

Van Lines are requesting exemptions from certain controlled substance and alcohol testing requirements specifically, 49 CFR 382.105, 49 CFR 382.305(I)(1), and 49 CFR 40.13(a), (b), (c) and (d).

Mayflower and United Van Lines propose two conditions for their exemption that they believe would allow the FMCSA to monitor whether they have met the required annual random testing percentage. First, they intend to mark each driver controlled substance and alcohol testing record with either "CDL driver" or "non-CDL driver" so that an enforcement officer can readily determine which records are for drivers subject to 49 CFR part 383 Commercial Driver's License Standards; Requirements and Penalties. Secondly, they will establish a random testing program that will test all drivers (both CDL drivers and non-CDL drivers) for controlled substances and alcohol at an annual rate of at least 15 percent for alcohol and at least 55 percent for controlled substances. The applicants believe by implementing these two conditions they will meet the minimum annual random testing percentage while still having a single pool of drivers for random selection.

Request for Comments

In accordance with 49 U.S.C. 31315(b)(4) and 31136(e), FMCSA is requesting public comment from all interested persons on these exemption applications. All comments received before the close of business on the comment closing date, indicated at the beginning of this notice, will be considered and will be available for examination in the docket at the location listed under the address section of this notice. Comments received after the comment closing date will be filed in the public docket and will be considered to the extent practicable, but FMCSA may make its decision at any time after the close of the comment period. In addition to late comments, FMCSA will also continue to file, in the public docket, relevant information that becomes available after the comment closing date. Interested persons should continue to examine the public docket for new material.

Authority: 49 U.S.C. 31136 and 31315; and 49 CFR 1.73.

Title: Exemption from the Make Inoperative Prohibition.

OMB Number: New.

Type of Request: New collection.

Abstract: On February 27, 2001, NHTSA published a final rule (66 FR 12638) to facilitate the modification of motor vehicle so that persons with disabilities can use the vehicle. The regulation is found at 49 CFR Part 595 Subpart C—Vehicle Modifications to Accommodate People with Disabilities. This final rule included two new "collection of information," as that term is defined in 5 CFR Part 1320 Controlling Paperwork Burdens on the Public: Modifier identification and a document to be provided to the owner of the modified vehicle stating the exemptions used for that vehicle and any reduction in load carrying capacity of the vehicle of more than 100 kg (220 lbs).

Affected Public: Businesses that modify vehicles, after the first retail sale, so that the vehicle may be used by persons with disabilities.

Estimated Total Annual Burden: 655 hours and \$7.48.

ADDRESSES: Send comments, within 30 days, to the Office of Information and Regulatory Affairs, Office of Management and Budget, 725 17th Street, NW., Washington, DC 20503, Attention: NHTSA Desk Officer.

Comments Are Invited On:

- Whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility.
- Whether the Department's estimate for the burden of the proposed information collection is accurate.
- Ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

A comment to OMB is most effective if OMB receives it prior to May 30, 2003.

Issued on: May 9, 2003.
