

NPS will accept written comments as well as provide for verbal comments to be recorded.

Comments will be analyzed and responded to within the Final Environmental Impact Statement for the White-tailed Deer Management Plan. Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

FOR FURTHER INFORMATION CONTACT:

Kristina M. Heister, Natural Resource Manager, Valley Forge National Historical Park, 1400 North Outer Line Drive, King of Prussia, PA 19406, (610) 783-1008.

SUPPLEMENTARY INFORMATION:

Development of the Environmental Impact Statement for the White-tailed Deer Management Plan for Valley Forge National Historical Park was initiated in 2006, pursuant to the 2006 House Appropriations Report (HR 109-465): "The public has been patient as the NPS has worked through its process in regard to management of the over-abundance of white-tailed deer at the park. Within existing funds, NPS is directed to begin the environmental impact statement for deer management. The Committee expects that the plan will be funded fully so that it can be completed in fiscal year 2008. The Committee further expects that implementation of the selected action will begin immediately upon signing of the Record of Decision."

The DEIS evaluates four alternatives for managing white-tailed deer in the park. The document describes and analyzes the environmental impacts of three action alternatives and the no-action alternative.

Alternatives: Alternative A (no action) would continue the existing deer management activities of monitoring deer population size and vegetation, small scale fencing of selected vegetation, removal of deer killed on roadways, public education, coordination with the Pennsylvania Game Commission, and continuation of limited CWD surveillance; no new deer management actions would be implemented.

Alternative B would combine several non-lethal actions, including large-scale rotational fencing of 10% to 15% of the park's forested area and reproductive control of does to gradually reduce deer

population in the park. Chronic wasting disease surveillance would include live testing (via tonsillar biopsy) and removal of CWD-positive individuals.

Under Alternative C, qualified federal employees or contractors would directly reduce the deer population in the park through sharpshooting and through capture and euthanasia, where appropriate. CWD response would include rapid reduction of the deer population to the target deer density and the potential for a one-time reduction action to not less than 10 deer per square mile through sharpshooting and through capture and euthanasia. These actions would be taken for the purposes of assessing disease presence, prevalence, and distribution. These actions may also minimize the likelihood of CWD becoming established, minimize the likelihood of amplification and spread if the disease is introduced, and promote elimination of CWD, if possible.

Alternative D (NPS Preferred Alternative) would combine actions of Alternative C to directly reduce the deer population with reproductive control of does as under Alternative B to maintain population levels. CWD response actions would be the same as described for Alternative C.

Dated: September 29, 2008.

Dennis R. Reidenbach,

Regional Director, Northeast Region, National Park Service.

DEPARTMENT OF THE INTERIOR

National Park Service

Boston Harbor Islands National Recreation Area Advisory Council; Notice of Public Meeting

AGENCY: Department of the Interior, National Park Service, Boston Harbor Islands National Recreation Area.

ACTION: Notice of meeting.

SUMMARY: Notice is hereby given that a meeting of the Boston Harbor Islands National Recreation Area Advisory Council will be held on Wednesday, December 3, 2008, at 4 p.m. to 6 p.m. at National Park Service, 408 Atlantic Avenue, 2nd floor Conference Room, Boston, MA 02110.

This will be a quarterly meeting of the Council. The agenda will include a report from the council's steering committee, the park's draft 2016 strategic plan, preparations for the council's annual meeting in March,

report from the Superintendent, and public comment.

The meeting will be open to the public. Any person may file with the Superintendent a written statement concerning the matters to be discussed. Persons who wish to file a written statement at the meeting or who want further information concerning the meeting may contact Superintendent Bruce Jacobson at (617) 223-8667.

DATES: December 3, 2008 at 4 p.m.

ADDRESSES: National Park Service, 408 Atlantic Avenue, 2nd floor Conference Room, Boston, MA 02110.

FOR FURTHER INFORMATION CONTACT: Superintendent Bruce Jacobson, (617) 223-8667.

SUPPLEMENTARY INFORMATION: The Advisory Council was appointed by the Director of National Park Service pursuant to Public Law 104-333. The 28 members represent business, educational/cultural, community and environmental entities; municipalities surrounding Boston Harbor; Boston Harbor advocates; and Native American interests. The purpose of the Council is to advise and make recommendations to the Boston Harbor Islands Partnership with respect to the development and implementation of a management plan and the operations of the Boston Harbor Islands NRA.

Dated: November 5, 2008.

Bruce Jacobson,

Superintendent, Boston Harbor Islands NRA.

INTERNATIONAL TRADE COMMISSION

[Investigation No. 731-TA-752 (Second Review)]

Crawfish Tail Meat From China

Determination

On the basis of the record ¹ developed in the subject five-year review, the United States International Trade Commission (Commission) determines, pursuant to section 751(c) of the Tariff Act of 1930 (19 U.S.C. 1675(c)), that revocation of the antidumping duty order on crawfish tail meat from China would be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.

¹ The record is defined in § 207.2(f) of the Commission's Rules of Practice and Procedure (19 CFR 207.2(f)).
