

and even if they were imported, do not meet criteria (3) for eligibility. The product imported must be a product that is produced at the subject firm to be considered for import impact.

The flooding of world markets with cheap wax is not a factor in the layoff at the subject plant. Waxes accounted for only a small percentage of output at the plant. Wax sales and production at the subject plant increased up to the sale of the wax operation, therefore imports were not an important contributing factor to the layoffs at the subject plant.

Conclusion

After reconsideration, I affirm the original notice of negative determination of eligibility to apply for worker adjustment assistance for workers and former workers of Pennzoil-Quaker State Company, Rouseville, Oil City, and Reno, Pennsylvania, Roosevelt, Utah, Deerfield, Ohio, and Rock Hill, South Carolina.

Signed at Washington, D.C., this 25th day of January 2001.
