[VA148-5078b; FRL-7670-9]

**Approval and Promulgation of Air Quality Implementation Plans; Virginia; VOC Emission Standards for Portable Fuel Containers in the Metropolitan Washington, DC Ozone Nonattainment Area****AGENCY:** Environmental Protection Agency (EPA).**ACTION:** Proposed rule.

**SUMMARY:** EPA proposes to approve revisions to the Commonwealth of Virginia State Implementation Plan (SIP). The revisions pertain to new emission standards for portable fuel containers sold, supplied, offered for sale, or manufactured for sale in the Northern Virginia portion of the Metropolitan Washington, DC ozone nonattainment area (Northern Virginia Area). In the Final Rules section of this **Federal Register**, EPA is approving the new standards as a direct final rule without prior proposal because the Agency views this as a noncontroversial submittal and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to this action, no further activity is contemplated. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period. Any parties interested in commenting on this action should do so at this time.

**DATES:** Comments must be received in writing by July 8, 2004.
