SUPPLEMENTARY INFORMATION:**I. General Information**

The draft guidance for NO_x Exemptions under the 8-hour ozone standard is intended to accompany the June 2, 2003 proposed rule to implement the 8-hour ozone NAAQS. The draft guidance describes, in detail, how to implement the NO_x exemption provisions contained in section 182(f) of the Clean Air Act and EPA's rationale. The June 2, 2003 proposed rule contains the background discussion for the section 182(f) provisions.

A. How Can I Get Copies of This Document and Other Related Information?

The EPA has established an official public docket for this action under Docket ID No. OAR 2003–0079. Documents in the official public docket are listed in the index list in EPA's electronic public docket and comment system, EDOCKET. Documents may be available either electronically or in hard copy. Electronic documents may be viewed through EDOCKET. Hard copy documents may be viewed at the EPA Docket Center, (EPA/DC) EPA West, Room B102, 1301 Constitution Ave., NW., Washington, DC. The EPA Docket Center Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is (202) 566–1744, and the telephone number for the OAR 2003–0079 Docket is (202) 566–1742.

An electronic version of the public docket is available through EDOCKET. You may use EDOCKET at <http://www.epa.gov/edocket/> to submit or view public comments, access the index listing of the contents of the official public docket, and to access those documents in the public docket that are available electronically. Once in the system, select “search,” then key in the appropriate docket identification number.

Certain types of information will not be placed in the EDOCKET. Information claimed as confidential business

information (CBI) and other information whose disclosure is restricted by statute, which is not included in the official public docket, will not be available for public viewing in EPA's electronic public docket. EPA's policy is that copyrighted material will not be placed in EPA's electronic public docket but will be available only in printed, paper form in the official public docket. Publicly available docket materials that are not available electronically may be viewed at the EPA Docket Center.

For public commenters, it is important to note that EPA's policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing in EPA's electronic public docket as EPA receives them and without change, unless the comment contains copyrighted material, CBI, or other information whose disclosure is restricted by statute. When EPA identifies a comment containing copyrighted material, EPA will provide a reference to that material in the version of the comment that is placed in EPA's electronic public docket. The entire printed comment, including the copyrighted material, will be available in the public docket.

Public comments submitted on computer disks that are mailed or delivered to the docket will be transferred to EPA's electronic public docket. Public comments that are mailed or delivered to the Docket will be scanned and placed in EPA's electronic public docket. Where practical, physical objects will be photographed, and the photograph will be placed in EPA's electronic public docket along with a brief description written by the docket staff.

The draft guidance for NO_x Exemptions under the 8-hour ozone standard is also available for public inspection at EPA's Web site at <http://www.epa.gov/ttn/naags/ozone/o3imp8hr>. In addition, copies can be obtained from the Ozone Policy and Strategies Group, Office of Air Quality Planning and Standards (C539-02), U.S. Environmental Protection Agency, Research Triangle Park, NC 27711.

B. How and to Whom Do I Submit Comments?

You may submit comments electronically, by mail, by facsimile, or through hand delivery/courier. To ensure proper receipt by EPA, identify the appropriate docket identification number in the subject line on the first page of your comment. Please ensure that your comments are submitted within the specified comment period. Comments received after the close of the

comment period will be marked "late." EPA is not required to consider these late comments.

Electronically: If you submit an electronic comment as prescribed below, EPA recommends that you include your name, mailing address, and an e-mail address or other contact information in the body of your comment. Also include this contact information on the outside of any disk or CD ROM you submit, and in any cover letter accompanying the disk or CD ROM. This ensures that you can be identified as the submitter of the comment and allows EPA to contact you in case EPA cannot read your comment due to technical difficulties or needs further information on the substance of your comment. EPA's policy is that EPA will not edit your comment, and any identifying or contact information provided in the body of a comment will be included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment.

EPA Dockets: Your use of EPA's electronic public docket to submit comments to EPA electronically is EPA's preferred method for receiving comments. Go directly to EPA Dockets at <http://www.epa.gov/edocket>, and follow the outline instructions for submitting comments. Once in the system, select search, and then key in Docket ID No. OAR 2003-0079. The system is an anonymous access system, which means EPA will not know your identity, e-mail address, or other contact information unless you provide it in the body of your comment.

E-mail: Comments may be sent by electronic mail (e-mail) to grano.doug@epa.gov, Attention Docket ID No. OAR 2003-0079. In contrast to EPA's electronic public docket, EPA's e-mail system is not an anonymous access system. If you send an e-mail comment directly to the Docket without going through EPA's electronic public docket, EPA's e-mail system automatically captures your e-mail address. E-mail addresses that are automatically captured by EPA's e-mail system are included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket.

Disk or CD ROM: You may submit comments on a disk or CD ROM that you mail to the mailing address identified. These electronic submissions will be accepted in WordPerfect or ASCII file format. Avoid the use of

special characters and any form of encryption.

By Mail: Send your comment to: Nitrogen Oxides Exemption Guidance for Proposed Rule to Implement the 8-Hour Ozone National Ambient Air Quality Standard, Environmental Protection Agency, Mail code: 6102T, 1200 Pennsylvania Ave., NW., Washington, DC, 20460, Attention Docket ID No. OAR 2003-0079.

By Hand Delivery or Courier: Deliver your comments to: (EPA/DC) EPA West, Room B102, 1301 Constitution Ave., NW., Washington, DC, Attention Docket ID No. OAR-2003-0079. Such deliveries are only accepted during the Docket's normal hours of operations.

By Facsimile: Fax your comments to: (202) 566-1741, Attention Docket ID. NO. OAR-2003-0079.

C. How Should I Submit CBI to the Agency?

Do not submit information that you consider to be CBI electronically through EPA's electronic public docket or by e-mail. Send or deliver information identified as CBI only to the following address: EPA, 109 TW Alexander Dr., RTP, NC 27709, Attn: Roberto Morales, MS C404-02, Attention Docket ID No. OAR 2003-0079. You may claim information that you submit to EPA as CBI by marking any part or all of that information as CBI (if you submit CBI on disk or CD ROM, mark the outside of the disk or CD ROM as CBI and then identify electronically within the disk or CD ROM the specific information that is CBI). Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

In addition to one complete version of the comment that includes any information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket and EPA's electronic public docket. If you submit the copy that does not contain CBI on disk or CD ROM, mark the outside of the disk or CD ROM clearly that it does not contain CBI. Information not marked as CBI will be included in the public docket and EPA's electronic public docket without prior notice. If you have an questions about CBI or the procedures for claiming CBI, please consult the person identified in the **FOR FURTHER INFORMATION CONTACT** section.

D. What Should I Consider as I Prepare My Comments for EPA?

You may find the following suggestions helpful for preparing your comments:

1. Explain your views as clearly as possible.
2. Describe any assumptions that you used.
3. Provide any technical information and/or data you used that support your views.
4. If you estimate potential burden or costs, explain how you arrived at your estimate.
5. Provide specific examples to illustrate your concerns.
6. Offer alternatives.
7. Make sure to submit your comments by the comment period deadline identified.
8. To ensure proper receipt by EPA, identify the appropriate docket identification number in the subject line on the first page of your response. It would also be helpful if you provided the name, date, and **Federal Register** citation related to your comments.

National Emission Standards for Hazardous Air Pollutants: Solvent Extraction for Vegetable Oil Production

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule; amendments.

SUMMARY: On April 12, 2001 (66 FR 19006), the EPA issued national emission standards for hazardous air pollutants (NESHAP) for solvent extraction for vegetable oil production under section 112(d) of the Clean Air Act (CAA). This action would amend the compliance requirements for vegetable oil production processes that exclusively use a qualifying low-HAP

extraction solvent. The amendments are being made to require only the necessary recordkeeping and reporting requirements for facilities using the low-HAP extraction solvent compliance option.

In the Rules and Regulations section of this **Federal Register**, we are taking direct final action on the proposed amendments because we view the amendments as noncontroversial and anticipate no adverse comments. We have explained our reasons for the amendments in the direct final rule. If we receive no significant adverse comments, we will take no further action on the proposed amendments. If we receive significant adverse comments, we will withdraw only those provisions on which we received significant adverse comments. We will publish a timely withdrawal in the **Federal Register** indicating which provisions will become effective and which provisions are being withdrawn. If part or all of the direct final rule in the Rules and Regulations section of today's **Federal Register** is withdrawn, all comments pertaining to those provisions will be addressed in a subsequent final rule based on the proposed amendments. We will not institute a second comment period on the subsequent final action. Any parties interested in commenting must do so at this time.

DATES: Written comments must be received on or before October 1, 2004, unless a hearing is requested by September 13, 2004. If a timely hearing request is submitted, we must receive written comments on or before October 18, 2004.
