BILLING CODE 4915-01-P

DEPARTMENT OF TRANSPORTATION

Surface Transportation Board

[STB Finance Docket No. 34611]

Alabama & Tennessee River Railway, LLC—Lease and Operation Exemption—CSX Transportation, Inc.

Alabama & Tennessee River Railway, LLC (ATN), a noncarrier, has filed a verified notice of exemption under 49 CFR 1150.31 to lease from CSX Transportation, Inc. (CSXT) and operate approximately 122 miles of rail lines in Alabama as follows: (1) Between milepost SG 737.1 of the Belt Connecting Track at Birmingham and milepost OAG 85.2 at Guntersville; and (2) the Ivalee Branch, between milepost OLE 443.0 near Moragne and milepost OLE 447.9 at Moragne.

This transaction is related to STB Finance Docket No. 34615, *Patrick D. Broe and OmniTRAX, Inc.—Continuance in Control Exemption—Alabama & Tennessee River Railway, LLC*, wherein Patrick D. Broe and OmniTRAX, Inc., seek to continue in control of ATN upon ATN's becoming a Class III rail carrier.

ATN certifies that its projected revenues as a result of this transaction will not result in ATN becoming a Class II or Class I rail carrier. But, because ATN's projected annual revenues will exceed \$5 million, ATN certified to the Board on November 1, 2004, that, on that date, it sent the required notice of the transaction to the national offices of all labor unions representing employees on the affected lines and posted a copy of the notice at the workplace of the employees on the affected lines. See 49 CFR 1150.32(e).

The transaction is expected to be consummated on or shortly after

December 31, 2004 (which is 60 days or more after ATN's certification to the Board that it had complied with the Board's regulation at 49 CFR 1150.32(e)).

If the notice contains false or misleading information, the exemption is void *ab initio*. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the transaction.

An original and 10 copies of all pleadings, referring to STB Finance Docket No. 34611, must be filed with the Surface Transportation Board, 1925 K Street, NW., Washington, DC 20423-0001. In addition, one copy of each pleading must be served on Karl Morell, Suite 225, 1455 F St., NW., Washington, DC 20005.

Board decisions and notices are available on our Web site at <http://WWW.STB.DOT.GOV>.

Decided: December 9, 2004.

By the Board, David M. Konschnik, Director, Office of Proceedings.

Vernon A. Williams,
Secretary.

BILLING CODE 4910-01-P

DEPARTMENT OF TRANSPORTATION

Bureau of Transportation Statistics

Agency Information Collection; Activity Under OMB Review; Report of Traffic and Capacity Statistics—The T-100 System

AGENCY: Bureau of Transportation Statistics (BTS), DOT.

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995, Public Law 104-13, the Bureau of Transportation Statistics invites the general public, industry and other governmental parties to comment on the continuing need for and usefulness of DOT requiring U.S. and foreign air carriers to file traffic and capacity data pursuant to 14 CFR 241.19 and part 217, respectively. These reports are used to measure air transportation activity to, from, and within the United States.

DATES: Written comments should be submitted by February 15, 2005.

ADDRESSES: Comments should be directed to: Office of Airline Information, K-14, Room 4125, Bureau of Transportation Statistics, 400 Seventh Street, SW., Washington, DC 20590-0001, fax no. 366-3383 or e-mail bernard.stankus@bts.gov.

Comments: Comments should identify the OMB # 2138-0040. Persons wishing the Department to acknowledge receipt of their comments must submit with those comments a self-addressed stamped postcard on which the following statement is made: Comments on OMB # 2138-0040. The postcard will be date/time stamped and returned.

FOR FURTHER INFORMATION CONTACT: Bernie Stankus Office of Airline Information, K-14, Room 4125, Bureau of Transportation Statistics, 400 Seventh Street, SW., Washington, DC 20590-0001, (202) 366-4387.

SUPPLEMENTARY INFORMATION: OMB Approval No.: 2138-0040.

Title: Report of Traffic and Capacity Statistics—The T-100 System.

Form No.: Schedules T-100 and T-100(f).

Type of Review: Extension of a currently approved collection.

Respondents: Certificated, commuter and Foreign air carriers that operate to, from or within the United States.

Number of Respondents: 330.

Total Burden per Response: 6 hours.

Total Annual Burden: 24,180 hours.

Needs and Uses:

Airport Improvement

The Federal Aviation Administration uses enplanement data for U.S. airports to distribute the annual Airport Improvement Program (AIP) entitlement funds to eligible primary airports, *i.e.*, airports which account for more than 0.01 percent of the total passengers enplaned at U.S. airports. Enplanement data contained in Schedule T-100/T-100(f) are the sole data base used by the FAA in determining airport funding. U.S. airports receiving significant service from foreign air carriers operating small aircraft could be receiving less than their fair share of AIP entitlement funds. Collecting Schedule T-100(f) data for small aircraft operations will enable the FAA to more fairly distribute these funds.

Air Carrier Safety

The FAA uses traffic, operational and capacity data as important safety indicators and to prepare the air carrier traffic and operation forecasts that are used in developing its budget and staffing plans, facility and equipment funding levels, and environmental impact and policy studies. The FAA monitor changes in the number of air carrier operations as a way to allocate inspection resources and in making decisions as to increased safety surveillance. Similarly, airport activity statistics are used by the FAA to develop airport profiles and establish priorities for airport inspections.
