

notice of intent to file a development application allows an interested person to file the competing application no later than 120 days after the specified comment date for the particular application. A competing license application must conform with 18 CFR 4.30(b) and 4.36.

p. *Notice of Intent*—A notice of intent must specify the exact name, business address, and telephone number of the prospective applicant, and must include an unequivocal statement of intent to submit, if such an application may be filed, either a preliminary permit application or a development application (specify which type of application). A notice of intent must be served on the applicant(s) named in this public notice.

q. *Proposed Scope of Studies Under Permit*—A preliminary permit, if issued, does not authorize construction. The term of the proposed preliminary permit would be 36 months. The work proposed under the preliminary permit would include economic analysis, preparation of preliminary engineering plans, and a study of environmental impacts. Based on the results of these studies, the Applicant would decide whether to proceed with the preparation of a development application to construct and operate the project.

r. *Comments, Protests, or Motions To Intervene*—Anyone may submit comments, a protest, or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, .211, .214. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any comments, protests, or motions to intervene must be received on or before the specified comment date for the particular application.

Comments, protests and interventions may be filed electronically via the Internet in lieu of paper; see 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under "e-filing" link. The Commission strongly encourages electronic filing.

s. *Filing and Service of Responsive Documents*—Any filings must bear in all capital letters the title "COMMENTS", "RECOMMENDATIONS FOR TERMS AND CONDITIONS", "PROTEST", OR "MOTION TO INTERVENE", as applicable, and the Project Number of the particular application to which the filing refers. Any of the above-named documents must be filed by providing

the original and the number of copies provided by the Commission's regulations to: The Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426. A copy of any motion to intervene must also be served upon each representative of the Applicant specified in the particular application.

t. *Agency Comments*—Federal, State, and local agencies are invited to file comments on the described application. A copy of the application may be obtained by agencies directly from the Applicant. If an agency does not file comments within the time specified for filing comments, it will be presumed to have no comments. One copy of an agency's comments must also be sent to the Applicant's representatives.

Magalie R. Salas,

Secretary.

[FR Doc. E5-16 Filed 1-5-05; 8:45 am]

BILLING CODE 6717-01-P

ENVIRONMENTAL PROTECTION AGENCY

[OPP-2004-0405; FRL-7692-2]

FIFRA Scientific Advisory Panel; Notice of Public Meeting

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: There will be a 4-day meeting of the Federal Insecticide, Fungicide, and Rodenticide Act Scientific Advisory Panel (FIFRA SAP) to consider and review a set of four major issues associated with the N-methyl carbamate pesticide cumulative risk assessment: pilot cumulative analysis. On February 15-16, 2005, the FIFRA SAP will meet to review issues associated with hazard assessment and pharmacokinetic/pharmacodynamic modeling; and on February 17-18, 2005, to review ground water models and drinking water exposure assessment and the integration of hazard and exposure information.

DATES: The meeting will be held on February 15-18, 2005, from 8:30 a.m. to approximately 5 p.m., eastern time.

Comments: For the deadlines for the submission of requests to present oral comments and the submission of written comments, see Unit I.E. of the **SUPPLEMENTARY INFORMATION**.

Nominations: Nominations of scientific experts to serve as ad hoc members of the FIFRA SAP for this meeting should be provided on or before January 18, 2005.

Special seating. Requests for special seating arrangements should be made at

least 5 business days prior to the meeting.

ADDRESSES: The meeting will be held at the Holiday Inn, Reagan National Airport, 2650 Jefferson Davis Highway, Arlington, VA 22202. The telephone number for the Holiday Inn - Reagan National Airport is (703) 684-7200.

Comments. Written comments may be submitted electronically (preferred), through hand delivery/courier, or by mail. Follow the detailed instructions as provided in Unit I. of the **SUPPLEMENTARY INFORMATION**.

Nominations, requests to present oral comments, and special seating. To submit nominations for ad hoc members of the FIFRA SAP for this meeting, requests for special seating arrangements, or requests to present oral comments, notify the Designated Federal Official (DFO) listed under **FOR FURTHER INFORMATION CONTACT**. To ensure proper receipt by EPA, your request must identify docket ID number OPP-2004-0405 in the subject line on the first page of your request.

FOR FURTHER INFORMATION CONTACT:

Myrta R. Christian for the hazard assessment and pharmacokinetic/pharmacodynamic modeling sessions and Joseph E. Bailey for the drinking water exposure assessment and the integration of hazard and exposure assessment sessions. DFOs, Office of Science Coordination and Policy (7201M), Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460; telephone number: (202) 564-8450; fax number: (202) 564-8382; e-mail addresses: christian.myrta@epa.gov or bailey.joseph@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this Action Apply to Me?

This action is directed to the public in general. This action may, however, be of interest to persons who are or may be required to conduct testing of chemical substances under the Federal Food, Drug, and Cosmetic Act (FFDCA), FIFRA, and the Food Quality Protection Act of 1996 (FQPA). Since other entities may also be interested, the Agency has not attempted to describe all the specific entities that may be affected by this action. If you have any questions regarding the applicability of this action to a particular entity, consult the DFOs listed under **FOR FURTHER INFORMATION CONTACT**.

B. How Can I Get Copies of this Document and Other Related Information?

1. *Docket.* EPA has established an official public docket for this action under docket ID number OPP-2004-0405. The official public docket consists of the documents specifically referenced in this action, any public comments received, and other information related to this action. Although, a part of the official docket, the public docket does not include Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. The official public docket is the collection of materials that is available for public viewing at the Public Information and Records Integrity Branch (PIRIB), Rm. 119, Crystal Mall #2, 1801 S. Bell St., Arlington, VA. This docket facility is open from 8:30 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. The docket telephone number is (703) 305-5805.

2. *Electronic access.* You may access this **Federal Register** document electronically through the EPA Internet under the "**Federal Register**" listings at <http://www.epa.gov/fedrgstr/>.

EPA's position paper, charge/questions to FIFRA SAP, FIFRA SAP composition (i.e., members and consultants for this meeting) and the meeting agenda will be available as soon as possible, but no later than (early February 2005). In addition, the Agency may provide additional background documents as the materials become available. You may obtain electronic copies of these documents, and certain other related documents that might be available electronically, from the FIFRA SAP Internet Home Page at <http://www.epa.gov/scipoly/sap>.

An electronic version of the public docket is available through EPA's electronic public docket and comment system, EPA Dockets. You may use EPA Dockets at <http://www.epa.gov/edocket> to submit or view public comments, access the index listing of the contents of the official public docket, and to access those documents in the public docket that are available electronically. Once in the system, select "search," then key in the appropriate docket ID number.

Certain types of information will not be placed in EPA Dockets. Information claimed as CBI and other information whose disclosure is restricted by statute, which is not included in the official public docket, will not be available for public viewing in EPA's electronic public docket. EPA's policy is that copyrighted material will not be placed in EPA's electronic public docket but

will be available only in printed, paper form in the official public docket. To the extent feasible, publicly available docket materials will be made available in EPA's electronic public docket. When a document is selected from the index list in EPA Dockets, the system will identify whether the document is available for viewing in EPA's electronic public docket. Although, not all docket materials may be available electronically, you may still access any of the publicly available docket materials through the docket facility identified in Unit I.B.1. EPA intends to work towards providing electronic access to all of the publicly available docket materials through EPA's electronic public docket.

For public commenters, it is important to note that EPA's policy is that public comments, whether submitted electronically or on paper, will be made available for public viewing in EPA's electronic public docket as EPA receives them and without change, unless the comment contains copyrighted material, CBI, or other information whose disclosure is restricted by statute. When EPA identifies a comment containing copyrighted material, EPA will provide a reference to that material in the version of the comment that is placed in EPA's electronic public docket. The entire printed comment, including the copyrighted material, will be available in the public docket.

Public comments submitted on computer disks that are mailed or delivered to the docket will be transferred to EPA's electronic public docket. Public comments in hard copy that are mailed or delivered to the docket will be scanned and placed in EPA's electronic public docket. Where practical, physical objects will be photographed, and the photograph will be placed in EPA's electronic public docket along with a brief description written by the docket staff.

C. How and to Whom Do I Submit Comments?

You may submit comments electronically (preferred), through hand delivery/courier, or by mail. To ensure proper receipt by EPA, identify the appropriate docket ID number in the subject line on the first page of your comment. Please ensure that your comments are submitted within the specified comment period. Comments received after the close of the comment period will be marked "late." EPA is not required to consider these late comments. Do not use EPA Dockets or e-mail to submit CBI or information protected by statute.

1. *Electronically.* If you submit an electronic comment as prescribed in this unit, EPA recommends that you include your name, mailing address, and an e-mail address or other contact information in the body of your comment. Also, include this contact information on the outside of any disk or CD ROM you submit, and in any cover letter accompanying the disk or CD ROM. This ensures that you can be identified as the submitter of the comment and allows EPA to contact you in case EPA cannot read your comment due to technical difficulties or needs further information on the substance of your comment. EPA's policy is that EPA will not edit your comment, and any identifying or contact information provided in the body of a comment will be included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment.

i. *EPA Dockets.* Your use of EPA's electronic public docket to submit comments to EPA electronically is EPA's preferred method for receiving comments. Go directly to EPA Dockets at <http://www.epa.gov/edocket>, and follow the online instructions for submitting comments. Once in the system, select "search," and then key in docket ID number OPP-2004-0405. The system is an "anonymous access" system, which means EPA will not know your identity, e-mail address, or other contact information unless you provide it in the body of your comment.

ii. *E-mail.* Comments may be sent by e-mail to opp-docket@epa.gov, Attention: Docket ID number OPP-2004-0405. In contrast to EPA's electronic public docket, EPA's e-mail system is not an "anonymous access" system. If you send an e-mail comment directly to the docket without going through EPA's electronic public docket, EPA's e-mail system automatically captures your e-mail address. E-mail addresses that are automatically captured by EPA's e-mail system are included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket.

iii. *Disk or CD ROM.* You may submit comments on a disk or CD ROM that you deliver as described in Unit I.C.2 or mail to the address provided in Unit I.C.3. These electronic submissions will be accepted in WordPerfect or ASCII file format. Avoid the use of special characters and any form of encryption.

2. *By hand delivery or courier.* Deliver your comments to: Public Information and Records Integrity Branch (PIRIB), Office of Pesticide Programs (OPP), Environmental Protection Agency, Rm. 119, Crystal Mall #2, 1801 S. Bell St., Arlington, VA, Attention: Docket ID number OPP-2004-0405. Such deliveries are only accepted during the docket's normal hours of operation as identified in Unit I.B.1.

3. *By mail.* Due to potential delays in EPA's receipt and processing of mail, respondents are strongly encouraged to submit comments either electronically or by hand delivery or courier. We cannot guarantee that comments sent via mail will be received prior to the close of the comment period. If mailed, please send your comments to: Public Information and Records Integrity Branch (PIRIB) (7502C), Office of Pesticide Programs (OPP), Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001, Attention: Docket ID number OPP-2004-0405.

D. What Should I Consider as I Prepare My Comments for EPA?

You may find the following suggestions helpful for preparing your comments:

1. Explain your views as clearly as possible.
2. Describe any assumptions that you used.
3. Provide copies of any technical information and/or data you used that support your views.
4. Provide specific examples to illustrate your concerns.
5. Make sure to submit your comments by the deadline in this document.
6. To ensure proper receipt by EPA, be sure to identify the docket ID number assigned to this action in the subject line on the first page of your response. You may also provide the name, date, and **Federal Register** citation.

E. How May I Participate in this Meeting?

You may participate in this meeting by following the instructions in this unit. To ensure proper receipt by EPA, it is imperative that you identify docket ID number OPP-2004-0405 in the subject line on the first page of your request.

1. *Oral comments.* Oral comments presented at the meetings should not be repetitive of previously submitted oral or written comments. Although, requests to present oral comments are accepted until the date of the meeting (unless otherwise stated), to the extent that time permits, interested persons

may be permitted by the Chair of FIFRA SAP to present oral comments at the meeting. Each individual or group wishing to make brief oral comments to FIFRA SAP is strongly advised to submit their request to the appropriate DFO listed under **FOR FURTHER INFORMATION CONTACT** no later than noon, eastern time, February 8, 2005, in order to be included on the meeting agenda. The request should identify the name of the individual making the presentation, the organization (if any) the individual will represent, and any requirements for audiovisual equipment (e.g., overhead projector, 35 mm projector, chalkboard). Oral comments before FIFRA SAP are limited to approximately 5 minutes unless prior arrangements have been made. In addition, each speaker should bring 30 copies of his or her comments and presentation slides for distribution to FIFRA SAP at the meeting.

2. *Written comments.* Although, submission of written comments are accepted until the date of the meeting (unless otherwise stated), the Agency encourages that written comments be submitted, using the instructions in Unit I.C., no later than noon, eastern time, February 1, 2005, to provide FIFRA SAP the time necessary to consider and review the written comments. The DFOs listed under **FOR FURTHER INFORMATION CONTACT** should be notified that comments have been submitted to the docket or a courtesy copy of the comments should be provided to the DFOs. There is no limit on the extent of written comments for consideration by FIFRA SAP.

3. *Seating at the meeting.* Seating at the meeting will be on a first-come basis. Individuals requiring special accommodations at this meeting, including wheelchair access and assistance for the hearing impaired, should contact the appropriate DFO at least 5 business days prior to the meeting using the information under **FOR FURTHER INFORMATION CONTACT** so that appropriate arrangements can be made.

4. *Request for nominations of prospective candidates for service as ad hoc members of the FIFRA SAP for this meeting.* As part of a broader process for developing a pool of candidates for each meeting, the FIFRA SAP staff routinely solicit the stakeholder community for nominations of prospective candidates for service as ad hoc members of the FIFRA SAP. Any interested person or organization may nominate qualified individuals to be considered as prospective candidates for a specific meeting. Individuals nominated for this meeting should have expertise in one or

more of the following areas: Pharmacokinetic/pharmacodynamic modeling, toxicology and risk assessment, hazard assessment, exposure assessment (particularly drinking water), ground water modeling/monitoring and integration of hazard and exposure. Nominees should be scientists who have sufficient professional qualifications, including training and experience, to be capable of providing expert comments on the scientific issues for this meeting. Nominees should be identified by name, occupation, position, address, and telephone number. Nominations should be provided to the appropriate DFO listed under **FOR FURTHER INFORMATION CONTACT** on or before January 18, 2005. The Agency will consider all nominations of prospective candidates for this meeting that are received on or before this date. However, final selection of ad hoc members for this meeting is a discretionary function of the Agency.

The selection of scientists to serve on the FIFRA SAP is based on the function of the panel and the expertise needed to address the Agency's charge to the panel. No interested scientists shall be ineligible to serve by reason of their membership on any other advisory committee to a Federal department or agency or their employment by a Federal department or agency (except the EPA). Other factors considered during the selection process include availability of the potential panel member to fully participate in the panel's reviews, absence of any conflicts of interest or appearance of lack of impartiality, independence with respect to the matters under review, and lack of bias. Though financial conflicts of interest, the appearance of lack of impartiality, lack of independence, and bias may result in disqualification, the absence of such concerns does not assure that a candidate will be selected to serve on the FIFRA SAP. Numerous qualified candidates are identified for each panel. Therefore, selection decisions involve carefully weighing a number of factors including the candidates' areas of expertise and professional qualifications and achieving an overall balance of different scientific perspectives on the panel. In order to have the collective breadth of experience needed to address the Agency's charge for this meeting, the Agency anticipates selecting approximately 12 ad hoc scientists.

If a prospective candidate for service on the FIFRA SAP is considered for participation in a particular session, the candidate is subject to the provisions of 5 CFR part 2634, Executive Branch

Financial Disclosure, as supplemented by EPA in 5 CFR part 6401. As such, the FIFRA SAP candidate is required to submit a Confidential Financial Disclosure Form for Special Government Employees Serving on Federal Advisory Committees at EPA Form 3110-48 [5-02]) which shall fully disclose, among other financial interests, the candidate's employment, stocks, and bonds, and where applicable, sources of research support. EPA will evaluate the candidate's financial disclosure form to assess that there are no financial conflicts of interest, no appearance of lack of impartiality and no prior involvement with the development of the documents under consideration (including previous scientific peer review) before the candidate is considered further for service on the FIFRA SAP.

Those who are selected from the pool of prospective candidates will be asked to attend the public meetings and to participate in the discussion of key issues and assumptions at these meetings. In addition, they will be asked to review and to help finalize the meeting minutes. The list of FIFRA SAP members participating at this meeting will be posted on the FIFRA SAP web site or may be obtained by contacting the PIRIB at the address or telephone number listed in Unit I.

II. Background

A. Purpose of the FIFRA SAP

Amendments to FIFRA enacted November 28, 1975 (7 U.S.C. 136w(d)), include a requirement under section 25(d) of FIFRA that notices of intent to cancel or reclassify pesticide registrations pursuant to section 6(b)(2) of FIFRA, as well as proposed and final forms of regulations pursuant to section 25(a) of FIFRA, be submitted to a SAP prior to being made public or issued to a registrant. In accordance with section 25(d) of FIFRA, the FIFRA SAP is to have an opportunity to comment on the health and environmental impact of such actions. The FIFRA SAP also, shall make comments, evaluations, and recommendations for operating guidelines to improve the effectiveness and quality of analyses made by Agency scientists. Members are scientists who have sufficient professional qualifications, including training and experience, to be capable of providing expert comments as to the impact on health and the environment of regulatory actions under sections 6(b) and 25(a) of FIFRA. The Deputy Administrator appoints seven individuals to serve on the FIFRA SAP for staggered terms of 4 years, based on

recommendations from the National Institutes of Health and the National Science Foundation.

Section 104 of FQPA (Public Law 104-170) established the FQPA Science Review Board (SRB). These scientists shall be available to the FIFRA SAP on an ad hoc basis to assist in reviews conducted by the FIFRA SAP.

B. Public Meeting

The Food, Quality Protection Act of 1996 amended the Federal Insecticide, Fungicide, and Rodenticide Act and the Federal Food, Drug, and Cosmetic Act. One of the major changes is the requirement that EPA consider risk posed by pesticides acting by a common mechanism of toxicity. For such groups of pesticides, EPA's Office of Pesticide Programs (OPP) has treated cumulative risk, under FQPA, as the risk of a common toxic effect associated with concurrent exposure by all relevant pathways and routes. EPA has determined that the group of pesticides known as the N-methyl carbamate pesticide share a common mechanism of toxicity, and should be treated as a common mechanism group. Therefore, EPA is conducting a cumulative risk assessment that will include the chemicals comprising this group.

At the meeting being announced by this notice, EPA plans to discuss key issues related to development of the cumulative risk assessment for the N-methyl carbamate pesticides. Those issues are as follows: Hazard assessment, pharmacokinetic/pharmacodynamic (PBPK/PD) modeling of carbaryl, drinking water exposure assessment, and the integration of hazard and exposure information.

C. Hazard assessment

EPA acknowledges that there are toxicological characteristics unique to the N-methyl carbamates which need to be considered in a cumulative risk assessment for this group. Specifically, the mechanism of action for this group of pesticides is carbamylation of the acetylcholinesterase (AChE) active site. This chemical change is reversible, allowing for relatively rapid recovery from inhibition. OPP is collaborating with laboratory scientists and statisticians from EPA's National Health and Environmental Effects Research Laboratory (NHEERL) to evaluate biological and empirical aspects of recovery. EPA expects to solicit comment from the SAP on specific issues related to dose-response modeling of AChE data, empirical estimation of time to recovery, and the impact of the laboratory method used to

measure AChE inhibition on estimates of relative potency.

1. *PBPK/PD modeling for carbaryl.* OPP is collaborating with scientists from EPA's National Exposure Research Laboratory (NERL) to develop a PBPK/PD model for carbaryl within the Exposure Related Dose Estimating Model (ERDEM) Platform (Blancato et al., 2002; Okino et al. 2004). The carbaryl model will form the basic structure of a generalized model for the N-methyl carbamates. A Quantitative Structure Activity Relationship (QSAR) database of physicochemical descriptors and provisional PK and PD parameter values has been assembled for selected N-methyl carbamates. The completeness and representativeness of the QSAR database will influence the application of the PBPK/PD model for use in the cumulative risk assessment of the N-methyl carbamates. EPA will solicit comment from the SAP on specific aspects of the appropriate use of ERDEM for this cumulative risk assessment.

2. *Drinking water exposure assessment.* Unlike the organophosphate (OP) cumulative risk assessment where the only anticipated exposure to OP pesticides in drinking water was expected to be from surface water sources, EPA must consider both surface water and ground water sources of drinking water for the N-methyl carbamates. OPP will solicit comment from the SAP on the use of one or more existing ground water models to provide a pilot drinking water exposure assessment for the N-methyl carbamates. OPP also expects to request feedback from the Panel on approaches for refining regional drinking water exposures in the event that such exposure from surface water and/or ground water sources contributes substantially to the cumulative exposure in one or more regions.

3. *Integration of hazard and exposure assessment.* EPA will present to the SAP a pilot cumulative analysis of food, water, and residential exposure using three different exposure models: LifeLine, CARES, and Calendex. The presentation will also include a discussion of the unique challenges related to rapid recovery from AChE inhibition posed by this group of pesticides and different approaches for considering these characteristics in the quantitative estimates of cumulative risk. EPA expects to request the panel to provide comment on potential approaches for integrating hazard and exposure for this group and specifically characterizing recovery in risk estimates.

C. FIFRA SAP Meeting Minutes

The FIFRA SAP will prepare meeting minutes summarizing its recommendations to the Agency in approximately 60 days after the meeting. The meeting minutes will be posted on the FIFRA SAP web site or may be obtained by contacting the PIRIB at the address or telephone number listed in Unit I.

List of Subjects

Environmental protection, Pesticides and pests.

Dated: December 28, 2004.

Joseph J. Merenda, Jr.,

Director, Office of Science Coordination and Policy.

BILLING CODE 6560-50-S

ENVIRONMENTAL PROTECTION AGENCY

[FRL-7857-9]

Science Advisory Board Staff Office Notification of Advisory Meeting of the Science Advisory Board Regulatory Environmental Modeling (REM) Guidance Review Panel

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Science Advisory Board (SAB) Regulatory Environmental Modeling (REM) Guidance Review Panel will hold two public advisory meetings, one teleconference and one face-to-face meeting, to provide the Agency advice on their Draft Guidance and Models Knowledge Base related to modeling activity within the EPA.

DATES: January 21, 2005 and February 7-9, 2005.

January 21, 2005 Public Conference call: The SAB REM Guidance Review Panel will meet on January 21, 2005, via teleconference from 1 p.m. to 3 p.m. (eastern standard time).

February 7-9, 2005 Public meeting: The SAB REM Guidance Review Panel will meet on February 7-9, 2005, in Washington, DC. The meeting will commence at 9 a.m. (eastern standard time) on February 7, 2005, and adjourn no later than 2:30 p.m. on February 9, 2005.

ADDRESSES: The public teleconference will take place via teleconference only. The face-to-face public meeting will take place at the SAB Conference Center, 1025 F Street, NW., Suite 3700, Washington, DC 20004.

FOR FURTHER INFORMATION CONTACT: Any member of the public who wishes to

obtain the teleconference call-in numbers and access codes, would like to submit written or brief oral comments (5 minutes or less for the public face-to-face meeting, and 3 minutes or less for the public teleconference meeting), or who wants further information concerning these public meetings should contact Dr. Jack Kooyoomjian, Designated Federal Officer (DFO), EPA SAB, 1200 Pennsylvania Avenue, NW., (MC 1400F), Washington, DC 20460; via telephone/voice mail: (202) 343-9984; fax: (202) 233-0643; or e-mail at: kooyoomjian.jack@epa.gov. General information concerning the SAB can be found on the SAB Web site at: <http://www.epa.gov/sab>.

SUPPLEMENTARY INFORMATION:

Background: Pursuant to the Federal Advisory Committee Act, Pub. L. 92-463, the SAB Staff Office hereby gives notice of two public meetings of the SAB REM Guidance Review Panel. The EPA's Office of Research Development (ORD) requested that the SAB review the Agency's draft guidance entitled, "Draft Guidance on the Development, Evaluation, and Application of Regulatory Environmental Models," dated November 2003 (referred to here also as the Draft Guidance) and "Models Knowledge Base." The Draft Guidance is for those who develop, evaluate, and apply environmental models. It does not impose legally binding requirements and, depending on the circumstances, may not apply to a particular situation. The EPA retains the discretion to adopt approaches that differ from the guidance on a case-by-case basis. The Models Knowledge Base is an inventory of EPA's environmental models. It contains information about model use and model science and is intended to be a useful tool for environmental modelers and managers. Additional background information on this review activity, such as the **Federal Register** notice (68 FR 46602, August 6, 2003) soliciting nominations for Panel membership can be found on the SAB Web site at: <http://www.epa.gov/sab/panels/cremgacpanel.html>.

Purpose of the January 21, 2005 Public Teleconference: The purpose of this public teleconference meeting is to discuss the charge to the SAB REM Guidance Review Panel; discuss available materials and background materials as they pertain to the charge, discuss assignments to the Panelists, and plan for the February 7-9, 2005 face-to-face public advisory meeting.

Purpose of the February 7-9, 2005 Public Face-to-Face Meeting: The purpose of this meeting is to conduct a peer review of the Agency's Draft

Guidance and Models Knowledge Base and any other supplemental materials in response to the charge questions.

Availability of Meeting Materials:

Copies of the meeting agendas, the roster of the SAB Review Panel, and the charge to the SAB described in this notice will be posted on the SAB Web site at: <http://www.epa.gov/sab/panels/cremgacpanel.html> prior to each meeting. Persons who wish to obtain copies of the Agency's Draft Guidance, the Models Knowledge Base or other materials pertinent to this advisory activity may obtain these materials at <http://www.epa.gov/crem>, or <http://www.epa.gov/crem/sab>.

For further information regarding the Agency's Draft Guidance or Models Knowledge Base or other relevant background materials, please contact Mr. Pasky Pascual of the U.S. EPA, Office of Research & Development (Mail Code 8102), by telephone/voice mail at (202) 564-2259, by fax at (202) 565-2925; or via e-mail at pascual.pasky@epa.gov.

Providing Oral or Written Comments at SAB Meetings: It is the policy of the SAB Staff Office to accept written public comments of any length, and to accommodate oral public comments wherever possible. The SAB Staff Office expects the public statements presented at its meetings will not be repetitive of previously-submitted oral or written statements. **Oral Comments:** In general, each individual or group requesting an oral presentation at a public face-to-face meeting will be limited to a total time of five minutes (unless otherwise indicated), and three minutes at a teleconference meeting (unless otherwise indicated). Requests to provide oral comments must be *in writing* (e-mail, fax, or mail) and received by the DFO no later than noon Eastern Time five business days prior to the meeting in order to reserve time on the meeting agenda. Speakers should bring at least 35 copies of their comments and presentation slides for distribution to the reviewers and public at the meeting. **Written Comments:** Although the SAB Staff Office accepts written comments until the date of the meeting (unless otherwise stated), written comments should be received in the SAB Staff Office no later than noon Eastern Time five business days prior to the meeting so that the comments may be made available to the Panelists for their consideration. Comments should be supplied to the DFO (preferably by e-mail) at the address/contact information noted above in the following formats: one hard copy with original signature, and one electronic copy via e-mail (acceptable file format: Adobe Acrobat
