AGENCY: U.S. Army Corps of Engineers, DOD.

ACTION: Notice of intent.

SUMMARY: The San Francisco District and the Counties of Santa Cruz and Monterey, California intend to prepare a combined EIS/EIR to support a cost shared study for flood damage reduction of lands surrounding the Pajaro River in the Lower Pajaro River Watershed. The project boundaries include the lower Pajaro River and its tributaries. The Pajaro River (or Main Stem) is the county border. The Pajaro River section begins at Murphy's Crossing and extends to the mouth of the Pajaro River, which empties into Monterey Bay. The tributary section located in Santa Cruz County is comprised of the lower Corralitos Creek running from Green Valley Road to Lake Avenue. Corralitos Creek empties into

Salsipuedes Creek near College Lake. The project footprint continues from the confluence of Corralitos and Salsipuedes Creeks, down Salsipuedes Creek until it empties into the Pajaro River. The project area is mainly agricultural, but includes the incorporated City of Watsonville on the Santa Cruz County, California side of the river and the unincorporated Town of Pajaro on the Monterey County, California side. Proposed plans will include: No-action, non-structural, and structural alternatives to be determined during the planning process. The EIS/EIR will analyze potential impacts on the environment on these alternatives, including the recommended plan.

Abstract: The NAEP Technology Based Assessment Project (TBA) is meant to explore the feasibility and best methods for assessing mathematics and writing on line. It is also intended to explore students' abilities to solve problems in technology-rich environments. It is anticipated that in the future such technology-based assessments will reduce assessment burden by allowing, among other things, for online administration and scoring of assessment instruments. The pilot study uses background questions and items from suitable subject questionnaires, including questions about computer use that are currently cleared for other NAEP studies.
