OFFICE OF PERSONNEL
MANAGEMENT

5 CFR Part 532
RIN 3206-AN20

Prevailing Rate Systems; Definition of
Hancock County, Mississippi, to a
Nonappropriated Fund Federal Wage
System Wage Area

AGENCY: U.S. Office of Personnel
Management.
ACTION: Proposed rule with request for
comments.

SUMMARY: The U.S. Office of Personnel
Management (OPM) is issuing a
proposed rule that would define
Hancock County, Mississippi, as an area
of application county to the Harrison,
MS, nonappropriated fund (NAF)
Federal Wage System (FWS) wage area.
This change is necessary because there
are four NAF FWS employees working
in Hancock County, and the county is
not currently defined to a NAF wage
area.

DATES: We must receive comments on or
before September 28, 2015.

ADDRESSES: You may submit comments,
identified by “RIN 3206-AN20,” using
any of the following methods:

instructions for submitting comments.

SUPPLEMENTARY INFORMATION: OPM is
issuing a proposed rule that would
define Hancock County, MS, as an area
of application to the Harrison, MS, NAF
FWS wage area. The Navy Exchange and
Navy Morale, Welfare, and Recreation in
Hancock County is now operating NAF

activities at the John C. Stennis Space
Center, located in southwestern
Mississippi, with a combined total of
four NAF employees.

Under section 532.219 of title 5, Code
of Federal Regulations, each NAF wage
area “shall consist of one or more
survey areas, along with nonsurvey
areas, if any, having nonappropriated
fund employees.” Hancock County does
not meet the regulatory criteria under 5
CFR 532.219 to be established as a
separate NAF wage area; however,
nonsurvey counties may be combined
with a survey area to form a wage area.
Section 532.219 lists the regulatory
criteria that OPM considers when
defining FWS wage area boundaries:

- Proximity of largest facilities
activity in each county;
- Transportation facilities and
commuting patterns; and
- Similarities of the counties in:
 - Overall population,
 - Private employment in major
industry categories, and
 - Kinds and sizes of private
industrial establishments.

Based on an analysis of the regulatory
criteria for defining NAF wage areas,
Hancock County, MS, should be defined
as an area of application to Harrison,
MS, NAF FWS wage area. The
proximity criterion favors the Harrison,
MS, wage area more than the Orleans,
LA, wage area. The transportation
facilities criterion does not favor one
wage area more than another. The
commuting patterns criterion favors the
Harrison wage area. Although the
overall population, employment sizes,
and kinds and sizes of private industrial
establishments criterion does not favor
one wage area more than another, the
industrial distribution pattern for
Hancock County is more similar to the
Harrison survey area than to the Orleans
survey area. While a standard review of
regulatory criteria shows mixed results,
the proximity and commuting patterns
criteria solidly favor the Harrison wage
area. Based on this analysis, we propose
that Hancock County be defined to the
Harrison NAF wage area.

The proposed expanded Harrison
NAF wage area would consist of one
survey county (Harrison County, MS)
and four area of application counties
(Mobile County, AL, and Forrest,
Hancock, and Jackson Counties, MS).
The Federal Prevailing Rate Advisory
Committee, the national labor-

management committee responsible for
advising OPM on matters concerning
the pay of FWS employees,
recommended this change by
consensus. This change would be
effective on the first day of the first
applicable pay period beginning on or
after 30 days following publication of
the final regulations.

Regulatory Flexibility Act

I certify that these regulations would
not have a significant economic impact
on a substantial number of small entities
because they would affect only Federal
agencies and employees.
