[SEC File No. 270-135, OMB Control No. 3235-0176]

Proposed Collection; Comment Request; Extension: Rule 8b-1 to 8b-5; 8b-10 to 8b-22; and 8b-25 to 8b-31

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE, Washington, DC 20549-2736

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission") is soliciting comments on the collection of information summarized below. The Commission plans to submit this existing collection of information to the Office of Management and Budget ("OMB") for extension and approval.

Rules 8b-1 to 8b-5; 8b-10 to 8b-22; and 8b-25 to 8b-31 ("rules under Section 8(b)") (17 CFR 270.8b-1 to 8b-33) under the Investment Company Act of 1940 (15 U.S.C. 80a-1 *et seq.*) ("Investment Company Act") set forth the procedures for preparing and filing a registration statement under the Investment Company Act. These procedures are intended to facilitate the registration process. These rules generally do not require respondents to report information.¹

³⁶ 17 CFR 200.30-3(a)(12), (59).

¹ Although the rules under Section 8(b) of the Investment Company Act are generally procedural in nature, two of the rules require respondents to disclose some limited information. Rule 8b-3 (17 CFR 270.8b-3) provides that whenever a registration form requires the title of securities to

The Commission believes that it is appropriate to estimate the total respondent burden associated with preparing each registration statement form rather than attempt to isolate the impact of the procedural instructions under Section 8(b) of the Investment Company Act, which impose burdens only in the context of the preparation of the various registration statement forms. Accordingly, the Commission is not submitting a separate burden estimate for the rules under Section 8(b), but instead will include the burden for these rules in its estimates of burden for each of the registration forms under the Investment Company Act. The Commission is, however, submitting an hourly burden estimate of one hour for administrative purposes.

The collection of information under the rules under Section 8(b) is mandatory. The information provided under the rules under Section 8(b) is not kept confidential. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Written comments are invited on: (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted by February 12, 2024.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information under the PRA unless it displays a currently valid OMB control number.

Please direct your written comments to: David Bottom, Chief Information Officer, Securities and Exchange Commission, c/o John Pezzullo, 100 F Street NE, Washington, DC 20549 or send an email to: PRA_Mailbox@sec.gov.

be stated, the registrant must indicate the type and general character of the securities to be issued. Rule 8b-22 (17 CFR 270.8b-22) provides that if the existence of control is open to reasonable doubt, the registrant may disclaim the existence of control, but it must state the material facts pertinent to the possible existence of control. The information required by both of these rules is necessary to ensure that investors have clear and complete information upon which to base an investment decision.

³⁵ For purposes only of waiving the 30-day operative delay, the Commission has also considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

Dated: December 8, 2023.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–99108; File No. SR–DTC–2023–012]

Self-Regulatory Organizations; The Depository Trust Company; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend the Clearing Agency Risk Management Framework

December 7, 2023.

Pursuant to section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)¹ and Rule 19b–4 thereunder,² notice is hereby given that on December 1, 2023, The Depository Trust Company (“DTC”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I, II and III below, which Items have been prepared by the clearing agency. DTC filed the proposed rule change pursuant to section 19(b)(3)(A) of the Act³ and Rule 19b–4(f)(4) thereunder.⁴ The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Clearing Agency’s Statement of the Terms of Substance of the Proposed Rule Change

The proposed rule change of The Depository Trust Company (“DTC”) is provided hereto [sic] as Exhibit 5 and amends the Clearing Agency Risk Management Framework (“Risk Management Framework”, or “Framework”) of DTC and its affiliates, Fixed Income Clearing Corporation (“FICC”) and National Securities Clearing Corporation (“NSCC,” and together with FICC and DTC, the “Clearing Agencies”).⁵ The proposed rule change would amend the Risk

Management Framework to clarify and revise the descriptions of certain matters within the Framework, as further described below. The proposed changes would update and clarify the Risk Management Framework but do not reflect changes to how the Clearing Agencies comply with the applicable requirements of Rule 17Ad–22(e), as described in greater detail below.

II. Clearing Agency’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the clearing agency included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The clearing agency has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

(A) Clearing Agency’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Clearing Agencies adopted the Risk Management Framework⁶ to provide an outline for how each of the Clearing Agencies (i) maintains a well-founded, clear, transparent and enforceable legal basis for each aspect of its activities; (ii) comprehensively manages legal, credit, liquidity, operational, general business, investment, custody, and other risks that arise in or are borne by it; (iii) identifies, monitors, and manages risks related to links it establishes with one or more clearing agencies, financial market utilities, or trading markets; (iv) meets the requirements of its participants and the markets it serves efficiently and effectively; (v) uses, or at a minimum accommodates, relevant internationally accepted communication procedures and standards in order to facilitate efficient payment, clearing and settlement; and (vi) publicly discloses certain information, including market data. In this way, the Risk Management Framework currently supports the Clearing Agencies’ compliance with Rules 17Ad–22(e)(1), (3), (20), (21), (22) and (23) of the Standards,⁷ as described in the Framework Filings. In addition to setting forth the way each of the Clearing Agencies addresses these requirements, the Risk Management Framework also contains a section titled

“Framework Ownership and Change Management” that, among other matters, describes the Framework ownership and the required governance process for review and approval of changes to the Framework. In connection with the annual review and approval of the Framework by the Board of Directors of NSCC, DTC and FICC (each a “Board” and collectively, the “Boards”), the Clearing Agencies are proposing to make certain revisions to the Framework.

The proposed changes would clarify and enhance the descriptions in the Risk Management Framework, for example, (i) clarify the cadence of publication of disclosure frameworks; (ii) clarify the description of the Clearing Agencies recovery and wind-down processes and procedures; and (iii) make other non-substantive clarifying and clean-up changes to the Framework. Each of these categories of changes are discussed in further detail below.

i. Proposed Amendment To Clarify the Cadence of Publication of Disclosure Frameworks

Section 4.1 of the Framework describes certain tools provided to Clearing Agency participants to assist participants in understanding the Clearing Agencies’ products and services and their use. One such tool is the publication of disclosure frameworks to the DTCC website. The proposed change would enhance the description in the third bullet of Section 4.1, to add that although each of the Clearing Agencies publish to the DTCC website disclosure frameworks that are updated on a biennial basis, such frameworks are also updated more frequently for material changes.

ii. Proposed Amendment To Clarify the Description of Recovery and Wind-Down

Section 5 of the Framework describes the Clearing Agencies identification of scenarios that may potentially prevent them from being able to provide critical operations and services, and assessment of options for recovery and orderly wind-down, and maintenance of appropriate plans for recovery and orderly wind-down. The proposed changes to Section 5 are primarily rephrasing and grammatical choices that clarify the Framework and conform the language in the Framework to the Clearing Agencies’ stand-alone Recovery and Wind-Down Plans.
