General Wage Determination Publication

General wage determinations issued under the Davis-Bacon and related Acts, including those noted above, may be found in the Government Printing Office (GPO) document entitled "General Wage Determinations Issued Under the Davis-Bacon And Related Acts". This publication is available at each of the 50 Regional Government Depository Libraries and many of the 1,400 Government Depository Libraries across the country.

General wage determinations issued under the Davis-Bacon and related Acts are available electronically at no cost on the Government Printing Office site at <http://www.access.gpo.gov/davisbacon>. They are also available electronically by subscription to the Davis-Bacon Online Service (<http://davisbacon.fedworld.gov>) of the National Technical Information Service (NTIS) of the U.S. Department of Commerce at 1-800-363-2068. This subscription offers value-added features such as electronic delivery of modified wage decisions directly to the user's desktop, the ability to access prior wage decisions issued during the year, extensive Help desk Support, etc.

Hard-copy subscriptions may be purchased from: Superintendent of Documents, U.S. Government Printing Office, Washington, DC 20402, (202) 512-1800.

When ordering hard-copy subscription(s), be sure to specify the State(s) of interest, since subscriptions may be ordered for any or all of the six separate Volumes, arranged by State. Subscriptions include an annual edition (issued in January or February) which includes all current general wage determinations for the States covered by each volume. Throughout the remainder of the year, regular weekly updates will be distributed to subscribers.

Signed at Washington, DC this 15th day of July 2004.

Terry Sullivan,

Acting Chief, Branch of Construction Wage Determinations.

Contact the OSHA Docket Office for information about materials not available through the OSHA Webpage and for assistance using the Webpage to locate docket submissions.

Electronic copies of this **Federal Register** notice as well as other relevant documents are available on OSHA's Webpage.

II. Background

The Department of Labor, as part of its continuing effort to reduce paperwork and respondent (*i.e.*, employer) burden, conducts a preclearance consultation program to provide the public with an opportunity to comment on proposed and continuing information-collection requirements in accordance with the Paperwork Reduction Act of 1995 (PRA-95)(44 U.S.C. 3506(c)(2)(A)).

This program ensures that information is in the desired format, reporting burden (time and costs) is minimal, collection instruments are clearly understood, and OSHA's estimate of the information collection burden is accurate. The Occupational Safety and Health Act of 1970 (the Act) (29 U.S.C. 651 *et seq.*) authorizes information collection by employers as necessary or appropriate for

enforcement of the Act or for developing information regarding the causes and prevention of occupational injuries, illnesses, and accidents (29 U.S.C. 657). The information-collection requirements specified in the Ionizing Radiation Standard protect employees from the adverse health effects that may result from their exposure to ionizing radiation. The requirements of the Ionizing Radiation Standard include monitoring of employee exposure to ionizing radiation, instruction employees on the hazards associated with ionizing radiation exposure and precautions to minimize exposure, posting of caution signs at radiation areas, reporting of employee overexposure to OSHA, maintaining exposure records, and providing exposure records to current and former employees.

III. Special Issues for Comment

OSHA has a particular interest in comments on the following issues:

- Whether the information collection requirements are necessary for the proper performance of the Agency's functions, including whether the information is useful;
- The accuracy of the Agency's estimate of the burden (time and costs) of the information collection requirements, including the validity of the methodology and assumptions used;
- The quality, utility, and clarity of the information collected; and
- Ways to minimize the burden on employers who must comply; for example, by using automated or other technological information collection and transmission techniques.

IV. Proposed Actions

OSHA is proposing to extend the information-collection requirements contained in the Ionizing Radiation Standard (29 CFR 1910.1096). The Agency will summarize the comments submitted in response to this notice and will include this summary in the request to OMB to extend the approval of the information-collection requirement contained in the Standard.

Type of Review: Extension of currently approved information-collection requirements.

Title: Ionizing Radiation (29 CFR 1910.1096).

OMB Number: 1218-0103.

Affected Public: Business or other for-profit; not-for-profit institutions; Federal government; State, local or tribal governments.

Number of Respondents: 12,113.

Frequency of Response: Occasionally/Quarterly/Annually/Immediately/Within 24-hours/Within 30 days.

Total Responses: 196,844.

Average Time Per Response: Time per response varies from 5 minutes to maintain radiation-exposure records to 30 minutes (.5 hours) for employers to gather and prepare training materials and to provide training to employees.

Estimated Total Burden Hours: 37,398 hours.

Estimated Cost (Operation and Maintenance): \$2,022,648.

V. Authority and Signature

John L. Henshaw, Assistant Secretary of Labor for Occupational Safety and Health, directed the preparation of this notice. The authority for this notice is the Paperwork Reduction Act of 1995 (44 U.S.C. 3506), and Secretary of Labor's Order No. 5-2002 (67 FR 65008).

Signed at Washington, DC, on July 15, 2004.

John L. Henshaw,

Assistant Secretary of Labor.
