Type of Request: Revision.
Number of Respondents: 50,000.
Responses per Respondent: 1.
Annual Responses: 50,000.
Average Burden per Response: 5 minutes.

Annual Burden Hours: 4,166.7 hours
Needs and Uses: Defense Manpower Data Center (DMDC) has implemented the Office of Personnel Management (OPM) Verification portal to provide a self-service, easy to use, navigable public facing website that allows individuals potentially impacted by the

OPM data breach to securely provide personal identifiable information in order to investigate their eligibility for credit monitoring as a result of being affected by the OPM background investigation data breach without calling a Government call center. The information collected will be used only to verify whether an individual was impacted by the OPM cybersecurity incident involving background investigation records and to send a letter confirming status as "impacted" or "not impacted" by this incident. Once the minimally required information has been entered into the OPM Verification portal, it will be compared to an electronic master file and verification will be accomplished electronically. After the Government has validated the individual's status, the DMDC will generate and mail a response letter. This letter will either confirm eligibility and contain a pin for impacted individuals, or confirm that the individual was not impacted by this cybersecurity incident.

Respondent's Obligation: Voluntary.

OMB Desk Officer: Ms. Jasmeet Seehra.

SUPPLEMENTARY INFORMATION:

1. Background

As authorized by 10 U.S.C. 4121, the Secretary of Defense (SECDEF), through the USD(R&E), may conduct personnel demonstration projects at DoD laboratories designated as STRLs. An STRL implementing these flexibilities must have an approved personnel demonstration project plan published in a FRN and must fulfill any collective bargaining obligations. Procedures described herein supersede and cancel the RIF procedures described in previously published STRL FRNs (Appendix B) and establish performance, also referred to as "contribution," as the primary basis for determining which employees will be separated from employment when implementing a RIF. STRL internal operating procedures (IOPs) will describe the use of discretionary flexibilities when conducting a RIF.

The 21 current STRLS are:

- Air Force Research Laboratory
- Joint Warfare Analysis Center
- Army Futures Command
- Army Research Institute for the Behavioral and Social Sciences
