

by mail. For other areas, Census Bureau enumerators will hand deliver the census questionnaires to all housing units in each block, including any newly constructed units not already on the census address list. Tribal and local governments that wish to participate in the Program will be invited to submit a list of addresses of newly constructed housing units for inclusion in the Census Address List. The address list submitted by New Construction Program participants must only include addresses for housing units for which construction began during or after March 2009 that are expected to be closed to the elements (final roof, windows and doors) by Census Day, April 1, 2010. No street or boundary updates will be accepted by the New Construction Program.

The New Construction Program will not accept additions of Group Quarters addresses. Group Quarters addresses are defined as places where people live or stay in a group living arrangement that is owned or managed by an entity or organization providing housing and/or services for the residents. The Census Bureau has programs that are specifically designed to capture new Group Quarters addresses, including but not limited to, Group Quarters Validation, Group Quarters Advanced Visit, Group Quarters Enumeration, and the Count Review program.

The Census Bureau plans to mail a New Construction Program invitation letter and registration forms in July 2009 to the tribal and local governments that are eligible to participate in the New Construction Program. Interested tribal and local governments will be asked to return the registration form in order to participate in the program. As part of the registration form, the participant must identify the format of the maps or spatial data that they wish to receive from the Census Bureau. The maps or spatial data are for use as a reference for assigning census tract and block codes (geocoding) for each submitted address. The maps are offered in Portable Document Format (PDF) and spatial data are available from TIGER® in shapefile format that requires a Geographic Information System (GIS) software application for viewing.

For governments choosing maps in PDF, the Census Bureau will provide Adobe® Reader® software to view the PDF maps. For those participants who choose to use shapefiles, the Census Bureau will provide the MAF/TIGER Partnership Software (MTPS) to enter addresses and output them in the prescribed format. The MTPS is an easy-to-use desktop tool that makes participation easier for governments

without a GIS system. The MTPS also provides map viewing capability when used with the shapefiles provided by the Census Bureau. However, participants may use their own software to create a computer readable list of addresses in the prescribed format.

The Census Bureau will send out New Construction materials to registered participants during November 2009 through January 2010. The PDF package will contain the following:

- (1) The New Construction Quick Start Document;
- (2) The New Construction User Guide;
- (3) The New Construction Address List Template;
- (4) Zip Software;
- (5) CD Readme.txt File;
- (6) PDF Software (Adobe® Reader®);
- (7) New Construction Map PDFs.

The MTPS/Shapefile package will contain the following:

- (1) The New Construction Quick Start Document;
- (2) The New Construction User Guide;
- (3) The New Construction MTPS User Guide;
- (4) The New Construction Address List Template;
- (5) Zip Software;
- (6) CD Readme.txt File;
- (7) MTPS Software;
- (8) Shapefiles.

Participants must submit their New Construction address lists to the Census Bureau within forty-five (45) calendar days after receipt of the New Construction materials. "Receipt" as used herein is defined as the delivery date reported to the Census Bureau by the delivery service that delivers the New Construction materials to the eligible government. The New Construction addresses must be returned in the Census Bureau's predefined format and each address must be "geocoded," or assigned to the census tract and block in which it is located as shown on the New Construction census maps (PDF or shapefiles).

Files that are submitted in the proper format are compared against the Census Bureau's Master Address File to check for any addresses already on the list. The Census Bureau, using the participant supplied addresses, will visit and attempt to enumerate each newly constructed housing unit that has been identified as missing from our list. The census enumeration process will determine the final housing unit status and population for each new unit.

¹ Or the next business day, if the deadline falls on a weekend, Federal holiday or any other day when the Department is closed.

In accordance with section 351.213(b) of the Department's regulations, an interested party as defined by section 771(9) of the Act may request in writing that the Secretary conduct an administrative review. For both antidumping and countervailing duty reviews, the interested party must specify the individual producers or exporters covered by an antidumping finding or an antidumping or countervailing duty order or suspension agreement for which it is requesting a review. In addition, a domestic interested party or an interested party described in section 771(9)(B) of the Act must state why it desires the Secretary to review those particular producers or exporters.² If the interested party intends for the Secretary to review sales of merchandise by an exporter (or a producer if that producer also exports merchandise from other suppliers) which were produced in more than one country of origin and each country of origin is subject to a separate order, then the interested party must state specifically, on an order-by-order basis, which exporter(s) the request is intended to cover.

Please note that, for any party the Department was unable to locate in prior segments, the Department will not accept a request for an administrative review of that party absent new information as to the party's location. Moreover, if the interested party who files a request for review is unable to locate the producer or exporter for which it requested the review, the interested party must provide an explanation of the attempts it made to locate the producer or exporter at the same time it files its request for review, in order for the Secretary to determine if the interested party's attempts were reasonable, pursuant to section 351.303(f)(3)(ii) of the Department's regulations.

As explained in *Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68

FR 23954 (May 6, 2003), the Department has clarified its practice with respect to the collection of final antidumping duties on imports of merchandise where intermediate firms are involved. The public should be aware of this clarification in determining whether to request an administrative review of merchandise subject to antidumping findings and orders. *See also* the Import Administration Web site at <http://ia.ita.doc.gov>.

Six copies of the request should be submitted to the Assistant Secretary for Import Administration, International Trade Administration, Room 1870, U.S. Department of Commerce, 14th Street & Constitution Avenue, NW., Washington, DC 20230. The Department also asks parties to serve a copy of their requests to the Office of Antidumping/Countervailing Operations, Attention: Sheila Forbes, in room 3065 of the main Commerce Building. Further, in accordance with section 351.303(f)(1)(i) of the Department's regulations, a copy of each request must be served on every party on the Department's service list.

The Department will publish in the **Federal Register** a notice of "Initiation of Administrative Review of Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation" for requests received by the last day of July 2009. If the Department does not receive, by the last day of July 2009, a request for review of entries covered by an order, finding, or suspended investigation listed in this notice and for the period identified above, the Department will instruct the CBP to assess antidumping or countervailing duties on those entries at a rate equal to the cash deposit of (or bond for) estimated antidumping or countervailing duties required on those entries at the time of entry, or withdrawal from warehouse, for consumption and to continue to collect the cash deposit previously ordered.

This notice is not required by statute but is published as a service to the international trading community.

Dated: June 23, 2009.
John M. Andersen,
Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.
