

submitted by the California Air Resources Board (CARB) on December 20, 2002, are adequate for transportation conformity purposes. EPA Region IX made this finding in a letter to CARB on April 9, 2003. We are also announcing this finding on our conformity Web site: <http://www.epa.gov/oms/traq>. Once there, go to "Transportation Conformity," then select "Adequacy Web Pages."

Transportation conformity is required by section 176(c) of the Clean Air Act. Our conformity rule requires that transportation plans, programs, and projects conform to state air quality implementation plans (SIPs) and establishes the criteria and procedures for determining whether or not they do. Conformity to a SIP means that transportation activities will not produce new air quality violations, worsen existing violations, or delay timely attainment of the national ambient air quality standards.

The criteria by which we determine whether a SIP's motor vehicle emission budgets are adequate for conformity purposes are outlined in 40 CFR 93.118(e)(4). One of these criteria is that the plan provide for maintenance of the relevant ambient air quality standard. We have preliminarily determined that the San Diego County 1-hour ozone maintenance plan does provide for maintenance of the 1-hour ozone standards and, therefore, can be found adequate.

We have described our process for determining the adequacy of submitted SIP budgets in guidance (May 14, 1999 memo titled "Conformity Guidance on Implementation of March 2, 1999 Conformity Court Decision"). We followed this guidance in making our adequacy determination on the emissions budgets contained in the San Diego County 1-hour ozone maintenance plan.

ENVIRONMENTAL PROTECTION AGENCY

[FRL–7489–1]

Notice of Tentative Approval and Solicitation of Request for a Public Hearing for Public Water System Supervision Program Revision for the Commonwealth of Virginia

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of tentative approval and solicitation of requests for a public hearing.

SUMMARY: Notice is hereby given in accordance with the provision of section 1413 of the Safe Drinking Water Act as amended, and the National Primary Drinking Water Regulations Implementation that the Commonwealth of Virginia is revising its approved Public Water System Supervision Program. Virginia has adopted an Interim Enhanced Surface Water Treatment Rule (IESWTR) to improve control of microbial pathogens in drinking water, including specifically the protozoan *Cryptosporidium*, and a Stage 1 Disinfectants/Disinfection Byproducts Rule (DBPR), setting new requirements to limit the formation of chemical disinfection byproducts in drinking water. EPA has determined that these revisions are no less stringent than the corresponding Federal regulations. Therefore, EPA has decided to tentatively approve these program revisions. All interested parties are invited to submit written comments on this determination and may request a public hearing.

DATES: Comments or a request for a public hearing must be submitted by May 29, 2003. This determination shall become effective on May 29, 2003 if no timely and appropriate request for a hearing is received and the Regional Administrator does not elect to hold a hearing on his own motion, and if no comments are received which cause EPA to modify its tentative approval.

ADDRESSES: Comments or a request for a public hearing must be submitted to the U.S. Environmental Protection Agency Region III, 1650 Arch Street, Philadelphia, PA 19103–2029. All documents relating to this determination are available for inspection between the hours of 8 a.m. and 4:30 p.m., Monday through Friday, at the following offices:

- Drinking Water Branch, Water Protection Division, U.S. Environmental Protection Agency Region III, 1650 Arch Street, Philadelphia, PA 19103–2029.

- Division of Drinking Water, Virginia Department of Health, 1500 East Main Street, Room 109, Richmond, VA 23218.

FOR FURTHER INFORMATION CONTACT:

Jason Gambatese, Drinking Water Branch (3WP22) at the Philadelphia address given above; telephone (215) 814–5759 or fax (215) 814–2318.

SUPPLEMENTARY INFORMATION:

All interested parties are invited to submit written comments on this determination and may request a public hearing. All comments will be considered, and, if necessary, EPA will issue a response. Frivolous or insubstantial requests for a hearing may be denied by the Regional Administrator. However, if a substantial request for a public hearing is made by May 29, 2003, a public hearing will be held. A request for public hearing shall include the following: (1) The name, address, and telephone number of the individual, organization, or other entity requesting a hearing; (2) a brief statement of the requesting person's interest in the Regional Administrator's determination and of information that the requesting person intends to submit at such a hearing; and (3) the signature of the individual making the request; or, if the request is made on behalf of an organization or other entity, the signature of a responsible official of the organization or other entity.

Dated: April 18, 2003.

James W. Newsom,

Acting Regional Administrator, Region III.
