#### Overview of This Information Collection

(1) *Type of Information Collection:* Extension of Information Collection.

(2) *Title of the Form/Collection:* Partner Information Form.

(3) *Agency form number:* AID500-13.

(4) *Affected public who will be asked or required to respond, as well as a brief abstract:* The U.S. Agency for International Development intends to continue collection of information from individuals and/or officers of for-profit and not-for-profit non-governmental organizations (NGOs) who apply for USAID contracts, grants, cooperative agreements, other funding from USAID, or who apply for registration with USAID as Private and Voluntary Organizations. The collection of this information will be used to conduct screening to help mitigate the risk that USAID funds or USAID-funded activities inadvertently provide support to entities or individuals associated with terrorism. Screening programs are being conducted in West Bank/Gaza, Afghanistan, and pilot countries under the Partner Vetting System Pilot Program (Guatemala, Kenya, Lebanon, Philippines, and Ukraine).

(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* USAID estimates that for pilot and non-pilot vetting programs, 3,800 PIFs will be completed in a calendar year and the additional requirements for partner vetting will add 1.25 hours (75 minutes) to an USAID acquisition or assistance award application.

(6) *An estimate of the total public burden (in hours) associated with the collection:* The total estimated annual hour burden associated with this collection is 4,750 hours (3,800 forms multiplied by 75 minutes per form, divided by 60 minutes).

(7) *An estimate of the total public burden (in cost) associated with the collection:* With the implementation of the partner requested secure portal, USAID has made the completion and modification of the PIF much easier for the implementing partner community. No start-up, capital, or maintenance costs to applicants are anticipated as a result of this collection.

Dated: July 6, 2015.
