

DEPARTMENT OF JUSTICE**Federal Bureau of Investigation****Agency Information Collection Activities; Proposed eCollection, eComments Requested; Law Enforcement Suicide Data Collection Pilot Testing**

AGENCY: Federal Bureau of Investigation, Department of Justice.

ACTION: 30-Day notice.

SUMMARY: The Department of Justice, Federal Bureau of Investigation, Criminal Justice Information Services Division, will be submitting the following information collection request to the Office of Management and Budget for review and approval in accordance with the Paperwork Reduction Act of 1995.

DATES: Comments are encouraged and will be accepted for 30 days until June 21, 2021.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

SUPPLEMENTARY INFORMATION: Written comments and suggestions from the public and affected agencies concerning the proposed collection of information are encouraged. Your comments should address one or more of the following four points:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Federal Bureau of Investigation, including whether the information will have practical utility;
- Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Evaluate how the quality, utility, and clarity of the information to be collected can be enhanced; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Overview of This Information Collection

1. *Type of Information Collection:* Plans to perform pilot testing of the questionnaire and electronic application proposed for use in the upcoming Law Enforcement Suicide Data Collection.

2. *The Title of the Form/Collection:* Law Enforcement Suicide Data Collection (In development); pilot testing to be completed under existing Instrument Pretesting and Generic Clearance (Control Number 1110–0057).

3. *The agency form number, if any, and the applicable component of the Department sponsoring the collection:* There is no form number for this collection. The applicable component within the Department of Justice is the Criminal Justice Information Services Division, in the Federal Bureau of Investigation.

4. *Affected public who will be asked or required to respond, as well as a brief abstract:*

Primary: Law enforcement, academia, and the general public.

Abstract: This survey is needed to collect feedback on the Federal Bureau of Investigation Uniform Crime Reporting Program’s plan to perform pilot testing of the Law Enforcement Suicide Data Collection questionnaire and electronic application.

5. *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* The Federal Bureau of Investigation Uniform Crime Reporting Program’s Law Enforcement Suicide Data Collection Pilot Testing will involve a maximum of 25 respondents with an estimated 120 minutes of burden per respondent (30 minutes for completion of the questionnaire and 90 minutes for completion of the cognitive testing interview).

6. *An estimate of the total public burden (in hours) associated with the collection:* There are approximately 50 hours, annual burden, associated with this pilot testing plan.

If additional information is required contact: Melody Braswell, Department Clearance Officer, United States Department of Justice, Justice Management Division, Policy and Planning Staff, Two Constitution Square, 145 N Street NE, 3E.405A, Washington, DC 20530.

Dated: May 18, 2021.

Melody Braswell,

Department Clearance Officer for PRA, U.S. Department of Justice.

BILLING CODE 4410–02-P

DEPARTMENT OF JUSTICE**Federal Bureau of Prisons****Record of Decision; Final Supplemental Environmental Impact Statement for the Proposed Development of a Federal Correctional Institution and Federal Prison Camp on the Grounds of the United States Penitentiary in Leavenworth, KS**

The U.S. Department of Justice, Federal Bureau of Prisons (BOP) announces the availability of the Record of Decision (ROD) concerning the Final Supplemental Environmental Impact Statement (FSEIS) for the proposed development of a Federal Correctional Institution (FCI) and Federal Prison Camp (FPC) on the grounds of the United States Penitentiary (USP) in Leavenworth, Kansas.

Background Information: Pursuant to Section 102 of the National Environmental Policy Act of 1969 and the Council of Environmental Quality Regulations found at 40 CFR parts 1500–1508, BOP has prepared Draft Supplemental and Final Supplemental Environmental Impact Statements (EISs) for the development of a medium-security FCI and a minimum-security satellite work camp, to replace the existing, aged correctional facilities.

Project Information: The mission of the BOP is to protect society by confining offenders in the controlled environments of prison and community-based facilities that are safe, humane, cost-efficient, and appropriately secure, and that provide work and other self-improvement opportunities to assist offenders in becoming law-abiding citizens.

A growing challenge to the BOP’s mission is that an increasing number of federal correctional facilities and supporting infrastructure are aging, resulting in an ongoing need for new facilities and infrastructure. Among the oldest are the medium-security facility and federal prison camp at USP Leavenworth. In the FSEIS, BOP proposed to construct and operate a new FCI designed to house approximately 1,152 medium-security inmates and an FPC designed to house 256 minimum-security inmates with approximately 338 staff for operation. Development of a new FCI and FPC will help to meet the need for modern correctional facilities and infrastructure and to address the specific need for a new medium-security FCI and minimum-security FPC in Leavenworth to replace the existing, aged correctional facilities.

Once development is completed and the new facilities are activated, inmates
