Guardian Pipeline, L.L.C.; Notice of Tariff Filing

June 18, 2004.

Take notice that on June 15, 2004, Guardian Pipeline, L.L.C. (Guardian) tendered for filing as part of its FERC Gas Tariff, Original Volume No. 1, Original Sheet No. 142A; and Original Sheet No. 142B, proposed to be effective July 15, 2004.

Guardian states that the proposed changes would provide a mechanism for the allocation of capacity that becomes available as a result of changed operational conditions on the Guardian Pipeline, including changes resulting from modified pressure obligations at various delivery points on the Guardian Pipeline. Guardian states that such changes can result in an increase in the operating capacity of the Guardian Pipeline. Guardian's further notes that its tariff does not currently have a mechanism to address, on a nondiscriminatory basis, additional capacity that becomes available due to a Shipper's agreement to modify the delivery pressure to which it is otherwise entitled.
