

including those within Chapter 9 of the Exchange Rulebook.⁴⁹ The Commission believes that it is consistent with the Act to apply Exchange rules governing, among other things, customer accounts, margin requirements, and trading halt procedures to the proposed micro-options that are otherwise applicable to other index options. The Commission believes that the Exchange's rules governing the trading of the index options on the Exchange help to ensure the maintenance of fair and orderly markets for micro-options, which is consistent with the protection of investors and the public interest.

Accordingly, the Commission finds that the proposed rule change, as modified by Amendment No. 1, is consistent with Section 6(b)(5) of the Act⁵⁰ and the rules and regulations thereunder applicable to a national securities exchange.

V. Accelerated Approval of Proposed Rule Change, as Modified by Amendment No. 1

The Commission finds good cause to approve the proposed rule change, as modified by Amendment No. 1, prior to the 30th day after the date of publication of notice of the filing of Amendment No. 1 in the **Federal Register**. Amendment No. 1 narrowed the scope of the proposed rule change, as well as provided additional rationale and support for the proposed rule change. Specifically, the Exchange (i) narrowed the scope of the proposed rule change to permit the listing and trading of micro-options only on broad-based index options that have index values of at least 100, rather than all indexes; (ii) narrowed the scope of the proposal to remove all aspects of the proposal that would have permitted the trading of FLEX micro-index options; and (iii) provided additional rationale and support for the proposed rule change. In support of the proposed rule change, the Exchange: Provided additional examples of how retail investors may use micro-options; emphasized that TPHs, in entering micro-option orders on behalf of customers, will continue to be subject to all Exchange Rules regarding doing business with the public; and represented that it will

expand education offerings to inform investors of the benefits and risks of trading micro-options. The changes to the proposal and additional information in Amendment No. 1 do not raise any novel regulatory issues and assist the Commission in evaluating the Exchange's proposal and in determining that it is consistent with the Act. Accordingly, the Commission finds good cause, pursuant to Section 19(b)(2) of the Act,⁵¹ to approve the proposed rule change, as modified by Amendment No. 1, on an accelerated basis.

VI. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,⁵² that the proposed rule change (SR-CBOE-2020-117), as modified by Amendment No. 1, be, and hereby is, approved on an accelerated basis.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.⁵³

J. Matthew DeLesDernier,
Assistant Secretary.
