

Summary of Collection: Most Farm Service Agency (FSA) programs are administered on the basis of "farm". For program purposes, a farm is a collection of tracts of land that have the same owner and the same operator. Land with different owners may be considered to be a farm if all the land is operated by one person and additional criteria are met. A farm is typically administered in the FSA county office where the farm is physically located. A farm transfer can be initiated if the farm is being transferred back to the county where the farm is physically located, the principal dwelling on the farm operator has changed, a change has occurred in the operation of the land, or there has been a change that would cause the receiving administrative county to be more accessible. Form FSA-179, "Transfer of Farm Record Between Counties," is used as the request for a farm transfer from one county to another initiated by the producer.

Need and Use of the Information: The information collected on the FSA-179 is collected only if a farm transfer is being requested and is collected in a face-to-face setting with county office personnel. The information is used by county office employees to document which farm is being transferred, what county it is being transferred to, and why it is being transferred. Without the information county offices will be unable to determine whether the producer desires to transfer a farm.

SUMMARY: The Commodity Credit Corporation (CCC) and the Farm Service Agency (FSA) are announcing the availability of Noninsured Crop Disaster Assistance Program (NAP) payments under the 2012 NAP Frost Freeze (NAPFF) Program, which will provide payments for losses to 2012 annual fruit crops grown on bushes or trees in counties that received Secretarial disaster designations due to frost or freeze for the 2012 crop year. This retroactive assistance for 2012 losses is authorized by the Agricultural Act of 2014 (the 2014 Farm Bill).
