

because of their history and credibility with target populations and their access to groups that may not be easily reached. Over time, CDC's program for HIV prevention by CBOs has grown in size, scope, and complexity to respond to changes in the epidemic, including the diffusion and implementation of Effective Behavioral Interventions (EBIs) for HIV prevention.

CDC's EBIs have been shown to be effective under controlled research environments, but there is limited data on intervention implementation and client outcomes in real-world settings (as implemented by CDC-funded CBOs). The purpose of CMEP-WILLOW is to (a) assess the fidelity of the implementation of the selected intervention at the CBO; and (b) improve the performance of CDC-funded CBOs delivering the WILLOW intervention by monitoring changes in clients' self-reported attitudes and beliefs regarding HIV and HIV transmission risk behaviors after participating in WILLOW. The project also plans to conduct process monitoring of the delivery of the

intervention in terms of recruitment, retention, and data collection, entry, and management. Four CBOs will receive supplemental funding under PS 10-1003 over a five-year period to participate in CMEP-WILLOW.

CBOs will conduct outcome and process monitoring of the project between July 1, 2011 and June 30, 2015. They will recruit 400 women living with HIV who are 18 years of age and older, have known their positive HIV status for at least 6 months, and are enrolled in the WILLOW intervention to participate in CMEP-WILLOW. Each participant will complete a 20 minute, self administered, computer based interview prior to their participation in the WILLOW intervention and an 18 minute, self administered, computer based interview at two follow-up time points (90- and 180-days following the WILLOW intervention) to assess their HIV-related attitudes and behavioral risks. CBOs will be expected to retain 80% of these participants at both follow-up time points.

Throughout the project, funded CBOs will be responsible for managing the daily procedures of CMEP-WILLOW to ensure that all required activities are performed, all deadlines are met, and quality assurance plans, policies and procedures are upheld. CBOs will be responsible for participating in all CDC-sponsored grantee meetings related to CMEP-WILLOW.

Findings from this project will be primarily used by the participating CBOs. The CBOs may use the findings to (a) better understand if the outcomes are different across demographic and behavioral risk groups as well as agency and program model characteristics; (b) improve the future implementation, management, and quality of WILLOW; and (c) guide their overall HIV prevention programming for women living with HIV. CDC and other organizations interested in behavioral outcome monitoring of WILLOW or similar HIV prevention interventions can also benefit from lessons learned through this project.

ESTIMATED ANNUALIZED BURDEN HOURS

Respondent	Form	Number of respondents	Number of responses per respondent	Average burden response (in Hours)	Total burden (in Hours)
General population	Screeners	400	1	2/60	13
General population	Baseline Interview	400	1	20/60	133
General population	90-day Follow-up Interview.	320	1	18/60	96
General population	180-day Follow-up Interview.	320	1	18/60	96
Total					338

Dated: January 26, 2011.

Carol E. Walker,

Acting Reports Clearance Officer, Centers for Disease Control and Prevention.

Proposed Information Collection Activity; Comment Request

Proposed Projects

Title: Help America Vote Act (HAVA) Voting Access Application and Annual Report.

OMB No: 0970-0327.

Description: This is a revision to include the application for the previously cleared Help America Vote Act (HAVA) Annual report, Payments to States and Units of Local Government (42 U.S.C. 15421).

The Help America Vote Act (HAVA) application to States and Units of Local Government is required by Federal statute and regulation. Each State or Unit of Local Government must prepare an application to receive funds under the Help America Vote Act (HAVA), Public Law 107-252, Title II, Subtitle D, Part 2, Sections 261 to 265, Payments to States and Units of Local Government to Assure Access for Individuals with Disabilities (42 U.S.C. 15421-25). The application is provided in writing to the Administration for Children and Families, Administration on Developmental Disabilities.

An annual report is required by Federal statute (the Help America Vote Act (HAVA) of 2002, Public Law 107-252, Section 261, Payments to States and Units of Local Government, 42 U.S.C. 15421). Each State or Unit of Local Government must prepare and submit an annual report at the end of every fiscal year. The report addresses the activities conducted with the funds provided during the year. The information collected from the annual report will be aggregated into an annual profile of how States have utilized the funds and establish best practices for election officials. It will also provide an overview of the State election goals and accomplishments and permit the Administration on Developmental Disabilities to track voting progress to monitor grant activities.

Respondents

ANNUAL BURDEN ESTIMATES

Instrument	Number of respondents	Number of responses per respondent	Average burden hours per response	Total burden hours
HAVA Annual Report	50	1	24	1,200
HAVA Application	55	1	50	2,750
Estimated Total Annual Burden Hours				3,950

In compliance with the requirements of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Administration for Children and Families is soliciting public comment on the specific aspects of the information collection described above. Copies of the proposed collection of information can be obtained and comments may be forwarded by writing to the Administration for Children and Families, Office of Administration, Office of Information Services, 370 L'Enfant Promenade, SW., Washington, DC 20447, Attn: ACF Reports Clearance Officer. E-mail address: infocollection@acf.hhs.gov. All requests should be identified by the title of the information collection.

The Department specifically requests comments on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) the quality, utility, and clarity of the information to be collected; and (d)

ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted within 60 days of this publication.

Dated: January 25, 2011.

Robert Sargis,

Reports Clearance Officer.

Submission for OMB Review; Comment Request

Title: Low Income Home Energy Assistance Program (LIHEAP) Grantee Survey.

Description: The LIHEAP Grantee Survey is an annual data collection

activity, which is sent to grantees of the 50 states and the District of Columbia administering the Low Income Home Energy Assistance Program (LIHEAP). The survey is mandatory in order that national estimates of the sources and uses of LIHEAP funds can be calculated in a timely manner; a range can be calculated of State average LIHEAP benefits; and maximum income cutoffs for four-person households can be obtained for estimating the number of low-income households that are income eligible for LIHEAP under the State income standards.

The need for the above information is to provide the Administration and Congress with fiscal estimates in time for hearings about LIHEAP appropriations and program performance. The information also is included in the Department's annual LIHEAP Report to Congress. Survey information also will be posted on the Office of Community Services' LIHEAP Web site for access by grantees and other interested parties.

Respondents: 50 States and the District of Columbia.

ANNUAL BURDEN ESTIMATES

Instrument	Number of respondents	Number of responses per respondent	Average burden hours per response	Total burden hours
LIHEAP Grantee Survey	51	1	3.5	178.50
Estimated Total Annual Burden Hours				178.50

Additional Information

Copies of the proposed collection may be obtained by writing to the Administration for Children and Families, Office of Administration, Office of Information Services, 370 L'Enfant Promenade, SW., Washington, DC 20447, Attn: ACF Reports Clearance Officer. All requests should be identified by the title of the information collection. E-mail address: infocollection@acf.hhs.gov.

OMB Comment

OMB is required to make a decision concerning the collection of information between 30 and 60 days after publication of this document in the **Federal Register**. Therefore, a comment is best assured of having its full effect if OMB receives it within 30 days of publication. Written comments and recommendations for the proposed information collection should be sent directly to the following:

Office of Management and Budget, Paperwork Reduction Project, Fax: 202-395-6974, Attn: Desk Officer for the Administration for Children and Families.

Dated: January 25, 2011.
