Type of Request: New.

Number of Respondents: 1,299.

Annual Responses: 1,299.

Average Burden per Response: 30 minutes.

Annual Burden Hours: 649.5 hours.

Needs and Uses: The Defense Language and National Security Education Office (DLNSEO) of the DoD is requesting OMB clearance for the Boren Scholarship and Fellowship Survey. DLNSEO has contracted with the RAND Corporation to conduct an evaluation of the Boren Scholarship and Fellowship Awards Program. The Boren Awards program, established in 1991, was authorized under the David L. Boren National Security Education Act, as amended, Public Law 102–183. The Boren Awards provide funding for long-term, overseas, immersive study to U.S. undergraduate and graduate students who are committed to public service. Boren awardees study languages and cultures that are critical to U.S. national security as part of their degree programs; in exchange, they agree to use the skills within DoD or other Federal agencies by seeking and securing Federal employment for at least one year after completing their degrees. The Boren Awards program was last evaluated in 2014 using a survey and interviews to determine how the program had affected the careers of those who had received Boren awards. Since the 2014 survey, more than 2,000 new Boren awardees have completed the Federal employment service commitment, yielding an alumni base of more than 4,000. The OUSD(P&R) contracted with the RAND National Defense Research Institute to conduct a new program evaluation, which would include a web-based survey of alumni, discussions with key stakeholders, and comparison of past data with new data to be collected during this project. The findings will support the OUSD(P&R) in evaluating the outcomes of the program, enabling comparisons between past and more-recent outcomes, and ultimately enhancing the Boren Awards' effectiveness in building and sustaining a federal workforce of diverse, language and culture-enabled individuals.
