

research in support of program operations, management, performance monitoring, evaluation, risk management, and policy development, or to otherwise support the Department's mission. Records under this routine use may not be used in whole or in part to make decisions that affect the rights, benefits, or privileges of specific individuals. The results of the matched information may not be disclosed in identifiable form.

(2) To contractors, grantees, experts, consultants and their agents, or others performing or working under a contract, service, grant, cooperative agreement, or other agreement with HUD, or its contractor Abt Associates, when necessary to accomplish an agency function related to a system of records. Disclosure requirements are limited to only those data elements considered relevant to accomplishing an agency function.

(3) (a) To appropriate agencies, entities, and persons when: (1) HUD suspects or has confirmed there has breached the system of records; (2) HUD has determined that as a result of the suspected or confirmed breach there is a risk of harm to individuals, HUD (including its information systems, programs, and operations), the Federal Government, or national security; and (3) The disclosure made to such agencies, entities, and persons is reasonably necessary to assist with HUD's efforts to respond to the suspected or confirmed breach or to prevent, minimize, or remedy such harm.

(4) To another Federal agency or Federal entity, when HUD determines that information from this system of records is reasonably necessary to assist the recipient agency or entity in (1) responding to suspected or confirmed breach, or (2) preventing, minimizing, or remedying the risk of harm to individuals, the recipient agency or entity (including its information systems, programs, and operations), the Federal Government, or national security, resulting from a suspected or confirmed breach.

(5) To contractors, grantees, experts, consultants, Federal agencies, and non-Federal entities, including, but not limited to, State and local governments and other research institutions or employees or contractors, and other entities and their agents for the conduct of HUD-approved ancillary studies relevant to the Family Options Study. Records under this routine use may not be used in whole or in part to make decisions that affect the rights, benefits, or privileges of specific individuals. Research reports resulting from any

such ancillary studies would be required to report all results in the aggregate and to ensure that no individual was identifiable.

POLICIES AND PRACTICES FOR STORAGE OF RECORDS:

Electronic and paper.

POLICIES AND PRACTICES FOR RETRIEVAL OF RECORDS:

User records are retrieved internally by a Name, Social Security Number, Date of Birth and unique study ID.

POLICIES AND PRACTICES FOR RETENTION AND DISPOSAL OF RECORDS:

Temporary. Destroy upon verification of successful creation of the final document or file, or when no longer needed for business use, whichever is later.

ADMINISTRATIVE, TECHNICAL, AND PHYSICAL SAFEGUARDS:

For Electronic Records: All personal data will be maintained on a secure virtual server that is protected by a firewall and complex passwords in a directory that can only be accessed by the system administrators and the analysts actively working on the data; access rights to the data are granted to limited researchers on a need-to-know basis, and the level of access provided to each researcher is based on the minimal level required that individual to fulfill his research role; all systems used to process or store data have Federal security controls applied to them; the data will be backed up on a regular basis to safeguard against system failures or disasters; and, unencrypted data will not be stored on a laptop or on removable media such as CDs, diskettes, or USB flash drives.

For Paper Records: Any paper records with personal identifiers will be securely stored until they are shipped to the evaluation contractor via commercial mail services; all hard copy forms with personal identifying data (informed consent forms) will be stored securely in a locked cabinet that can only be accessed by authorized individuals working on the data. The locked cabinet will be stored in a locked office in a limited-access building. Additionally, permissions will be defined for each authorized user based on the user's role on the project. Study data will be aggregated or de-identified at the highest level possible for each required, authorized use.

RECORD ACCESS PROCEDURES:

Individuals seeking notification of and access to their records in this system of records may submit a request in writing to the Department of Housing

and Urban Development, Attn: FOIA Program Office, 451 7th Street SW, Suite 10139, Washington, DC 20410-0001 or by emailing foia@hud.gov. Individuals must furnish the following information for their records to be located:

1. Full name.
2. Signature.
3. The reason why the individual believes this system contains information about him/her.
4. The address to which the information should be sent.

CONTESTING RECORD PROCEDURES:

The HUD rule for accessing, contesting, and appealing agency determinations by the individual concerned are published in 24 CFR part 16 or may be obtained from the system manager.

NOTIFICATION PROCEDURES:

Any person wanting to know whether this system of records contains information about him or her should contact the System Manager. Such person should provide his or her full name, position title and office location at the time the accommodation was requested, and a mailing address to which a response is to be sent.

EXEMPTIONS PROMULGATED FOR THE SYSTEM:

None.

HISTORY:

This is a revision to the previously published notice published in the **Federal Register** on February 26, 2014, at 79 FR 10823.

LaDonne White,
Chief Privacy Officer, Office of
Administration.

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

[FWS-R7-NWRS-2022-N078; FF07R0200-FXRS12610700000-234]

Environmental Assessment for a Right-of-Way Application on the Arctic National Wildlife Refuge; Extension of Time for Completion

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice.

SUMMARY: In compliance with the National Environmental Policy Act and the Alaska National Interest Lands Conservation Act, we, the U.S. Fish and Wildlife Service, are preparing an environmental assessment for a

wintertime access to inholdings right-of-way (ROW) application that we have received from Kaktovik Inupiat Corporation. The application is for an ROW across the Arctic National Wildlife Refuge. Due to the complexity of the project, we are announcing our need to extend the timeframe for completing the EA.

FOR FURTHER INFORMATION CONTACT:

Brian Glaspell, Chief, National Wildlife Refuge System in Alaska, Alaska Regional Office, by email at FW7_ArcticNWR_KIC_ROW_NEPA@fws.gov; by U.S. mail at 1011 East Tudor Road, Anchorage, AK 99503; or by telephone at 907-786-3584. Information about the applicant's proposal is also available at <https://www.fws.gov/refuge/arctic>. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: In compliance with the National Environmental Policy Act of 1969, as amended (NEPA 42 U.S.C. 4321 *et seq.*), and the Alaska National Interest Lands Conservation Act (ANILCA; 16 U.S.C. 3111-3126), we, the U.S. Fish and Wildlife Service (Service), are preparing an environmental assessment (EA) for a wintertime access to inholdings right-of-way (ROW) application submitted by Kaktovik Inupiat Corporation (KIC). Submitted under section 1110(b) of ANILCA, the application is for a 20-year ROW across the lands and waters of the Arctic National Wildlife Refuge (Refuge) between KIC lands located within the Refuge and the land-based winter transportation network west of the Refuge's western boundary. Due to the complexity of the project, we announce via this notice that we need to extend the timeframe for completing the EA.

Applicant's Proposed Activities

The applicant has identified the following initial items for transport over the ROW during the term of the desired ROW permit, including but not limited to the following:

- Permanent school modules for Kaktovik and other building modules;
- Bi-directional movement of community vehicles;
- Diesel fuel, using double-walled fuel tanks, for the community powerplant; and
- Other consumables, as identified by the community.

The number of round trips would vary year to year, depending on community needs. All products would be transported across the proposed winter overland trail on Rolligon vehicles, which exert low ground pressure. For detailed information regarding KIC's application, please go to <https://www.fws.gov/refuge/arctic>.

Purpose and Need for the Proposed Action

The purpose of the proposed action is to assure adequate and feasible access (to the extent it does not already exist) for economic and other purposes to KIC's inholdings within the Refuge while protecting the natural and other values of the Refuge. The need for the proposed action is established by KIC's application for an ROW pursuant to title XI, section 1110(b) of ANICLA and the Department's implementing regulations at 43 CFR part 36.

Potential Affected Resources

Based on the proposed route and methods identified by KIC in their ROW application (<https://www.fws.gov/refuge/arctic>), the Service has identified the following potentially affected resources:

- Polar bears and their critical habitat;
- Cultural and paleontological resources;
- Tundra, soils, permafrost, stream banks, and coastal banks;
- Proposed wilderness and wilderness character;
- Central Arctic and Porcupine caribou herds;
- Water;
- Public safety;
- Viewshed;
- Soundscape;
- Shorebirds and other avian species;
- The Hula Hula River (proposed by the Service as a wild and scenic river under the National Wild and Scenic Rivers System Act (Pub. L. 90-542; 16 U.S.C. 1271 *et seq.*));
- Other marine mammal species in the vicinity of the project area;
- Other threatened and endangered species;
- Socioeconomics of the Kaktovik community; and
- Subsistence uses.

Next Steps

The Service received the complete application from KIC on December 21, 2021. Although departmental regulations in 43 CFR part 36 state that an EA or a draft environmental impact statement shall be completed within 9 months after the application filing date, those regulations allow for a longer time

period if the lead agency determines, for good cause, that the 9-month period is insufficient. Due to the complexity of the project, the Service needs to extend the completion date for the EA. The Service will complete the draft EA by September 2023. Upon completion, the Service will make the draft EA available on the Refuge's website (<https://www.fws.gov/refuge/arctic>) for a 45-day public comment period. Within 90 days after the draft EA comment period closing date, the Service will either prepare a final EA (and, if appropriate, a finding of no significant impact), or will commence development of an environmental impact statement.

Sara Boario,

Regional Director, Alaska Region.

Indian Gaming; Approval of Tribal-State Class III Gaming Compacts in the State of Oregon

AGENCY: Bureau of Indian Affairs, Interior.

ACTION: Notice.

SUMMARY: This notice publishes the approval of the Amended and Restated Tribal-State Compact for Regulation of Class III Gaming between the Confederated Tribes of the Grand Ronde Community of Oregon and the State of Oregon (Compact) governing class III gaming for the Confederated Tribes of the Grand Ronde Community of Oregon (Tribe) in the State of Oregon (State).

DATES: The Amendments take effect on February 8, 2023.

FOR FURTHER INFORMATION CONTACT: Ms. Paula L. Hart, Director, Office of Indian Gaming, Office of the Deputy Assistant Secretary—Policy and Economic Development, Washington, DC 20240, paula.hart@bia.gov, (202) 219-4066.

SUPPLEMENTARY INFORMATION: Under section 11 of the Indian Gaming Regulatory Act (IGRA), Public Law 100-497, 25 U.S.C. 2701 *et seq.*, the Secretary of the Interior shall publish in the **Federal Register** notice of approved Tribal-State compacts for the purpose of engaging in Class III gaming activities on Indian lands. As required by 25 CFR 293.4, all compacts and amendments are subject to review and approval by the Secretary. The amended and restated Compact replaces the previous compact
