

Estimate of burden: The public reporting burden for this collection of information is estimated to average 0.25 hours per response.

Respondents: Importers, nurseries, and plant health officials of exporting countries.

Estimated annual number of respondents: 30.

Estimated annual number of responses per respondent: 5.

Estimated annual number of responses: 150.

Estimated total annual burden on respondents: 38 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 22nd day of May 2013.

Kevin Shea,

Acting Administrator, Animal and Plant Health Inspection Service.

BILLING CODE 3410-34-P

DEPARTMENT OF AGRICULTURE

Food Safety and Inspection Service

[Docket No. FSIS-2013-0016]

Notice of Request for Extension of a Currently Approved Information Collection: Public Health Information System—Animal Disposition Reporting

AGENCY: Food Safety and Inspection Service, USDA.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 and Office of Management and Budget (OMB) regulations, the Food Safety and Inspection Service (FSIS) is announcing its intention to request extension of an information collection for data on meat, poultry, exotic animal, and rabbit slaughter for the Public Health Information System—Animal Disposition Reporting because the information collection approval is scheduled to expire on June 30, 2013.

DATES: Comments on this notice must be received on or before July 29, 2013.

ADDRESSES: FSIS invites interested persons to submit comments on this notice. Comments may be submitted by one of the following methods:

- *Federal eRulemaking Portal:* This Web site provides the ability to type

short comments directly into the comment field on this Web page or attach a file for lengthier comments. Go to <http://www.regulations.gov>. Follow the on-line instructions at that site for submitting comments.

- *Mail, including CD-ROMs, etc.:* Send to Docket Clerk, U.S. Department of Agriculture, Food Safety and Inspection Service, Patriots Plaza 3, 1400 Independence Avenue SW., Mailstop 3782, Room 8-163A, Washington, DC 20250-3700.

- *Hand- or courier-delivered submittals:* Deliver to Patriots Plaza 3, 355 E. Street SW., Room 8-163A, Washington, DC 20250-3700

Instructions: All items submitted by mail or electronic mail must include the Agency name and docket number FSIS-2013-0016. Comments received in response to this docket will be made available for public inspection and posted without change, including any personal information, to <http://www.regulations.gov>.

Docket: For access to background documents or comments received, go to the FSIS Docket Room at Patriots Plaza 3, 355 E. Street, Room 8-164, Washington, DC 20250-3700 between 8:00 a.m. and 4:30 p.m., Monday through Friday.

For Additional Information: Contact John O'Connell, Paperwork Reduction Act Coordinator, Food Safety and Inspection Service, USDA, 1400 Independence Avenue SW., Room 6065, South Building, Washington, DC 20250; (202) 720-0345.

SUPPLEMENTARY INFORMATION: *Title:* Public Health Information System—Animal Disposition Reporting.

Type of Request: Extension of an approved information collection.

OMB Control Number: 0583-0139.

Expiration Date: 6/30/2013.

Abstract: FSIS has been delegated the authority to exercise the functions of the Secretary of Agriculture (7 CFR 2.18, 2.55) as specified in the Federal Meat Inspection Act (FMIA) (21 U.S.C. 601, *et seq.*) and the Poultry Products Inspection Act (PPIA) (21 U.S.C. 451, *et seq.*). FSIS protects the public by verifying that meat and poultry products are wholesome, not adulterated, and properly marked, labeled, and packaged. FSIS also inspects exotic animals and rabbits under the authority of the Agricultural Marketing Act of 1946, as amended (7 U.S.C. 1621, *et seq.*).

FSIS is planning to request an extension of an approved information collection that addresses paperwork requirements for the Public Health Information System—Animal Disposition Reporting, formerly known

as the electronic Animal Disease Reporting System, because the OMB approval will expire on June 30, 2013.

In accordance with 9 CFR 320.6, 381.180, 352.15, and 354.91, establishments that slaughter meat, poultry, exotic animals, and rabbits are required to maintain certain records regarding their business operations and to report this information to the Agency as required.

In the Public Health Information System—Animal Disposition Reporting, establishments report (by shift) slaughter totals in number of head and weight by animal category. Poultry slaughter establishments complete FSIS Form 6510-7 after each shift and submit it to the Agency. Other slaughter establishments provide their business records to FSIS to report the necessary information.

FSIS uses this information to plan inspection activities, to develop sampling plans, to target establishments for testing, to develop the Agency budget, and to develop reports to Congress. FSIS also provides this data to other USDA agencies, including the National Agricultural Statistics Service (NASS), the Animal and Plant Health Inspection Service (APHIS), the Agricultural Marketing Service (AMS), and the Grain Inspection, Packers and Stockyards Administration (GIPSA), for their publications and for other functions.

FSIS has made the following estimates on the basis of an information collection assessment:

Estimate of Burden: FSIS estimates that it will take poultry slaughter establishments an average of two minutes per response and other animal slaughter establishments five minutes per response to collect and submit this information to FSIS.

Respondents: Slaughter establishments.

Estimated Number of Respondents: 1,341.

Estimated Number of Annual Responses per Respondent: 500.

Estimated Total Annual Burden on Respondents: 48,350 hours.

Copies of this information collection assessment can be obtained from John O'Connell, Paperwork Reduction Act Coordinator, Food Safety and Inspection Service, USDA, 1400 Independence SW., Room 6065, South Building, Washington, DC 20250; (202)720-0345.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of FSIS's functions, including whether the information will have practical utility; (b) the accuracy of FSIS's estimate of the burden of the proposed

collection of information, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques, or other forms of information technology. Comments may be sent both to FSIS, at the addresses provided above, and to the Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget, Washington, DC 20253.

Responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

USDA Nondiscrimination Statement

The U.S. Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, gender, religion, age, disability, political beliefs, sexual orientation, and marital or family status. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiotope, etc.) should contact USDA's Target Center at 202-720-2600 (voice and TTY).

To file a written complaint of discrimination, write USDA, Office of the Assistant Secretary for Civil Rights, 1400 Independence Avenue SW, Washington, DC 20250-9410 or call 202-720-5964 (voice and TTY). USDA is an equal opportunity provider and employer.

Additional Public Notification

FSIS will announce this notice online through the FSIS Web page located at http://www.fsis.usda.gov/regulations_policies/Federal_Register_Notices/index.asp.

FSIS will also make copies of this **Federal Register** publication available through the FSIS Constituent Update, which is used to provide information regarding FSIS policies, procedures, regulations, **Federal Register** notices, FSIS public meetings, and other types of information that could affect or would be of interest to constituents and stakeholders. The Update is communicated via Listserv, a free electronic mail subscription service for industry, trade groups, consumer interest groups, health professionals, and other individuals who have asked to be included. The Update is also available on the FSIS Web page. In

addition, FSIS offers an electronic mail subscription service which provides automatic and customized access to selected food safety news and information. This service is available at http://www.fsis.usda.gov/News_Events/Email_Subscription/. Options range from recalls to export information to regulations, directives and notices. Customers can add or delete subscriptions themselves, and have the option to password protect their accounts.

Done at Washington, DC, on: May 20, 2013.
Alfred V. Almanza,
Administrator.

[Docket No. FSIS-2012-0041]

Availability of Compliance Guide for Residue Prevention and Response to Comments

AGENCY: Food Safety and Inspection Service, USDA.

ACTION: Notice of availability.

SUMMARY: The Food Safety and Inspection Service (FSIS) is announcing the availability of the final revision of the compliance guide for the prevention of violative residues in livestock slaughter establishments. In addition, this notice summarizes and responds to comments received on the guide and residue testing issues that FSIS raised previously in the **Federal Register**.

ADDRESSES: A downloadable version of the revised compliance guide is available to view and print at http://www.fsis.usda.gov/PDF/Residue_Prevention_Comp_Guide.pdf. No hard copies of the compliance guide have been published.

FOR FURTHER INFORMATION CONTACT: Rachel Edelstein, Assistant Administrator, Office of Policy and Program Development, at Telephone: (202) 205-0495, or by Fax: (202) 720-2025.

SUPPLEMENTARY INFORMATION:

I. Background

On April 25, 2012, FSIS announced the availability of a compliance guide for residue prevention (77 FR 24671) and requested comment on the guide. FSIS explained that the guide emphasizes that establishments, especially those that slaughter dairy cows and bob veal calves, should apply five basic measures to reduce or prevent

the occurrence of violative residues. The guide recommends that establishments should: (1) Confirm producer history; (2) buy animals from producers who have a history of providing residue-free animals and have effective residue prevention programs; (3) ensure that animals are adequately identified to enable traceback; (4) supply information to FSIS at ante-mortem inspection showing that animals in the lot did not come from repeat violators; and (5) notify producers in writing if their animals are found to have violative residues. Similarly, the guidance recommends that establishments notify producers in writing if their animals are found to have residues that are detectable but that do not exceed the tolerance or action levels established by the Food and Drug Administration (FDA) and the Environmental Protection Agency.

FSIS also explained that the compliance guide discusses the Agency's Residue Repeat Violator List. In addition, FSIS explained recent changes to the list, including that the list now includes only producers who have provided more than one animal with a violative residue during the past 12 months, and asked for comment on recent revisions to the list.

FSIS also announced that it recently increased testing for residues of carcasses in establishments with violations associated with the same producer or at establishments that fail to apply the residue control measures described in the compliance guide. Finally, FSIS also announced it intended to increase testing for residues in animals from producers who are under an injunction obtained by the FDA because of drug use practices that have led to residue violations.

In response to the comments it received, FSIS has updated the guidance document by substituting "residue free" and "drug free" with the phrase "free from violative residues." In addition, FSIS has included a discussion of means of livestock identification other than those discussed in the initial guidance that should be considered by livestock slaughter establishments when back tags are lost or prove ineffective in maintaining the identity of the animals.

The guide includes recommendations rather than regulatory requirements. FSIS encourages livestock slaughter establishments to follow this final guide.

As for increased testing of animals from producers under an injunction obtained by FDA, FSIS and FDA continue to discuss how this testing can best be done. FSIS did not receive any comments on this issue. FSIS advises
