Proposed Collection; 60-Day Comment Request; Evaluation of Cancer Control Leadership Forums at the Center for Global Health

Summary: In compliance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, for opportunity for public comment on proposed data collection projects, the National Cancer Institute (NCI), National Institutes of Health (NIH), will publish periodic summaries of proposed projects to be submitted to the Office of Management and Budget (OMB) for review and approval.

Written comments and/or suggestions from the public and affected agencies are invited on one or more of the following points: (1) Whether the proposed collection of information is necessary for the proper performance of the function of the agency, including whether the information will have practical utility; (2) The accuracy of the agency's estimate of the burden of the proposed collection of information,

including the validity of the methodology and assumptions used; (3) Ways to enhance the quality, utility, and clarity of the information to be collected; and (4) Ways to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

To Submit Comments And For Further Information: To obtain a copy of the data collection plans and instruments, or request more information on the proposed project, contact: Brenda Kostecky, Center for Global Health, National Cancer Institute, 9609 Medical Center Dr., RM 3W276, Rockville MD, 20850 or call non-toll-free number 240-276-5585 or Email your request, including your address to: brenda.kostecky@nih.gov. Formal requests for additional plans and instruments must be requested in writing.

Comment Due Date: Comments regarding this information collection are best assured of having their full effect if received within 60 days of the date of this publication.

Proposed Collection: Evaluation of Cancer Control Leadership Forums at the Center for Global Health (CGH) (NCI), 0925-NEW, National Cancer Institute (NCI), National Institutes of Health (NIH).

Need and Use of Information Collection: This submission is a request for OMB to approve the Cancer Control Leadership Forums. These workshops are organized and funded by the National Cancer Institute's CGH in

conjunction with various partners ranging from foreign Ministries of Health and research institutions, to international non-governmental organizations (NGOs) and U.S. academic institutions. The goal of the U.S. National Cancer Institute (NCI) Cancer Control Leadership Forums is to increase the capacity of participating countries to initiate or enhance cancer control planning and implementation in their respective countries. The Forums are an opportunity for countries to exchange experiences and ideas about creating and implementing comprehensive cancer control plans. The proposed evaluation requests information about the outcomes of the forums including (1) status of cancer control planning and implementation in each participating country, (2) outcomes related to the action plans (e.g. developing written materials, completion of action items, resources and support acquired), (3) successes and challenges related to the action plans, and (4) new cancer control partnerships and networks. Baseline information regarding the status of cancer control planning and implementation will be collected 3 months prior to the Forums in order to inform the development of each Forum. The evaluation information will be collected 3-24 months after each forum and is needed to evaluate the effectiveness of these workshops in order to inform future programming and funding decisions.

OMB approval is requested for 3 years. There are no costs to respondents other than their time. The total estimated annualized burden hours are 108.
