

Commission establish a “compensation plan” ensuring that all rates and charges for IPCS “are just and reasonable,” not earlier than 18 months and not later than 24 months after its January 5, 2023 enactment. The Act also requires the Commission to consider, as part of its implementation, the costs of “necessary” safety and security measures, as well as “differences in costs” based on facility size, or “other characteristics.” It also allows the Commission to “use industry-wide average costs of telephone service and advanced communications services and the average costs of service of a communications service provider” in determining just and reasonable rates.

On March 17, 2023, pursuant to the directive that the Commission implement the new Act and establish just and reasonable rates for incarcerated people’s communications services (IPCS), the Commission released *Incarcerated People’s Communications Services; Implementation of the Martha Wright-Reed Act; Rates for Interstate Inmate Calling Services*, WC Docket Nos. 23–62, 12–375, Notice of Proposed Rulemaking and Order, FCC 23–19, 88 FR 20804 (2023 IPCS Notice) and 88 FR 19001 (Order) (2023 IPCS Order). The Commission sought comment on how to interpret the Act’s language to ensure that the Commission implements the statute in a manner that fulfills Congress’s intent. Because the Commission is now required or allowed to consider certain types of costs, the Act contemplates that it would undertake an additional data collection. To ensure that it has the data necessary to meet its substantive and procedural responsibilities under the Act, the Commission adopted the 2023 IPCS Order delegating authority to WCB and the Office of Economics and Analytics (OEA) to modify the template and instructions for the most recent data collection to the extent appropriate to timely collect such information to cover the additional services and providers now subject to the Commission’s authority. On April 28, 2023, WCB and OEA issued a Public Notice seeking comment on all aspects of the proposed data collection. *WCB and OEA Seek Comment on Proposed 2023 Mandatory Data Collection for Incarcerated People’s Communication Services*, WC Docket Nos. 23–62, 12–375, Public Notice, DA 23–355 (WCB/OEA Apr. 28, 2023). On July 26, 2023, WCB and OEA released an Order adopting instructions, a reporting template, and a certification form to implement the 2023 Mandatory Data Collection. *Incarcerated People’s*

Communications Services; Implementation of the Martha Wright-Reed Act, Rates for Interstate Inmate Calling Services, WC Docket Nos. 23–62, 12–375, Order, DA 23–638 (July 26, 2023). In the 2023 IPCS Order, the Commission also reaffirmed and updated its prior delegation of authority to WCB and the Consumer and Governmental Affairs Bureau (CGB) (collectively, the Bureaus) to revise the instructions and reporting templates for the Annual Reports. Specifically, the Commission delegated to the Bureaus the authority to modify, supplement, and update the instructions and templates for the Annual Reports.

On August 3, 2023, the Bureaus issued a Public Notice seeking comment on proposed revisions to the instructions, template, and certification form for the Annual Reports, <https://www.fcc.gov/proposed-2023-ipcs-annual-reports>, which are necessary to reflect the revised rules improving access to communications services for incarcerated people with communication disabilities adopted in the 2022 ICS Order and to help implement the Martha Wright-Reed Act to ensure just and reasonable rates for consumers and fair compensation for providers. *Wireline Competition Bureau and Consumer and Governmental Affairs Bureau Seek Comment on Revisions to IPCS Providers’ Annual Reporting and Certification Requirements*, Public Notice, WC Docket Nos. 23–62, 12–375, DA 23–656 (Aug. 3, 2023). <https://www.fcc.gov/document/2023-incarcerated-peoples-communications-services-annual-reports-pn>. Notice of this document was published in the **Federal Register** on August 10, 2023 (88 FR 54318 Aug. 10, 2023).

The Bureaus have not yet issued an Order adopting revisions to the instructions, template, and certification form for the Annual Reports. It is necessary, however, for the Commission to effectuate the improved access to communications services for incarcerated people with communication disabilities required by section 64.6040(c). Consequently, we are dividing the information requirements and burdens of this collection between two submissions to the Office of Management and Budget (OMB). In the instant submission, we seek OMB approval for the new information requirements in section 64.6040(c), which improve access to communications services for incarcerated people with communications disabilities by expanding the rules for advanced TRS. Upon release of an Order adopting

revisions to the instructions, template, and certification form for the Annual Reports, we will make a second submission to OMB, seeking approval of any revised information requirements adopted in that Order, as well as the new requirements in section 64.6060(a)(5)–(7), which expands the rule requiring the filing of Annual Reports to include additional data related to access to communications services for incarcerated people with communications disabilities.

Needs and Uses: In 1997, the Commission imposed political broadcasting requirements on Satellite Digital Audio Broadcasting Service (“SDARS”) licensees. See Establishment of Rules and Policies for the Digital Audio Radio Satellite Service in the 2310–2360 MHz Frequency Band, 12 FCC Rcd 5754, 5792, para. 92 (1997) (“1997 SDARS Order”), FCC 97–70. The Commission stated that SDARS licensees should comply with the same substantive political debate provisions as broadcasters: The Federal candidate access provision (47 U.S.C. 312(a)(7)) and the equal opportunities provision (47 U.S.C. 315). The 1997 SDARS Order imposes the following requirements on SDARS licensees:

Lowest Unit Charge: Similar to broadcasters, SDARS licensees must disclose any practices offered to commercial advertisers that enhance the value of advertising spots and different classes of time. SDARS licensees must

also calculate the lowest unit charge and are required to review their advertising records throughout the election period to determine whether compliance with this rule section requires that candidates receive rebates or credits. See 47 CFR 73.1942.

Political File: Similar to broadcasters, SDARS licensees must also keep and permit public inspection of a complete record (political file) of all requests for SDARS origination time made by or on behalf of candidates for public office, together with an appropriate notation showing the disposition made by the system of such requests, and the charges made, if any, if the request is granted. The disposition includes the schedule of time purchased, when the spots actually aired, the rates charged, and the classes of time purchased. Also, when free time is provided for use by or on behalf of candidates, a record of the free time provided is to be placed in the political file as soon as possible and maintained for a period of two years. See 47 CFR 73.1943.

In 2016, the Commission expanded the requirement that public inspection files be posted to the FCC-hosted online public file database to SDARS licensees, among other entities. These public files include the political files.
