

DEPARTMENT OF TRANSPORTATION**Federal Aviation Administration****14 CFR Part 97**

[Docket No. 30511 Amdt. No. 3182]

Standard Instrument Approach Procedures, Weather Takeoff Minimums; Miscellaneous Amendments**AGENCY:** Federal Aviation Administration (FAA), DOT.**ACTION:** Final rule.

SUMMARY: This amendment establishes, amends, suspends, or revokes Standard Instrument Approach Procedures (SIAPs) and/or Weather Takeoff Minimums for operations at certain airports. These regulatory actions are needed because of the adoption of new or revised criteria, or because of changes occurring in the National Airspace System, such as the commissioning of new navigational facilities, addition of new obstacles, or changes in air traffic requirements. These changes are designed to provide safe and efficient use of the navigable airspace and to promote safe flight operations under instrument flight rules at the affected airports.

DATES: This rule is effective September 12, 2006. The compliance date for each SIAP and/or Weather Takeoff Minimums is specified in the amendatory provisions.

The incorporation by reference of certain publications listed in the regulations is approved by the Director of the Federal Register as of September 12, 2006.

ADDRESSES: Availability of matters incorporated by reference in the amendment is as follows:

For Examination—

1. FAA Rules Docket, FAA Headquarters Building, 800 Independence Avenue, SW., Washington, DC 20591;

2. The FAA Regional Office of the region in which the affected airport is located;

3. The National Flight Procedures Office, 6500 South MacArthur Blvd., Oklahoma City, OK 73169 or,

4. The National Archives and Records Administration (NARA). For information on the availability of this material at NARA, call 202-741-6030, or go to: http://www.archives.gov/federal_register/code_of_federal_regulations/ibr_locations.html.

*For Purchase—*Individual SIAP and Weather Takeoff Minimums copies may be obtained from:

1. FAA Public Inquiry Center (APA-200), FAA Headquarters Building, 800 Independence Avenue, SW., Washington, DC 20591; or

2. The FAA Regional Office of the region in which the affected airport is located.

*By Subscription—*Copies of all SIAPs and Weather Takeoff Minimums mailed once every 2 weeks, are for sale by the Superintendent of Documents, U.S. Government Printing Office, Washington, DC 20402.

FOR FURTHER INFORMATION CONTACT:

Donald P. Pate, Flight Procedure Standards Branch (AFS-420), Flight Technologies and Programs Division, Flight Standards Service, Federal Aviation Administration, Mike Monroney Aeronautical Center, 6500 South MacArthur Blvd., Oklahoma City, OK 73169 (Mail Address: P.O. Box 25082, Oklahoma City, OK 73125) telephone: (405) 954-4164.

SUPPLEMENTARY INFORMATION: This amendment to Title 14 of the Code of Federal Regulations, Part 97 (14 CFR part 97), establishes, amends, suspends, or revokes SIAPs and/or Weather Takeoff Minimums. The complete regulatory description of each SIAP and/or Weather Takeoff Minimums is contained in official FAA form documents which are incorporated by reference in this amendment under 5 U.S.C. 552(a), 1 CFR part 51, and 14 CFR part 97.20. The applicable FAA Forms are identified as FAA Forms 8260-3, 8260-4, 8260-5 and 8260-15A. Materials incorporated by reference are available for examination or purchase as stated above.

The large number of SIAPs and/or Weather Takeoff Minimums, their complex nature, and the need for a special format make their verbatim publication in the **Federal Register** expensive and impractical. Further, airmen do not use the regulatory text of the SIAPs and/or Weather Takeoff Minimums but refer to their depiction on charts printed by publishers of aeronautical materials. Thus, the advantages of incorporation by reference are realized and publication of the complete description of each SIAP and/or Weather Takeoff Minimums contained in FAA form documents is unnecessary. The provisions of this amendment state the affected CFR sections, with the types and effective dates of the SIAPs and/or Weather Takeoff Minimums. This amendment also identifies the airport, its location, the procedure identification and the amendment number.

The Rule

This amendment to 14 CFR part 97 is effective upon publication of each separate SIAP and/or Weather Takeoff Minimums as contained in the transmittal. Some SIAP and/or Weather Takeoff Minimums amendments may have been previously issued by the FAA in a Flight Data Center (FDC) Notice to Airmen (NOTAM) as an emergency action of immediate flight safety relating directly to published aeronautical charts. The circumstances which created the need for some SIAP, and/or Weather Takeoff Minimums amendments may require making them effective in less than 30 days. For the remaining SIAPs and/or Weather Takeoff Minimums, an effective date at least 30 days after publication is provided.

Further, the SIAPs and/or Weather Takeoff Minimums contained in this amendment are based on the criteria contained in the U.S. Standard for Terminal Instrument Procedures (TERPS). In developing these SIAPs and/or Weather Takeoff Minimums, the TERPS criteria were applied to the conditions existing or anticipated at the affected airports. Because of the close and immediate relationship between these SIAPs and/or Weather Takeoff Minimums and safety in air commerce, I find that notice and public procedure before adopting these SIAPs and/or Weather Takeoff Minimums are impracticable and contrary to the public interest and, where applicable, that good cause exists for making some SIAPs and/or Weather Takeoff Minimums effective in less than 30 days.

Conclusion

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore—(1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. For the same reason, the FAA certifies that this amendment will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Background

The Iranian Transactions Regulations, 31 CFR part 560 (the "ITR"), implement a series of Executive orders, beginning with Executive Order 12957, issued on March 15, 1995, under the authority of the International Emergency Economic Powers Act (50 U.S.C. 1701-1706) ("IEEPA"). In that order, the President declared a national emergency with respect to the actions and policies of the Government of Iran, including its support for international terrorism, its efforts to undermine the Middle East peace process, and its efforts to acquire weapons of mass destruction and the means to deliver them. To deal with that threat, Executive Order 12957 imposed prohibitions on certain transactions with respect to the development of Iranian petroleum resources. On May 6, 1995, the President issued Executive Order 12959 imposing comprehensive trade sanctions to further respond to this threat, and on August 19, 1997, the President issued Executive Order 13059 consolidating and clarifying the previous orders.

The Office of Foreign Assets Control ("OFAC") is amending the ITR to cut off Bank Saderat, one of the largest Iranian government-owned banks, from the U.S. financial system. Bank Saderat has been a significant facilitator of Hizballah's financial activities and has served as a conduit between the Government of Iran and Hizballah, Hamas, the Popular Front for the Liberation of Palestine-General Command, and Palestinian Islamic Jihad.

To cut off Bank Saderat from the U.S. financial system, OFAC is making three amendments to the ITR that effectively prohibit all transactions directly or indirectly involving Bank Saderat. OFAC is amending § 560.516, a general license authorizing payment and U.S. dollar clearing transactions involving Iran, to revoke its applicability to Bank Saderat. OFAC is also amending § 560.405, an interpretive section, and § 560.532(b), a statement of licensing policy, to exclude Bank Saderat from the scope of these provisions.

Section 560.516(a) authorizes U.S. depository institutions to process transfers of funds to or from Iran, or for the direct or indirect benefit of persons in Iran or the Government of Iran, if the transfer is covered in full by any of the following conditions and does not involve debiting or crediting an Iranian account: (1) The transfer is by order of a non-Iranian foreign bank from its own account in a domestic bank to an account held by a domestic bank for a second non-Iranian foreign bank; (2) the transfer arises from an underlying transaction that has been authorized by a specific or general license issued pursuant to the ITR; (3) the transfer arises from an underlying transaction that is not prohibited by the ITR; or (4) the transfer arises from an underlying transaction that is exempted from regulation pursuant to § 203(b) of IEEPA. Section 560.516(b) authorizes U.S. registered brokers or dealers in securities to process transfers of funds to or from Iran, or for the direct or indirect benefit of persons in Iran or the Government of Iran, if the transfer is covered in full by any of the conditions set forth in (2)-(4) above and does not involve debiting or crediting an Iranian account. The term *Iranian account* is defined in § 560.320 to mean an account of a person located in Iran or of the Government of Iran maintained on the books of either a U.S. depository institution or a U.S. registered broker or dealer in securities.

OFAC is adding a new paragraph (f) to § 560.516 to revoke the applicability to Bank Saderat of the general licenses in paragraphs (a) and (b) of § 560.516. Effective September 8, 2006, transactions directly or indirectly involving Bank Saderat are excluded from the scope of these authorizations. OFAC is also including an exception in this amendment to provide 90 days to wind down or complete performance of transactions involving Bank Saderat that are described in paragraphs (a)(2) through (4) or (b) of § 560.516 and that were entered into before September 8, 2006, except for specific licenses issued pursuant to § 560.532(b) that were being used before September 8, 2006 to obtain letters of credit issued by Bank Saderat, for which OFAC is providing a 180-day wind-down period.

Section 560.405 is an interpretive section providing that transactions ordinarily incident to licensed transactions and necessary to give them effect are also authorized, with certain exceptions. OFAC is adding a new exception to § 560.405 for transactions directly or indirectly involving Bank Saderat. Effective September 8, 2006, such transactions will not be authorized
