Take notice that the Commission
 received the following electric
 reliability filings:

Docket Numbers: RR23–2–001.

Applicants: North American Electric
 Reliability Corporation.

Description: Revised SERC Reliability
 Corporation Report of Comparisons of
 Budgeted to Actual Costs for 2022.

Filed Date: 9/14/23.

Accession Number: 20230914–5123.

Comment Date: 5 p.m. ET 10/5/23.

Docket Numbers: RR23–4–000.

Applicants: North American Electric
 Reliability Corporation.

Description: Petition of the North
 American Electric Reliability
 Corporation for approval of revisions to
 the NERC Rules of Procedure regarding
 Reliability Standards.

Filed Date: 9/15/23.

Accession Number: 20230915–5151.

Comment Date: 5 p.m. ET 10/6/23.

The filings are accessible in the
 Commission's eLibrary system ([https://
 elibrary.ferc.gov/idmws/search/
 fercensearch.asp](https://elibrary.ferc.gov/idmws/search/fercensearch.asp)) by querying the
 docket number.

Any person desiring to intervene, to
 protest, or to answer a complaint in any
 of the above proceedings must file in
 accordance with Rules 211, 214, or 206
 of the Commission's Regulations (18
 CFR 385.211, 385.214, or 385.206) on or
 before 5:00 p.m. Eastern time on the
 specified comment date. Protests may be
 considered, but intervention is
 necessary to become a party to the
 proceeding.

eFiling is encouraged. More detailed
 information relating to filing
 requirements, interventions, protests,
 service, and qualifying facilities filings
 can be found at: [http://www.ferc.gov/
 docs-filing/efiling/filing-req.pdf](http://www.ferc.gov/docs-filing/efiling/filing-req.pdf). For
 other information, call (866) 208–3676
 (toll free). For TTY, call (202) 502–8659.

The Commission's Office of Public
 Participation (OPP) supports meaningful
 public engagement and participation in
 Commission proceedings. OPP can help
 members of the public, including
 landowners, environmental justice
 communities, Tribal members and
 others, access publicly available
 information and navigate Commission
 processes. For public inquiries and
 assistance with making filings such as
 interventions, comments, or requests for
 rehearing, the public is encouraged to
 contact OPP at (202) 502–6595 or [OPP@
 ferc.gov](mailto:OPP@ferc.gov).

Dated: September 15, 2023.

Debbie-Anne A. Reese,

Deputy Secretary.

BILLING CODE 6717–01–P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP23–536–000]

Eastern Shore Natural Gas Company; Notice of Application and Establishing Intervention Deadline

Take notice that on August 31, 2023,
 Eastern Shore Natural Gas Company
 (Eastern Shore), 500 Energy Lane, Suite
 200, Dover, Delaware, 19901, filed an
 application under section 7(c) of the
 Natural Gas Act (NGA), and part 157 of
 the Commission's regulations requesting
 authorization for its Worcester
 Resiliency Upgrade Project (Project).
 The Project consists of the installation
 of five (5) liquefied natural gas (LNG)
 storage tanks and LNG vaporizers in
 Worcester County, MD. Eastern Shore
 also proposes to install approximately
 1.1 miles of 10-inch-diameter pipeline
 looping in Sussex County, DE and
 Wicomico County, MD, upgrades to an
 existing pressure control station in
 Sussex County, DE, and upgrades to
 three (3) existing meter and regulating
 (M&R) stations in Sussex County, DE,
 Worcester County, MD, and Somerset
 County, MD. The Project is designed to
 store approximately 475,000 gallons of
 LNG, equivalent to 39,627 Dth, and
 provide 14,000 Dth/d of corresponding
 peak firm natural gas transportation
 service, as well as enhance the
 resiliency of Eastern Shore's system.
 Eastern Shore estimates the total cost of
 the Project to be \$79,878,927 and
 proposes an initial recourse rate under
 new Rate Schedules PEAK–FT and
 PEAK–IT, all as more fully set forth in
 the application which is on file with the
 Commission and open for public
 inspection.

In addition to publishing the full text
 of this document in the **Federal
 Register**, the Commission provides all
 interested persons an opportunity to
 view and/or print the contents of this
 document via the internet through the
 Commission's Home Page
 (www.ferc.gov) using the "eLibrary"
 link. Enter the docket number excluding
 the last three digits in the docket
 number field to access the document. At
 this time, the Commission has
 suspended access to the Commission's
 Public Reference Room. For assistance,
 contact the Federal Energy Regulatory

Commission at FercOnlineSupport@ferc.gov or call toll-free, (886) 208–3676 or TTY (202) 502–8659.

Any questions regarding the proposed project should be directed to Matt Everngam, Director, Regulatory Affairs, Eastern Shore Natural Gas Company, 500 Energy Lane, Suite 200, Dover, DE 19901 by phone 1–844–366–3764 or by email to meverngam@chpk.com.

Pursuant to Section 157.9 of the Commission's Rules of Practice and Procedure,¹ within 90 days of this Notice the Commission staff will either: complete its environmental review and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or environmental assessment (EA) for this proposal. The filing of an EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify Federal and State agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all Federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

Water Quality Certification

Eastern Shore's application states that a water quality certificate under section 401 of the Clean Water Act is required for the project from Delaware's DNREC Division of Water Resources and Maryland's MDE Water Management Administration. The request for certification must be submitted to the certifying agency and to the Commission concurrently. Proof of the certifying agency's receipt date must be filed no later than five (5) days after the request is submitted to the certifying agency.

Public Participation

There are three ways to become involved in the Commission's review of this project: you can file comments on the project, you can protest the filing, and you can file a motion to intervene in the proceeding. There is no fee or cost for filing comments or intervening. The deadline for filing a motion to intervene is 5:00 p.m. Eastern Time on October 6, 2023. How to file protests, motions to intervene, and comments is explained below.

The Commission's Office of Public Participation (OPP) supports meaningful public engagement and participation in Commission proceedings. OPP can help members of the public, including landowners, environmental justice communities, Tribal members and others, access publicly available information and navigate Commission processes. For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, the public is encouraged to contact OPP at (202) 502–6595 or OPP@ferc.gov.

Comments

Any person wishing to comment on the project may do so. Comments may include statements of support or objections, to the project as a whole or specific aspects of the project. The more specific your comments, the more useful they will be.

Protests

Pursuant to sections 157.10(a)(4)² and 385.211³ of the Commission's regulations under the NGA, any person⁴ may file a protest to the application. Protests must comply with the requirements specified in section 385.2001⁵ of the Commission's regulations. A protest may also serve as a motion to intervene so long as the protestor states it also seeks to be an intervenor.

To ensure that your comments or protests are timely and properly recorded, please submit your comments on or before October 6, 2023.

There are three methods you can use to submit your comments or protests to the Commission. In all instances, please reference the Project docket number CP23–536–000 in your submission.

(1) You may file your comments electronically by using the eComment feature, which is located on the Commission's website at www.ferc.gov under the link to Documents and Filings. Using eComment is an easy method for interested persons to submit brief, text-only comments on a project;

(2) You may file your comments or protests electronically by using the eFiling feature, which is located on the Commission's website (www.ferc.gov) under the link to Documents and Filings. With eFiling, you can provide comments in a variety of formats by attaching them as a file with your submission. New eFiling users must

first create an account by clicking on "eRegister." You will be asked to select the type of filing you are making; first select "General" and then select "Comment on a Filing"; or

(3) You can file a paper copy of your comments or protests by mailing them to the following address below. Your written comments must reference the Project docket number (CP23–536–000).

To file via USPS: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426.

To file via any other courier: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 12225 Wilkins Avenue, Rockville, Maryland 20852.

The Commission encourages electronic filing of comments (options 1 and 2 above) and has eFiling staff available to assist you at (202) 502–8258 or FercOnlineSupport@ferc.gov.

Persons who comment on the environmental review of this project will be placed on the Commission's environmental mailing list, and will receive notification when the environmental documents (EA or EIS) are issued for this project and will be notified of meetings associated with the Commission's environmental review process.

The Commission considers all comments received about the project in determining the appropriate action to be taken. However, the filing of a comment alone will not serve to make the filer a party to the proceeding. To become a party, you must intervene in the proceeding. For instructions on how to intervene, see below.

Interventions

Any person, which includes individuals, organizations, businesses, municipalities, and other entities,⁶ has the option to file a motion to intervene in this proceeding. Only intervenors have the right to request rehearing of Commission orders issued in this proceeding and to subsequently challenge the Commission's orders in the U.S. Circuit Courts of Appeal.

To intervene, you must submit a motion to intervene to the Commission in accordance with Rule 214 of the Commission's Rules of Practice and Procedure⁷ and the regulations under the NGA⁸ by the intervention deadline for the project, which is October 6, 2023. As described further in Rule 214, your motion to intervene must state, to the extent known, your position regarding the proceeding, as well as

¹ 18 CFR (Code of Federal Regulations) 157.9.

² 18 CFR 157.10(a)(4).

³ 18 CFR 385.211.

⁴ Persons include individuals, organizations, businesses, municipalities, and other entities. 18 CFR 385.102(d).

⁵ 18 CFR 385.2001.

⁶ 18 CFR 385.102(d).

⁷ 18 CFR 385.214.

⁸ 18 CFR 157.10.

your interest in the proceeding. For an individual, this could include your status as a landowner, ratepayer, resident of an impacted community, or recreationist. You do not need to have property directly impacted by the project in order to intervene. For more information about motions to intervene, refer to the FERC website at <https://www.ferc.gov/resources/guides/how-to-intervene.asp>.

There are two ways to submit your motion to intervene. In both instances, please reference the Project docket number CP23–536–000 in your submission.

(1) You may file your motion to intervene by using the Commission's eFiling feature, which is located on the Commission's website (www.ferc.gov) under the link to Documents and Filings. New eFiling users must first create an account by clicking on "eRegister." You will be asked to select the type of filing you are making; first select "General" and then select "Intervention." The eFiling feature includes a document-less intervention option; for more information, visit <https://www.ferc.gov/docs-filing/efiling/document-less-intervention.pdf>; or

(2) You can file a paper copy of your motion to intervene, along with three copies, by mailing the documents to the address below. Your motion to intervene must reference the Project docket number CP23–536–000.

To file via USPS: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426.

To file via any other courier: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 12225 Wilkins Avenue, Rockville, Maryland 20852.

The Commission encourages electronic filing of motions to intervene (option 1 above) and has eFiling staff available to assist you at (202) 502–8258 or FercOnlineSupport@ferc.gov.

Protests and motions to intervene must be served on the applicant either by mail or email at: Matt Everngam, Director, Regulatory Affairs, Eastern Shore Natural Gas Company, 500 Energy Lane, Suite 200, Dover, DE 19901 or by email to meverngam@chpk.com. Any subsequent submissions by an intervenor must be served on the applicant and all other parties to the proceeding. Contact information for parties can be downloaded from the service list at the eService link on FERC Online. Service can be via email with a link to the document.

All timely, unopposed⁹ motions to intervene are automatically granted by operation of Rule 214(c)(1).¹⁰ Motions to intervene that are filed after the intervention deadline are untimely, and may be denied. Any late-filed motion to intervene must show good cause for being late and must explain why the time limitation should be waived and provide justification by reference to factors set forth in Rule 214(d) of the Commission's Rules and Regulations.¹¹ A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies (paper or electronic) of all documents filed by the applicant and by all other parties.

Tracking the Proceeding

Throughout the proceeding, additional information about the project will be available from the Commission's Office of External Affairs, at (866) 208–FERC, or on the FERC website at www.ferc.gov using the "eLibrary" link as described above. The eLibrary link also provides access to the texts of all formal documents issued by the Commission, such as orders, notices, and rulemakings.

In addition, the Commission offers a free service called eSubscription which allows you to keep track of all formal issuances and submittals in specific dockets. This can reduce the amount of time you spend researching proceedings by automatically providing you with notification of these filings, document summaries, and direct links to the documents. For more information and to register, go to www.ferc.gov/docs-filing/esubscription.asp.

Intervention Deadline: 5:00 p.m. Eastern Time on October 6, 2023.

Dated: September 15, 2023.

Kimberly D. Bose,

Secretary.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Food and Drug Administration

[Docket No. FDA–2023–N–0001]

Menopause: Potential Impact on Clinical Pharmacology and Opportunities for Future Research; Public Workshop

AGENCY: Food and Drug Administration, HHS.

ACTION: Notice of public workshop.

SUMMARY: The Food and Drug Administration (FDA) Office of Women's Health and Office of Clinical Pharmacology is announcing the following public workshop: "Menopause: Potential Impact on Clinical Pharmacology and Opportunities for Future Research." The purpose of the public workshop is to discuss the current understanding of the impact of menopause on the pharmacokinetics (PK), pharmacodynamics (PD), and exposure-response relationships of FDA-regulated drugs and biologics used by menopausal women for non-menopause-related indications. Researchers, educators, clinicians, and patients may benefit from attending this scientific workshop. Presentations will discuss whether changes in drug absorption, distribution, metabolism, and elimination, if any, could be affected by hormonal changes of menopause (independent of age), or other non-hormonal influences (including age-related renal and hepatic changes). The discussion is further intended to identify the research and data gaps regarding the potential impact of menopause on PK/PD. Speakers will highlight areas with the greatest need for further research and exploration.

DATES: The public workshop will be held virtually on October 11, 2023, from 10 a.m. to 2 p.m. Eastern Time. See the **SUPPLEMENTARY INFORMATION** section for registration date and information.

ADDRESSES: The public workshop will be held virtually using the Zoom platform. The link for the public workshop will be sent to registrants upon registration.

FOR FURTHER INFORMATION CONTACT: Lisa Lineberger, Food and Drug Administration, Office of the Commissioner, Office of Women's Health, Bldg. 32, Rm. 2333, 10903 New Hampshire Ave., Silver Spring, MD 20993, 301–796–8751, OWHmeetings@fda.hhs.gov.

SUPPLEMENTARY INFORMATION:
