

**DEPARTMENT OF TRANSPORTATION****Research and Innovative Technology Administration****Agency Information Collection; Activity Under OMB Review; Omnibus Household Survey Program**

**AGENCY:** Research & Innovative Technology Administration (RITA), Bureau of Transportation Statistics (BTS), DOT.

**ACTION:** Notice.

**SUMMARY:** In accordance with the requirements of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, this notice announces that the Information Collection Request (ICR) described below is being forwarded to the Office of Management and Budget (OMB) for approval for a new information collection related to the use of and satisfaction with the nation's transportation system. The ICR describes the nature of the information collection and its expected burden. The **Federal Register** notice with a 60-day comment period soliciting comments on the following collection of information was published on February 12, 2007 (72 FR 6665) and the comment period ended on April 14, 2007. The 60-day notice produced no comments.

**DATES:** Written comments should be submitted by May 24, 2007.

**FOR FURTHER INFORMATION CONTACT:** Ms. June Taylor Jones, Passenger Travel Program Manager, Room 3430, RITA, BTS, Department of Transportation, 400 Seventh Street, SW., Washington, DC 20590-0001. Telephone (202) 366-4743, Fax (202) 493-0568 or e-mail [june.jones@dot.gov](mailto:june.jones@dot.gov).

**SUPPLEMENTARY INFORMATION:**

*Title:* Omnibus Household Survey (OHS) Program.

*Type of Request:* Approval of a new information collection.

*OMB Control Number:* New.

*Affected Public:* The population for the OHS Program is the non-institutionalized population, aged 18 and older, who live in the United States. The sampling frame will be a list-assisted random digit dialing (RDD) sample of U.S. residential telephone numbers. The sampling frame will be constructed to produce samples proportional to population density, resulting in nationally representative samples of residential telephone numbers. Individual survey respondents within selected households will be chosen at random.

*Number of Respondents:* 1,000–2,000 (depending on focus of survey).

*Number of Responses:* 1,000–2,000 (depending on focus of survey).

*Total Annual Burden:* 250–500 hours (Based on previous data collections, we estimate the average time to complete the survey is 15 minutes. 15 minutes × 1,000 respondents = 15,000 minutes/60 minutes = 250 hours or 500 hours if 2,000 respondents are sampled).

*Abstract:* In 2005, Congress passed, and the President signed, the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU; Pub. L. 109-59). SAFETEA-LU contained a number of legislative mandates including providing data, statistics and analyses to transportation decision-makers. The Research and Innovative Technology Administration, Bureau of Transportation Statistics (RITA/BTS) was tasked to accomplish this legislative mandate under 49 U.S.C. 111 (c) (1). RITA/BTS plans to use the Omnibus Household Survey (OHS) to:

- Assess the public's evaluation of the nation's transportation system in light of the DOT's strategic goals (safety, reduced congestion, global connectivity, environmental stewardship and security, preparedness and response),
- Provide a vehicle for the operating administrations within the DOT as well as other governmental agencies, to survey the public about current transportation issues, and
- Provide national estimates of transportation mode usage.

Each version of the OHS will focus on some subset of topics taken from the list below. Topics may vary from survey to survey since covering all topics in one questionnaire would make the respondent burden unacceptable:

Frequency of mode use in the month prior to the survey month:

Commercial air  
Privately-owned vehicle  
Taxi  
Light rail  
Commuter rail  
Public bus  
Intercity Rail (Amtrak)  
Other modes such as biking and walking  
Confidence in the safety of the following modes of transportation:  
Commercial air  
Privately-owned vehicle  
Taxi  
Light rail  
Commuter rail  
Water transportation (taxis, ferries, ships)  
Public bus  
Intercity Rail (Amtrak)  
Other modes such as biking/walking/ferries  
Confidence in the security procedures for the following modes of transportation:  
Commercial air  
Charter/general aviation  
Privately-owned vehicle

Taxi  
Light rail  
Commuter rail  
Water transportation (taxis, ferries, ships)  
Public bus  
Intercity Rail (Amtrak)  
Assessment of/satisfaction with security procedures for the following modes of transportation:  
Commercial air  
Charter/general aviation  
Privately-owned vehicle  
Taxi  
Light rail  
Commuter rail  
Water transportation (taxis, ferries, ships)  
Public bus  
Intercity Rail (Amtrak)  
Processing through security at Commercial airports  
Train stations  
Waterway entry points for ferries, water taxis, cruises  
Knowledge of/confidence in the Registered Traveler Program  
Knowledge of Registered Traveler Program  
Have used Registered Traveler Program  
Confidence in Registered Traveler Program  
Knowledge of current check-in procedures at Commercial airports  
Train stations  
Waterway entry points for ferries, water taxis, cruises  
Knowledge of/confidence in the Alien Flight Student Program and TSA Vetting Programs  
Experiences with transit delays related to suspicious/unattended baggage  
Willingness/tolerance of transportation security risk management procedures  
Information on journey to work  
Transportation used (single mode/multiple mode)  
Time required for one-way trip  
Number of days traveled  
Assessment of congestion  
Methods for dealing with congestion  
Telecommuting information  
Commuting costs  
Availability of transportation subsidies  
Impact of congestion on commute  
Impact of fuel costs on transportation use/travel behavior  
Impact of on-line shopping on passenger and freight travel

Send comments to the Office of Information and Regulatory Affairs, Office of Management and Budget, 725-17th Street, NW., Washington, DC 20503, Attention: BTS Desk Officer.

Issued in Washington, DC on this 16th day of April, 2007.

**William Bannister,**

*Acting Deputy Director, Research and Innovative Technology Administration, Bureau of Transportation Statistics, US Department of Transportation.*
