

This program is subject to the provisions of Executive Order 12372, as implemented by 45 CFR 100. Executive Order 12372 allows States the option of setting up a system for reviewing applications from within their States for assistance under certain Federal programs. Application packages made available under this Guidance will contain a listing of States which have chosen to set up such a review system and will provide a Single Point of Contact (SPOC) for the State's review. Information on states affected by this program and State Points of Contact may also be obtained from the Grants Management Specialist cited in the application guidance, as well as at <http://www.whitehouse.gov/omb/grants/spoc.html>. All applicants other than federally recognized American Indian tribes should contact their SPOCs as early as possible to alert them to prospective applications and receive any necessary instruction on the State process used under this Executive Order.

The activities proposed to be implemented through this award are not considered to be research activities.

Non-Federal reviewers will participate in the review of submitted applications. Applicants have the option of omitting from the application copies (but not from the original) specific salary rates or amounts for individuals specified in the application budget and Social Security Numbers, if otherwise required for individuals. The copies may include summary salary information.

Review Process: Applications submitted in response to this NOAF will be reviewed for threshold criteria and

technical merit by an Objective Review Committee. Each application must address and apply for both aspects of the TC: (a) Brokering, facilitation, and management of twinning partners; and (b) funding of in-country twinning and volunteer activity. The threshold criteria are: (1) Need (10 points); (2) Response (30 points); (3) Evaluative Measures (10 points); (4) Impact (10 points); (5) Resources/Capabilities (30 points); and (6) Support Requested (10 points). Technical Merit criteria are more completely defined in the Application Kit.

Paperwork Reduction Act: Should there be any data collection activities associated with this Cooperative Agreement that fall under the purview of the Paperwork Reduction Act of 1995, then OMB clearance will be sought.

Dated: June 25, 2004.

Substance Abuse and Mental Health Services Administration

Agency Information Collection Activities: Submission for OMB Review; Comment Request

Periodically, the Substance Abuse and Mental Health Services Administration (SAMHSA) will publish a summary of information collection requests under OMB review, in compliance with the Paperwork Reduction Act (44 U.S.C.

chapter 35). To request a copy of these documents, call the SAMHSA Reports Clearance Officer on (301) 443-7978.

Proposed Project: 2005 National Survey on Drug Use and Health—(OMB No. 0930-0110, Revision)—The National Survey on Drug Use and Health (NSDUH), formerly the National Household Survey on Drug Abuse (NHSDA), is a survey of the civilian, noninstitutionalized population of the United States 12 years old and older. The data are used to determine the prevalence of use of tobacco products, alcohol, illicit substances, and illicit use of prescription drugs. The results are used by SAMHSA, ONDCP, Federal government agencies, and other organizations and researchers to establish policy, direct program activities, and better allocate resources.

For the 2005 NSDUH, questions on mental health and utilization of mental health services will be included. Questions on mental health, in conjunction with questions on substance use, treatment for substance use, and mental health services, will greatly enhance the ability to characterize and understand the co-occurrence and treatment of mental illness and substance use problems in the U.S. The remaining modular components of the questionnaire will remain essentially unchanged except for minor modifications to wording.

As with all NSDUH/NHSDA surveys conducted since 1999, the sample size of the survey for 2005 will be sufficient to permit prevalence estimates for each of the fifty states and the District of Columbia. The total annual burden estimate is shown below:

	Number of responses	Responses/respondent	Average burden/response (hr.)	Total burden (hrs.)
Electronic Screening	182,250	1	.083	15,127
Questionnaire & Verification	67,500	1	1.0	67,500
Screening Verification	5,494	1	0.067	372
Interview Verification	10,125	1	0.067	678
Total	249,750			183,673

Written comments and recommendations concerning the proposed information collection should be sent by August 12, 2004 to: SAMHSA Desk Officer, Human Resources and Housing Branch, Office of Management and Budget, New Executive Office Building, Room 10235, Washington, DC 20503; due to potential delays in OMB's receipt and processing of mail sent through the U.S. Postal Service, respondents are encouraged to submit comments by fax to: (202) 395-6974.

Dated: July 2, 2004.

Title of Proposal: Housing Agency (HA) Calculation of Occupancy Percentage for a Requested Budget Year (RBY), PHA-Owned Rental Housing, Performance Funding System.

OMB Control Number: 2577-0066.

Description of the need for the information and proposed use: HUD uses a formula approach called the Performance Funding System (PFS) to distribute operating subsidies to housing agencies (HAs). This form provides structured format for HAs to use in developing an appropriate and justifiable projection of occupancy and to report various types of vacant units and, in particular, units that are vacant for circumstances and reasons beyond the control of the HA. The projected occupancy percentage that is developed and reported on this form is then used as one element in the Department's calculation of the HA's operating subsidy under the PFS. This information also is included in the HA's PFS operating subsidy submissions that are reviewed and approved by HUD and serve as the basis for obligating operating subsidies.

Agency form number: HUD-52728.
