

voucher to ensure compliance with section 5 of the International Air Transportation Fair Competitive Practices Act of 1974 (49 U.S.C. 40118), which requires the Government and its contractors and subcontractors to use U.S.-flag air carriers for U.S. Government-financed international air transportation of personnel (and their personal effects) or property, to the extent that service by those carriers is available.

- *FAR 52.247–64, Preference for Privately Owned U.S.-Flag Commercial Vessels.* This clause requires a contractor to provide the contracting officer and the Maritime Administration's one legible copy of rated on-board ocean bill of lading for each shipment made by the contractor or its subcontractors. The Government uses this information to ensure compliance with the Cargo Preference Act of 1954.

- *FAR 52.247–67, Submission of Transportation Documents for Audit.* This clause requires the contractor to submit for prepayment audit transportation documents on which the United States will assume freight charges that were paid by the contractor under a cost-reimbursement contract or by the contractor's first-tier subcontractor (for a cost-reimbursement subcontract). For freight shipment bills under \$100 are to be retained on-site by the contractor and made available for on-site audits. The Government uses this information to conduct a prepayment audit of transportation charges on a cost-reimbursement contract when reimbursement of transportation as a direct charge to the contract or subcontract is authorized. The prepayment audit is required to comply with agency prepayment audit programs established pursuant to 31 U.S.C. 3726.

- *FAR 52.247–68, Report of Shipment (REPSHIP).* This clause requires contractors to send an advance notice of shipment to the consignee transportation officer to be received at least 24 hours before the arrival of the shipment, unless otherwise directed by a contracting officer. The Government uses this information to alert the receiving activity of certain shipments. The advance notice facilitates arrangements for transportation control, labor, space, and use of materials handling equipment at destination. The timely receipt of notices by the consignee transportation office precludes the Government from incurring demurrage and vehicle detention charges.

- *FAR 47.303 Clauses for Standard Delivery Terms.* The following FAR

clauses require the contractor to (as appropriate to the delivery terms specified in the contract): Prepare or provide special annotation on a Government or commercial bill of lading; provide an ocean bill of lading or airway bill; annotate commercial shipping documents; distribute copies of the bill of lading; provide applicable transportation receipts; assist in obtaining documents for exportation or importation destinations; and/or obtain insurance documents. The contracting officer and the Government transportation office use this information in awarding and administering contracts to ensure: (1) Acquisitions are made on the basis most advantageous to the Government; and (2) supplies arrive in good order and condition and on time at the required place.

#### C. Annual Burden

*Respondents:* 17,565.

*Recordkeepers:* 940.

*Total Annual Responses:* 256,208.

*Total Burden Hours:* 23,097 (22,079 reporting hours + 1,018 recordkeeping hours).

#### D. Public Comment

A 60-day notice was published in the **Federal Register** at 86 FR 33293, on June 24, 2021. No comments were received.

## DEPARTMENT OF HEALTH AND HUMAN SERVICES

### Centers for Disease Control and Prevention

#### Notice of Award of Single-Source Cooperative Agreements To Fund the Council of Medical Specialty Societies (CMSS) and the Society for Post-Acute and Long-Term Care Medicine (AMDA)

**AGENCY:** Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS).

**ACTION:** Notice.

**SUMMARY:** The Centers for Disease Control and Prevention (CDC), located within the Department of Health and Human Services (HHS) announces the award of approximately \$26,000,000 in COVID–19 funding to the Council of Medical Specialty Societies (CMSS) and the Society for Post-Acute and Long-Term Care Medicine (AMDA) to address the need to incorporate adult vaccination into the standard of care for subspecialty providers, including occupational health and long term care (LTC), and improve adult vaccination rates.

**DATES:** The period for this award will be September 30, 2021 through September 29, 2026.

#### FOR FURTHER INFORMATION CONTACT:

Amy Parker Fiebelkorn, MSN, MPH  
CAPT, U.S. Public Health Services,  
National Center for Immunization and Respiratory Diseases, Centers for Disease Control and Prevention, 1600 Clifton Road NE, MS–H24–8, Atlanta, GA 30329, Telephone: 800–232–6348, Email: [dez8@cdc.gov](mailto:dez8@cdc.gov).

**SUPPLEMENTARY INFORMATION:** The single-source awards will increase COVID–19, influenza, and routine adult vaccination coverage in adults with chronic medical conditions, in occupational health clinics, and in adults working and residing in long-term care (LTC) facilities. The Council of Medical Specialty Societies (CMSS) and the Society for Post-Acute and Long-Term Care Medicine (AMDA) will incorporate adult vaccination into the standard of care for subspecialty providers (including occupational health and LTC). CMSS will focus on activities leading to adoption of the Standards for Adult Immunization Practice in its 45 societies, and AMDA will focus on the same with its affiliate organization, the Foundation for Post-Acute and Long-Term Care Medicine. CMSS and AMDA will develop/update vaccine policy statements, develop/promote continuing education on adult immunization for their membership, and award funds to up to 7 subspecialty societies (for CMSS) and to the Foundation (for AMDA) to systematize routine delivery of adult immunizations. The funded subrecipients (*i.e.*, CMSS subspecialty societies and AMDA's Foundation) should also fund staff at the national level and in regional chapters to update vaccination policies and encourage use of adult vaccinations as quality measures. Funded CMSS subspecialty societies and AMDA's Foundation should also contract with 7–10

healthcare systems or 7–10 LTC chains each, respectively, to implement adult immunization quality improvement interventions.

### Summary of the Award

**Recipient:** Council of Medical Specialty Societies (CMSS) and the Society for Post-Acute and Long-Term Care Medicine (AMDA).

**Purpose of the Award:** The purpose of these awards is to increase COVID–19, influenza, and routine vaccines in adults with chronic medical conditions (e.g., COPD, asthma, diabetes, heart disease, cancer, and renal disease), increase workplace vaccination (occupational health settings), and increase vaccination among adults working and residing in LTCFs through implementation of immunization quality improvement interventions. CMSS will focus on activities leading to adoption of the Standards for Adult Immunization Practice in its 45 societies. AMDA will focus on the same with its affiliate organization, the Foundation for Post-Acute and Long-Term Care Medicine. CMSS and AMDA will develop/update vaccine policy statements, develop/promote continuing education on adult immunization for their membership, and award funds to up to 7 subspecialty societies (for CMSS) and to the Foundation (for AMDA) to systematize routine delivery of adult immunizations. CMSS-funded subspecialty societies and AMDA's Foundation should fund staff at the national level and in regional chapters to update vaccination policies and encourage use of adult vaccinations as quality measures. CMSS subspecialty societies and AMDA's Foundation should also contract with 7–10 healthcare systems or 7–10 LTC chains each, respectively, to implement adult immunization quality improvement interventions.

**Amount of Award:** \$26,000,000 in Federal Fiscal Year (FFY) 2021 funds, and an estimated total of \$66,000,000 over the five-year period of performance.

**Period of Performance:** September 30, 2021 through September 29, 2026.

Dated: August 30, 2021.

## DEPARTMENT OF HEALTH AND HUMAN SERVICES

### Centers for Disease Control and Prevention

#### Humanitarian Exemption Approved for All Afghan Evacuees Subject to CDC's Global Testing Order

**AGENCY:** Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS).

**ACTION:** Notice.

**SUMMARY:** The Centers for Disease Control and Prevention (CDC), located within the Department of Health and Human Services (HHS), announces a blanket humanitarian exemption to the agency's Requirement for Negative Pre-Departure COVID–19 Test Result for individuals relocating to the United States from Afghanistan, including U.S. citizens, lawful permanent residents (LPRs), third country nationals, and Afghans at risk, including Afghan Special Immigrant Visa (SIV) applicants.

**DATES:** This exemption went into effect on August 15, 2021.

**FOR FURTHER INFORMATION CONTACT:** Tiffany Brown, Deputy Chief of Staff, Centers for Disease Control and Prevention, 1600 Clifton Road NE, MS H21–10, Atlanta, GA 30329. Phone: 404–639–7000. Email: [cdcregulations@cdc.gov](mailto:cdcregulations@cdc.gov).

**SUPPLEMENTARY INFORMATION:** On January 12, 2021, CDC announced an Order requiring all air passengers arriving to the U.S. from a foreign country to get tested no more than 3 days before their flight departs and to present the negative result or documentation of having recovered from COVID–19 to the airline before boarding the flight.

In August 2021, the U.S. Department of State (DOS) issued a series of Security Alerts for Afghanistan due to increased Taliban activity throughout the country, including the capital of Kabul. In response to a request from DOS on August 15, 2021, CDC and the U.S. Department of Health and Human Services (HHS) granted a blanket humanitarian exemption to CDC's Order to expedite the evacuation of U.S. citizens, lawful permanent residents (LPRs), third country nationals, and Afghans at risk, including Afghan Special Immigrant Visa (SIV) applicants, while adhering to COVID–19 mitigation guidance issued by CDC.

The exemption, which is being administered by DOS and cooperating federal and state agencies, was granted with the following conditions: (1) The CDC Order requiring mask use for

passengers and crew on air conveyances bound for the United States should be followed to the extent possible; (2) all efforts should be made to test and provide test documentation to the traveler at a transit location prior to arrival in the United States that can be presented upon arrival, and if this cannot be done, individuals (travelers) arriving are required to undergo COVID–19 testing immediately upon arrival to the first port of entry in the United States; (3) individuals who test positive are required to isolate prior to continuing on commercial transportation to their final destination; and (4) family members of those testing positive may require adhering to self-quarantine recommendations as stipulated by CDC or state and local health authorities at the arrival location.

In addition, all Afghan evacuees covered by the exemption must also agree to comply with relevant CDC post-travel public health guidance including:

- Watch their health for symptoms of COVID–19. If they become ill during the flight to the United States or while in a U.S. airport, they should immediately report their illness.

- Take all the necessary steps to protect themselves and others during travel, such as wearing a mask to keep their nose and mouth covered when in public settings, including on public transportation and in airports and other transportation hubs until they arrive at their final destination.

- Avoid being around people who are at increased risk for severe illness for 14 days.

- Follow all federal, state, territorial, and local requirements and all other public health measures for preventing community transmission of COVID–19.

**Authority:** The CDC Director is issuing this Notice pursuant to Sections 361 of the Public Health Service Act, 42 U.S.C. 264, and implementing regulations at 42 CFR 71.20 and 71.31(b).

Dated: August 31, 2021.
