

ESTIMATED ANNUAL BURDEN HOURS

Type of instrument	Number of respondents	Number of responses per respondent	Average burden time per response (hours)	Estimated burden hours
Key informant interview protocol: state and local administrator, staff, and partners ^b	60	1	1	60
Survey: State and local staff and partners	60	1	0.17	10
Program participant interview guide	20	1	1	20
Total	140			90

^a The study is scheduled to take three years.

^b Assumes each visit will, on average, involve individual or group interviews with approximately 30 respondents. The team assumes the average burden time per response to be about 1 hour, although some meetings will be shorter and some will be longer.

Molly Irwin,

Chief Evaluation Officer, U.S. Department of Labor.

DEPARTMENT OF LABOR

Agency Information Collection Activities; Comment Request; National Database of Childcare Costs Submission for Review: National Database of Childcare Costs

AGENCY: Women's Bureau, DOL.

ACTION: Notice of availability; request for comments.

SUMMARY: The U.S. Department of Labor, Women's Bureau (WB) is soliciting comments concerning a proposed information collection request (ICR) titled, "National Database of Childcare Costs". This comment request is part of continuing Departmental efforts to reduce paperwork and respondent burden in accordance with the Paperwork Reduction Act of 1995 (PRA).

DATES: Comments are encouraged and will be accepted until February 25, 2019.

ADDRESSES: A copy of this ICR with applicable supporting documentation; including a description of the likely respondents, proposed frequency of response, and estimated total burden may be obtained without charge by contacting the U.S. Department of Labor, Women's Bureau, Room S–3002, 200 Constitution Avenue NW, Washington, DC 20210, (202)693–6710, Womens.Bureau@dol.gov. Comments in response to this notice should be submitted electronically through the Federal eRulemaking Portal at <https://www.regulations.gov> by selecting the Docket ID number or via postal mail, commercial delivery, or hand delivery. Please note that comments submitted by fax or email and those submitted after

the comment period will not be accepted. Comments submitted by postal mail or delivery should be addressed to U.S. Department of Labor, Women's Bureau, Room S–3002, 200 Constitution Avenue NW, Washington, DC 20210.

FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, contact Sarah Miller by telephone at (202)693–6716 (this is not a toll-free number) or by email at miller.sarah@dol.gov. For technical questions, contact: Liana Christin Landivar by telephone at (202)693–6713 (this is not a toll-free number) or by email at landivar.liana.c@dol.gov.

SUPPLEMENTARY INFORMATION: The DOL, as part of continuing efforts to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies an opportunity to comment on proposed and/or continuing collections of information before submitting them to the OMB for final approval. This program helps to ensure requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements can be properly assessed. This proposed information collection seeks to establish the National Database of Childcare Costs. State-administered Market Rate Surveys are conducted by state human services or workforce development offices as a requirement to receive Child Care and Development Block Grants (CCDBG). The surveys establish a benchmark of the local prices of various types of care (e.g., center-based, home-based, family-provided) by age of children (i.e., infants, preschool, and school-age children). These surveys are used to establish the maximum reimbursement rates for childcare subsidies. Market Rate Surveys sample all eligible centers and care providers and obtain the full market price of care. Because the state

Market Rate Surveys establish the full market price of care in local areas, these data are ideal to examine local childcare prices. However, these data are not reported to the federal government and they are retained by the states.

This information collection would request Market Rate Survey data from all states and reconcile measures for uniformity across the states. Metrics would be made comparable and geography would be standardized to be able to combine these data for analysis with county characteristics available from the American Community Survey. The database would be evaluated to protect respondent confidentiality, implementing proper disclosure avoidance techniques in counties with small samples. The database would be made available to the public as a research tool to understand childcare prices at the county level and changes in childcare prices over time. Section 2 of Public Law 66–259 that established the Women's Bureau authorizes this information collection. See 29 U.S.C. 13.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6.

Interested parties are encouraged to provide comments to the contact shown in the **ADDRESSES** section. Comments must be written to receive consideration, and they will be summarized and included in the request for OMB approval of the final ICR. In order to help ensure appropriate consideration, comments should

mention ICR Reference Number 201811–1290–002.

Submitted comments will also be a matter of public record for this ICR and posted on the internet, without redaction. The DOL encourages commenters not to include personally identifiable information, confidential business data, or other sensitive statements/information in any comments.

The DOL is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Analysis

Agency: DOL–WB.

Type of Review: New Collection.

Collection Title: National Database of Childcare Costs.

ICR Reference Number: 201811–1290–002.

Affected Public: State, Local, and Tribal Governments.

Number of Respondents: 51.

Annual Frequency: Once.

Total Estimated Annual Responses: 51.

Estimated Average Time per Response: 3 hours.

Total Annual Burden Time: 153 hours.

Total Estimated Annual Other Cost Burden: \$0.

Authority: 44 U.S.C. 3506(c)(2)(A).

Dated: December 19, 2018.

Patricia G. Greene,

Director, Women's Bureau.

DEPARTMENT OF LABOR

Bureau of Labor Statistics

Information Collection Activities; Comment Request

AGENCY: Bureau of Labor Statistics, Department of Labor.

ACTION: Notice of information collection; request for comment.

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995. This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. The Bureau of Labor Statistics (BLS) is soliciting comments concerning the proposed reinstatement of the “Current Population Survey (CPS) Disability Supplement,” to be conducted in July 2019. A copy of the proposed information collection request (ICR) can be obtained by contacting the individual listed below in the **ADDRESSES** section of this notice.

DATES: Written comments must be submitted to the office listed in the **ADDRESSES** section of this notice on or before February 25, 2019.

ADDRESSES: Send comments to Carol Rowan, BLS Clearance Officer, Division of Management Systems, Bureau of Labor Statistics, Room 4080, 2 Massachusetts Avenue NE, Washington, DC 20212. Written comments may also be transmitted by fax to 202–691–5111 (this is not a toll free number).

FOR FURTHER INFORMATION CONTACT: Carol Rowan, BLS Clearance Officer, 202–691–7628 (this is not a toll free number). (See **ADDRESSES** section.)

SUPPLEMENTARY INFORMATION:

I. Background

The July 2019 CPS Disability Supplement will be conducted at the request of the Department of Labor's Chief Evaluation Office. The Disability Supplement will provide information on the low labor force participation rates for people with disabilities; the use of and satisfaction with programs that prepare people with disabilities for employment; the work history, barriers to employment, and workplace

accommodations reported by persons with a disability; and the effect of financial assistance programs on the likelihood of working. Since the supplement was last collected in 2012, work patterns have changed, policies have changed, and assistive technologies have advanced. Having updated information will be valuable in determining how employment barriers have changed for people with disabilities.

Because the Disability Supplement is part of the CPS, the same detailed demographic information collected in the CPS will be available about respondents to the supplement. Thus, comparisons will be possible across respondent characteristics, including sex, race, ethnicity, age, and educational attainment. It will also be possible to create estimates for those who are employed, unemployed, and not in the labor force. Because the CPS is a rich source of information on the employment status of the population, it will be possible to examine in detail the nature of various employment and unemployment situations.

II. Current Action

Office of Management and Budget clearance is being sought for the CPS Disability Supplement. These data are necessary to provide information about the labor market challenges facing persons with a disability and will contribute to improvements in policies and programs designed to assist these individuals.

III. Desired Focus of Comments

The Bureau of Labor Statistics is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility.

- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used.

- Enhance the quality, utility, and clarity of the information to be collected.

- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.
