

Subsequently, under the Second Transaction, MPL's ownership changed again whereby Mexico Pacific Holdings, L.P., a Delaware limited partnership, entered into a second amended and restated limited liability company agreement acquiring 100 percent controlling membership interest and voting control of MPL. According to MPL, Quantum and the former membership interest owners no longer own any equity in MPL but retain material non-equity economic interests in the MPL project. Under the agreement, MPL remains the export Authorization Holder.

Charts illustrating the ownership structure of MPL before and after the Transactions are attached to the Notice as Exhibit A and Supplement as Attachment. Additional details can be found in the Notice and Supplement posted on the DOE website at: <https://www.energy.gov/sites/default/files/2025-03/2025.03.05%20MXP%20Change%20in%20Control%20Filing.pdf>; and [https://www.energy.gov/sites/default/files/2025-03/2025.03.21%20Supplement%20to%20MXP%20Change%20in%20Control%20Filing\\_Kronos%20CIC.pdf](https://www.energy.gov/sites/default/files/2025-03/2025.03.21%20Supplement%20to%20MXP%20Change%20in%20Control%20Filing_Kronos%20CIC.pdf).

#### DOE Evaluation

DOE will review the Notice and Supplement in accordance with its Procedures for Changes in Control Affecting Applications and Authorizations to Import or Export Natural Gas (CIC Procedures).<sup>1</sup> Consistent with the CIC Procedures, this notice addresses MPL's existing authorization to export liquefied natural gas (LNG) to countries with which the United States has not entered into a free trade agreement (FTA) requiring national treatment for trade in natural gas and with which trade is not prohibited by United States law or policy (non-FTA countries), granted in DOE/FE Order No. 4312, as amended.<sup>2</sup> If no interested person protests the change in control and DOE takes no action on its own motion, the proposed change in control will be deemed granted 30 days after publication in the **Federal Register**. If one or more protests are submitted, DOE will review any motions to intervene, protests, and answers, and will issue a determination as to whether the proposed change in

control has been demonstrated to render the underlying authorizations inconsistent with the public interest.

#### Public Comment Procedures

Interested persons will be provided 15 days from the date of publication of this notice in the **Federal Register** to move to intervene, protest, and answer MPL's Notice and Supplement.<sup>3</sup> Protests, motions to intervene, notices of intervention, and written comments are invited in response to this notice only as to the change in control described in the Notice and Supplement. All protests, comments, motions to intervene, or notices of intervention must meet the requirements specified by DOE's regulations in 10 CFR part 590, including the service requirements.

Filings may be submitted using one of the following methods:

- (1) Submitting the filing electronically at [fergas@hq.doe.gov](mailto:fergas@hq.doe.gov);
- (2) Mailing the filing to the Office of Regulation, Analysis, and Engagement at the address listed in the **ADDRESSES** section; or
- (3) Hand delivering the filing to the Office of Regulation, Analysis, and Engagement at the address listed in the **ADDRESSES** section.

For administrative efficiency, DOE prefers filings to be filed electronically. All filings must include a reference to "Docket Nos. 18-70-LNG, et al." or "Mexico Pacific Limited LLC Change in Control" in the title line.

*For electronic submissions:* Please include all related documents and attachments (e.g., exhibits) in the original email correspondence. Please do not include any active hyperlinks or password protection in any of the documents or attachments related to the filing. All electronic filings submitted to DOE must follow these guidelines to ensure that all documents are filed in a timely manner.

The Notice, Supplement, and any filed protests, motions to intervene, notices of intervention, and comments will be available electronically on the DOE website at [www.energy.gov/fecm/regulation](http://www.energy.gov/fecm/regulation).

### Federal Energy Regulatory Commission

[Project No. 15055-001]

#### Northern States Power Company; Notice of Intent To Prepare an Environmental Assessment

On August 18, 2023, Northern States Power Company filed an original license application for the Gile Flowage Storage Reservoir Project No. 15055. The project is located on the West Fork of the Montreal River in Iron County, Wisconsin.

In accordance with the Commission's regulations, on October 10, 2024, Commission staff issued a notice that the project was ready for environmental analysis (REA notice). Based on the information in the record, including comments filed on the REA notice, staff does not anticipate that licensing the project would constitute a major federal action significantly affecting the quality of the human environment. Therefore, staff intends to prepare an environmental assessment (EA) on the application to license the project.<sup>1</sup>
