SUPPLEMENTARY INFORMATION: The agencies are proposing to standardize the yearly collection of branch information among all FDIC-insured entities. To accomplish this goal, the agencies are proposing to cease collection of branching and deposit data

from OTS-regulated savings associations through the BOS and require this data be filed through the SOD. The SOD is currently the data collection facility used by all other FDIC-insured entities. The SOD and the BOS are currently approved collections of information for each agency.

1. **Report Title:** Summary of Deposits Survey (SOD).

Form Number: 8020/05.

Frequency of Response: Annually.

Affected Public: Business or other for-profit.

FDIC

OMB Number: 3064-0061.

Current:

Estimated Number of Respondents: 6,000 insured commercial banks and state-chartered savings banks.

Estimated Time per Response: 3 burden hours.

Estimated Total Annual Burden: 18,000 burden hours.

Proposed:

Estimated Number of Respondents: 6,535 insured commercial banks, state-chartered savings banks, and savings associations.

Estimated Time per Response: 3 burden hours.

Estimated Total Annual Burden: 19,605 burden hours.

The current annual burden for the SOD is estimated to be 18,000 hours. Approximately 6,000 institutions spend an average of three hours to prepare the SOD. It is estimated that some institutions with only two or three branches will take 15 minutes to complete the survey while larger banks usually have the branch information in their system for easy retrieval to complete the SOD form.

As discussed in more detail later in this notice, there are differences in the panel of institutions required to report data through the SOD and those required to report data through the BOS. In summary, single-office institutions are not required to file the SOD, but are required to file the BOS. OTS estimates there are approximately 180 single-office savings associations that are currently required to file data through the BOS but would not be required to file data through the SOD.

Another difference in the panel of institutions required to file through the BOS compared to through the SOD are trust-only institutions. All trust-only savings associations are exempt from filing data through the BOS. However, trust-only institutions with more than one office location would be required to file data through the SOD. There is one trust-only savings association with more than one office location and, hence, this

institution would be required to file through the SOD. Given these changes in the panel of required filers, the proposed burden estimates above for filing through the SOD reflect a net reduction of 180 savings associations from the total 715 OTS-regulated savings associations required to file through the BOS.

2. Report Title: Branch Office Survey System (BOS).

Form Number: OTS 248 (for savings associations).

Frequency of Response: Annually.

Affected Public: Business or other for-profit.

OTS

OMB Number: 1550–0004.

Current:

Estimated Number of Respondents: 715 savings associations.

Estimated Time per Response: 3 burden hours.

Estimated Total Annual Burden: 2,145 burden hours.

Proposed:

Estimated Number of Respondents: Not applicable.

Estimated Time per Response: Not applicable.

Estimated Total Annual Burden: Not applicable.

The burden estimates above for filing through the BOS reflect a reduction for the 16 trust-only savings associations that would not be required to file through the BOS from the total population of 731 OTS-regulated savings associations.

General Description of Reports

These information collections are mandatory. The FDIC is authorized to collect these data under section 9 (Eighth) of the Federal Deposit Insurance Act (12 U.S.C. 1819), which gives the FDIC the power to require information and reports from banks to carry out its statutory responsibilities regarding bank supervision. The survey has been conducted on a yearly basis since 1972.

OTS is authorized to collect this data under Sections 3(b)(2) and 4(a)(2) of the Home Owners' Loan Act (12 U.S.C. 1462a(b)(2) and 1463(a)(2)).

All data collected through the BOS and the SOD submissions are available to the public.

Abstract

Institutions submit SOD and BOS data to the agencies annually for the agencies' use in monitoring branching activity, reviewing changes in levels of deposits at branches, and in evaluating changes in market share of deposits by location. SOD and BOS submissions

also provide branch deposit data necessary for evaluating institutions' corporate applications, for identifying areas of focus for on-site and off-site examinations, and for monetary and other public policy purposes. In addition, SOD data are used to measure the host state loan-to-deposit ratios used to determine compliance with section 109 of the Riegle-Neal Interstate Banking and Branching Efficiency Act of 1994, which generally prohibits a bank from establishing or acquiring a branch or branches outside its home state primarily for the purpose of deposit production.

Effect of Recent Legislation

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, Public Law 111–203 (the Dodd-Frank Act) was enacted into law on July 21, 2010. Title III of the Dodd-Frank Act abolishes the OTS, provides for its integration with the Office of the Comptroller of the Currency (OCC) effective as of July 21, 2011 (the “transfer date”), and transfers its functions to the OCC, the Board of Governors of the Federal Reserve System (Board), and the FDIC.

Under Title III of the Dodd-Frank Act, all functions of the OTS relating to federal savings associations and rulemaking authority for all savings associations are transferred to the OCC. All functions of the OTS relating to state-chartered savings associations (other than rulemaking) are transferred to the FDIC. All functions of the OTS relating to supervision of savings and loan holding companies (including rulemaking) are transferred to the Board.

After careful review, the agencies believe having common financial reports and reporting processes among all FDIC-insured institutions is more efficient and will lead to more uniform comparisons of financial condition, performance, and trends. For these reasons, the OTS is proposing to eliminate the BOS data collection process used by OTS-regulated savings associations and require these entities to file this information using the SOD processes and systems. This proposal would standardize the reporting routines and processes required of all FDIC-insured entities for branch office data through the SOD.

Current Actions

On February 8, 2011, the agencies requested public comment (76 FR 7087) on their proposal to implement changes to savings associations' branch office reporting requirements effective June 30, 2011. These changes are intended to provide a consistent data collection

needed for reasons of safety and soundness or other public purposes. The proposed changes would require OTS-regulated savings associations to cease filing through the BOS and commence filing through the SOD, thus standardizing the yearly collection of branch office information, including deposit data, between OTS-regulated savings associations and all other FDIC-insured entities.

The agencies collectively received one comment from a bankers' association. The bankers' association did not object to the proposed change taking effect in 2011, but indicated that the “FDIC and OTS should be flexible with institutions who have limited resources and/or complex reports.” In particular, the commenter mentioned that thrifts had a longer filing period to file the BOS data than the FDIC gives SOD filers. In response to this concern, the FDIC will grant, for the 2011 SOD cycle only, an additional fifteen days for thrifts to submit their SOD data to the FDIC. All thrifts will be expected to file the 2011 SOD no later than August 15, 2011. In future years, a July 31 deadline will apply to all filers. In summary, after considering the comment received on the proposal, the agencies plan to proceed with the reporting changes proposed, with the provision for an additional fifteen days for thrifts to file the SOD in 2011 only, and will submit the proposal to OMB for review and approval. Thus, savings associations would commence filing the SOD as of the June 30, 2011, report date.
