International Mail: Republic of the Marshall Islands and Federated States of Micronesia**AGENCY:** Postal Service.**ACTION:** Final rule.

SUMMARY: Under an agreement negotiated by the United States government with the Republic of the Marshall Islands and the Federated States of Micronesia, mail destined to those two countries will now use the international rate schedules. This final rule amends the *International Mail Manual* (IMM) to include the Republic of the Marshall Islands and the Federated States of Micronesia in all international products and services, and add them to the individual country listings.

EFFECTIVE DATE: 12:01 a.m., Sunday, January 8, 2006.

FOR FURTHER INFORMATION CONTACT:

Obataiye B. Akinwale at 202-268-7262, or Thomas P. Philson at 202-268-7355.

SUPPLEMENTARY INFORMATION: On September 15, 2005, the Postal Service™ published in the **Federal Register** (70 FR 54510) a notice of proposed rulemaking to adopt international rate schedules for the Republic of the Marshall Islands and the Federated States of Micronesia. This change from charging domestic rates for mail to these countries is based on an agreement negotiated between the United States and the two former United States Trust Territories.

We requested comments on our proposal by October 17, 2005, and received two responses: one from a private individual, and one from the Republic of the Marshall Islands.

The private individual asked why the transitioned rate for airmail letter-post is less than the nontransitioned rate for aerogrammes. He envisions situations where customers might purchase aerogrammes at the full rate and alter them into airmail letter-post to secure the lower price. His solution is to print another aerogramme at the letter-post rate. He also asked if there are similar plans to change to international rates for the Republic of Palau and if *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM) and the *International Mail Manual* (IMM) will be amended to cover the transfer of the Republic of the Marshall Islands and the Federated States of Micronesia to the international rate schedules. Finally, he expressed concern that certain special services are not initially available for the two countries.

First, no agreement has been negotiated with the Republic of Palau, and discussion of an agreement is outside the scope of this rule. We will revise the DMM to remove references to the Republic of the Marshall Islands and the Federated States of Micronesia and amend the IMM to add country pages for these two listings.

As for the possibility that mailers may alter aerogrammes to receive the lower rate, we agree that this possibility exists. However, due to the relatively low volume of aerogrammes worldwide and the relatively low potential cost savings on each altered aerogramme, we do not believe this situation will be common or will result in any serious revenue loss. In fact, the letter-post rate to Canada and Mexico is currently below the aerogramme rate, and this rate relationship has not caused the problem

noted by the private individual. In addition, printing and stocking two aerogrammes with different postage rates would be costly. We note that enclosures are not permitted in aerogrammes. We have been advised by the private individual that mailers may try to send aerogrammes with enclosures, and we will monitor the situation and take action if necessary.

Under the conditions of the agreement between the United States and the governments of the Republic of the Marshall Islands and the Federated States of Micronesia, certain special services will be discontinued, including money orders, Registered Mail™ service, collect on delivery (COD), and recorded delivery. These special services may be offered in the future but would require a negotiated agreement. We note that there are other countries where international special services are not available because there are no agreements with those postal administrations to allow for those services.

The comments from the Republic of the Marshall Islands centered on the timing of the implementation of the agreement and concerns about possible burdens and adverse effects that may be caused by the implementation. The comments mainly reflect previous arguments against adopting international rates. During the negotiation of the agreement, we reached a compromise that mail going to the Republic of the Marshall Islands would not be subject to international rates and conditions until 2006 and the change would be phased in over a period of at least five years. The rates that we adopt comply with that agreement.

For all international services with domestic equivalents, rates will be phased in using the difference between the domestic rates and the international rates. These services include Express Mail®, Air Letters, Postcards, Publishers' Periodicals, Air Parcel Post, Economy Parcel Post, and Books and Sheet Music.

For international services without domestic equivalents, we derived phased rates by selecting a lower rate country group. After the phasing period, the Republic of the Marshall Islands and the Federated States of Micronesia will be included in country group 5 for Economy Letter Post, Airmail M-Bags, and Economy M-Bags and country

group 7 for International Priority Airmail (IPA). To phase in these rates over at least 5 years, the Republic of the Marshall Islands and the Federated States of Micronesia have been assigned to country group 3 for those services during the first phase. Aerogramme service does not have a domestic equivalent; however, there is only one worldwide rate available.

Initially the following three international services will not be offered for mail destined to the Republic of the Marshall Islands and the Federated States of Micronesia: Global Express Guaranteed® (GXG™), Global Priority Mail® (GPM), and International Surface Air Lift (ISAL). These services require special transportation arrangements and may be offered in the future.

After reviewing and considering the comments, we adopt the following changes to the *International Mail Manual* (IMM), incorporated by reference in the Code of Federal Regulations. See 39 CFR 20.1.

POSTAL SERVICE

39 CFR Part 111

**Domestic Mail: Republic of the
Marshall Islands and Federated States
of Micronesia**

AGENCY: Postal Service.

ACTION: Final rule.

SUMMARY: The Postal Service is amending *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM) to remove references to the Republic of the Marshall Islands and the Federated States of Micronesia. Mail to the Republic of the Marshall Islands and the Federated States of Micronesia is no longer treated as domestic mail.

EFFECTIVE DATE: 12:01 a.m., Sunday, January 8, 2006.

FOR FURTHER INFORMATION CONTACT: Obataiye B. Akinwale at 202-268-7262.

SUPPLEMENTARY INFORMATION: The Postal Service published a final notice of rulemaking entitled "International Mail: Republic of the Marshall Islands and Federated States of Micronesia" elsewhere in this issue of the **Federal Register**. This final notice of rulemaking adopts international rate schedules for the Republic of the Marshall Islands and the Federated States of Micronesia. The United States government negotiated this agreement with the two former United States Trust Territories.
