Research. This survey is part of a continuing series of surveys that were sponsored by NCI and fielded periodically over the 1990's by the Census Bureau as part of the American Stop Smoking Intervention Study for Cancer Prevention (ASSIST) project and made available for general public use. The Tobacco Use Supplements will be continuing over the next decade alternating between a standard or core tobacco use survey (such as the 2001–2002 survey) and a special topic survey focusing on emerging tobacco control issues (such as this 2003 Tobacco Use Special Cessation Supplement). The survey will allow state specific estimates to be made. Data will be collected in February 2003, June 2003 and November 2003 from approximately 265,000 respondents. The National Cancer Institute is co-sponsoring this survey with the Centers for Disease Control and Prevention. *Frequency of Response:* One-time study. *Affected Public:* Individual or households. *Type of Respondents:* Persons 15 years of age or older. The annual reporting burden is as follows: *Estimated Number of Respondents:* 88,333; *Estimated Number of Responses per Respondent:* 1; *Averaging Burden Hours Per Response:* 0.1169; and *Estimated Total Annual Burden Hours Requested:* 10,326. The total cost to the respondents is estimated at: \$309,800. There are no Capital Costs, Operating Costs, and/or Maintenance Costs to report.

Request for Comments: Written comments and/or suggestions from the public and affected agencies are invited on one or more of the following points: (1) Whether the proposed collection of information is necessary for the proper performance of the function of the agency, including whether the information will have practical utility; (2) The accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) Ways to enhance the quality, utility and clarity of the information to be collected; and (4) Ways to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other forms of information technology.

Direct Comments to OMB: Written comments and/or suggestions regarding the item(s) contained in this notice, especially regarding the estimated public burden and associated response

time, should be directed to: Office of Management and Budget, Office of Regulatory Affairs, New Executive Office Building, Room 10235, Washington, DC 20503. Attention: Desk Officer for NIH. To request more information on the proposed project or to obtain a copy of the data collection plans and instruments, contact Anne Hartman, Health Statistician, National Cancer Institute, Executive Plaza North, Suite 4005, Bethesda, Maryland 20892–7344, or call non-toll free (301) 496–4970, or FAX your request, to (301) 435–3710, or E-mail your request, including your address, to ah42@nih.gov or Anne.Hartman@nih.gov.

Comments Due Date: Comments regarding this information collection are best assured of having their full effect if received within 30 days of the date of this publication.

Dated: November 26, 2002.

Reesa Nichols,

NCI Project Clearance Liaison.
