**SUPPLEMENTARY INFORMATION:****Background**

On December 28, 2000, the Department of Commerce (the Department) published in the **Federal Register** its notice of *Antifriction Bearings (Other Than Tapered Roller Bearings) and Parts Thereof From Japan; Amended Final Results of Antidumping Duty Administrative Review*, 65 FR 82323. In that notice, the Department published the final margins for NTN Corporation and Koyo Seiko Co., Ltd. (Koyo). The classes or kinds of merchandise covered by the review are ball bearings and parts thereof (BBs), cylindrical roller bearings and parts thereof (CRBs), and spherical plain bearings and parts thereof (SPBs). The period of review is May 1, 1992, through April 30, 1993.

The Department has discovered that the margins it published for Koyo were not correct. The margins the Department published were 14.90 percent and 6.53 percent for BBs and CRBs, respectively. The correct margins are 12.15 percent and 3.43 percent for ball bearings and cylindrical roller bearings, respectively.

**Amendment To Final Results**

Pursuant to section 516A(e) of the Tariff Act, we are amending the final results of administrative reviews of the antidumping duty orders on antifriction bearings (other than tapered roller bearings) and parts thereof from Japan and the period May 1, 1992, through April 30, 1993 with respect to Koyo. The revised weighted-average margins are as follows:

<sup>1</sup> No shipments or sales subject to this review.

The Department will determine and the U.S. Customs Service will assess appropriate antidumping duties on entries of the subject merchandise made by firms covered by these reviews. Individual differences between United States price and foreign market value may vary from the percentages listed above. The Department will issue appraisal instructions with regard to Koyo to the U.S. Customs Service

after publication of these amended final results of reviews.
