Description: The Occupational Safety and Health Administration conducts peer reviews to review a draft product for quality by specialists in the field who were not involved in producing the draft. The selection of participants in a peer review is based on expertise, with due consideration of independence. The Office of Management and Budget published the Final Information Quality Bulletin for Peer Review on December 15, 2004. The Bulletin states “ * * * the agency must address reviewers’ potential conflicts of interest (including those stemming from ties to regulated businesses and other stakeholders) and independence from the agency.”

The Bulletin requires agencies to adopt or adapt the committee selection policies employed by the National Academy of Sciences (NAS) when selecting peer reviewers who are not government employees. To fulfill this requirement OSHA has developed a Conflict of Interest and Disclosure Form, based on NAS, Conflict of Interest Disclosure form. This form will be used to determine whether or not a conflict exists for a potential peer review panel member. For additional information, see the related 60-day preclearance notice published in the **Federal Register** on February 8, 2010 (Vol. 75, page 7522). PRA documentation prepared in association with the preclearance notice is available on <http://www.regulations.gov> under docket number OSHA-2009-0042.
