

Manchester, NH. The purpose of this controlled airspace will be to provide for controlled airspace from the surface to accommodate aircraft executing instrument approaches and departures from the airport during times when the air traffic control tower at Manchester is closed. The airspace in the vicinity of Manchester, NH is currently within a Class C area. In a separate action, the FAA will be proposing to modify the current Class C area to be effective only during those times when the air traffic control tower is open. When that air traffic control tower would be closed, the airspace from the surface to 700 feet would revert to uncontrolled airspace. This action is therefore necessary to provide for controlled airspace from the surface during those times when the air traffic control tower is closed in order to accommodate aircraft executing instrument approaches and departures to and from Manchester during those times.

Class E airspace designations for airspace extending upward from the surface of an airport are published in paragraph 6002 of FAA Order 7400.9L, dated September 2, 2003, and effective September 16, 2003, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designations listed in this document will be published subsequently in this Order.

Agency Findings

This rule does not have federalism implications, as defined in Executive Order No. 13132, because it does not have a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. According, the FAA has not consulted with state authorities prior to publication of this rule.

The FAA has determined that this proposed regulation only involves a body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. For the reasons discussed in the preamble, I certify that this regulation (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under Department of Transportation (DOT) Regulatory Policies and Procedures (44 FR 11034, February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated effect on these routine matters will be so minimal. Since this proposal will only affect air traffic procedures and air navigation, it is certified that this proposed rule will not have significant

economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

The Proposed Amendment

Accordingly, pursuant to the authority delegated to me, the Federal Aviation Administration proposes to amend part 71 of the Federal Aviation Regulations (14 CFR part 71) as follows:

PART 71—[AMENDED]

1. The authority citation for part 71 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

2. The incorporation by reference in 14 CFR 71.1 of Federal Aviation Administration Order 7400.9L, Airspace Designations and Reporting Points, dated September 2, 2003, and effective September 16, 2003, is amended as follows:

Paragraph 6002 Class E Airspace Areas Extending Upward From the Surface of an Airport

* * * * *

ANE NH E2 Manchester, NH [New]

Manchester Airport, NH
(Lat. 42°55'57" N., long. 71°26'8" W.)

Within a 5-mile radius of the Manchester Airport. This Class E airspace area is effective during the specific dates and times established in advance by a Notice to Airmen. The effective date and time will thereafter be continuously published in the Airport/Facility Director.

Federal Acquisition Regulation; Electronic Representations and Certifications; Correction

AGENCIES: Department of Defense (DOD), General Services Administration (GSA), and National Aeronautics and Space Administration (NASA).

ACTION: Correction.

SUMMARY: The Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council are issuing a correction to the proposed rule issued as FAR case 2002–024, Electronic Representations and Certifications, to correct an amendatory instruction.

FOR FURTHER INFORMATION CONTACT: Ms. Laurie Duarte at (202) 501–4755, General Services Administration, Regulatory Secretariat, Washington, DC 20405.

Correction

In the proposed rule document appearing at 69 FR 4012, January 27, 2004, on page 4015, first column, amendatory instruction 9 is corrected to read as follows: "Amend section 52.212–3 by revising the date of the provision; adding an introductory paragraph; and adding paragraph (j) to read as follows:"

Dated: January 29, 2004.

Ralph De Stefano,

Acting Director, Acquisition Policy Division.
