

assemble and publish online on EPA-managed or controlled websites the SIP Rules, including SIP Rule revisions and submittals finally approved by EPA and published in the **Federal Register** on or before August 31, 2022, for every State. The proposed consent decree does not require EPA to publish "SIP Plans," consisting of various nonregulatory or quasi-regulatory plans or material, as distinct from SIP Rules. The proposed consent decree also provides that, not later than November 30, 2022, EPA shall submit to the Office of the Federal Register, for publication in the **Federal Register**, a notice of availability of the SIP Rules information published by EPA on EPA-managed or controlled websites. See the proposed consent decree in the docket for other terms and conditions.

In accordance with section 113(g) of the CAA, for a period of thirty (30) days following the date of publication of this document, the Agency will accept written comments relating to the proposed consent decree. EPA or the Department of Justice may withdraw or withhold consent to the proposed consent decree if the comments disclose facts or considerations that indicate that such consent is inappropriate, improper, inadequate, or inconsistent with the requirements of the Act.

III. Additional Information About Commenting on the Proposed Consent Decree

Submit your comments, identified by Docket ID No. EPA-HQ-OGC-2021-0725, via <https://www.regulations.gov>. Once submitted, comments cannot be edited or removed from this docket. EPA may publish any comment received to its public docket. Do not submit to EPA's docket at <https://www.regulations.gov> any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Multimedia submissions (audio, video, etc.) must be accompanied by a written comment. The written comment is considered the official comment and should include discussion of all points you wish to make. EPA will generally not consider comments or comment contents located outside of the primary submission (*i.e.*, on the web, cloud, or other file sharing system). For additional submission methods, the full EPA public comment policy, information about CBI or multimedia submissions, and general guidance on making effective comments, please visit <https://www.epa.gov/dockets/commenting-epa-dockets>. For additional information about submitting information identified as CBI, please contact the person listed

in the **FOR FURTHER INFORMATION CONTACT** section of this document. Note that written comments containing CBI and submitted by mail may be delayed and deliveries or couriers will be received by scheduled appointment only.

If you submit an electronic comment, EPA recommends that you include your name, mailing address, and an email address or other contact information in the body of your comment. This ensures that you can be identified as the submitter of the comment and allows EPA to contact you in case EPA cannot read your comment due to technical difficulties or needs further information on the substance of your comment. Any identifying or contact information provided in the body of a comment will be included as part of the comment that is placed in the official public docket and made available in EPA's electronic public docket. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment.

Use of the <https://www.regulations.gov> website to submit comments to EPA electronically is EPA's preferred method for receiving comments. The electronic public docket system is an "anonymous access" system, which means EPA will not know your identity, email address, or other contact information unless you provide it in the body of your comment.

Please ensure that your comments are submitted within the specified comment period. Comments received after the close of the comment period will be marked "late." EPA is not required to consider these late comments.

Gautam Srinivasan,
Associate General Counsel.

ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OPPT-2020-0616; FRL-9173-01-OMS]

Information Collection Request Submitted to OMB for Review and Approval; Comment Request; User Fees for the Administration of the Toxic Substances Control Act (Renewal)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency (EPA) has submitted an

information collection request (ICR), User Fees for the Administration of the Toxic Substances Control Act (EPA ICR Number 2569.04, OMB Control Number 2070-0208) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act. This is a proposed extension of the ICR, which is currently approved through October 31, 2021. Public comments were previously requested via the **Federal Register** on March 19, 2021 during a 60-day comment period. This notice allows for an additional 30 days for public comments. A fuller description of the ICR is given below, including its estimated burden and cost to the public. An Agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

DATES: Additional comments may be submitted on or before November 22, 2021.

ADDRESSES: Submit your comments to EPA, referencing Docket ID No. EPA-HQ-OPPT-2020-0616, online using www.regulations.gov (our preferred method), by email to sleasman.katherine@epa.gov, or by mail to: EPA Docket Center, Environmental Protection Agency, Mail Code 28221T, 1200 Pennsylvania Ave. NW, Washington, DC 20460. EPA's policy is that all comments received will be included in the public docket without change including any personal information provided, unless the comment includes profanity, threats, information claimed to be Confidential Business Information (CBI), or other information whose disclosure is restricted by statute.

Submit written comments and recommendations to OMB for the proposed information collection within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

FOR FURTHER INFORMATION CONTACT: Marc Edmonds, Existing Chemicals Risk Management Division (7407M), Office of Pollution Prevention and Toxics, Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460; telephone number: (202) 566-0758; email address: edmonds.marc@epa.gov.

SUPPLEMENTARY INFORMATION: Supporting documents, which explain in detail the information that the EPA

will be collecting, are available in the public docket for this ICR. The docket can be viewed online at www.regulations.gov or in person at the EPA Docket Center, WJC West, Room 3334, 1301 Constitution Ave. NW, Washington, DC. The telephone number for the Docket Center is 202-566-1744. For additional information about EPA's public docket, visit <http://www.epa.gov/dockets>.

Abstract: The Frank R. Lautenberg Chemical Safety for the 21st Century Act of 2016 made transformative changes to the Toxic Substances Control Act (TSCA), 15 U.S.C. 2601 *et seq.*, including an amendment that provides EPA with the authority to collect fees to defray 25% of the costs associated with administering TSCA sections 4, 5 and 6, as well as the costs of collecting, processing, reviewing and providing access to and protecting CBI from disclosure as appropriate under TSCA section 14. Payments are required from manufacturers (defined by statute to include importers) of a chemical substance who are required to submit information to EPA under TSCA section 4: Who submit certain notices and exemption requests to EPA under TSCA section 5: Who manufacture a chemical substance that is subject to a risk evaluation under TSCA section 6(b)(4): And who process a chemical substance that is the subject of a Significant New Use Notice (SNUN) or Test Market Exemption (TME) under TSCA section 5 and are required to submit information to EPA under TSCA section 4 related to a SNUN submission. EPA is not collecting a fee for submissions of Confidential Business Information (CBI) submitted under TSCA section 14.

These fees are intended to achieve the goals articulated by Congress to provide a sustainable source of funds for EPA to fulfill its legal obligations to conduct the activities required under TSCA sections 4, 5 and 6 (such as risk-based screenings, designation of applicable substances as High- and Low-Priority, conducting risk evaluations to determine whether a chemical substance presents an unreasonable risk of injury to health or the environment, requiring testing of chemical substances and mixtures, and evaluating and reviewing manufacturing and processing notices), as well as the activities under TSCA section 14 (*i.e.*, collecting, processing, reviewing, and providing access to and protecting information about chemical substances from disclosure as appropriate).

Form Numbers: 9600-008.

Respondents/Affected Entities: Entities identified by the following

North American Industrial Classification System (NAICS) codes:

- Petroleum and Coal Products (NAICS code 324);
- Chemical Manufacturing (NAICS code 325); and
- Chemical, Petroleum and Merchant Wholesalers (NAICS code 424).

Respondent's obligation to respond: Mandatory, TSCA Section 26(b).

Estimated number of respondents: 1,348 (total).

Frequency of response: On occasion.
Total estimated burden: 598 hours (per year). Burden is defined at 5 CFR 1320.3(b).

Total estimated cost: \$46,906 (per year), includes \$0 annualized capital or operation & maintenance costs.

Changes in the estimates: There is an increase in the total estimated respondent burden compared with the ICR currently approved by OMB due to the increase in the number of entities potentially affected and an increase in the number of information collection activities. The change reflects the number of submissions received under TSCA sections 5 and 6. EPA's burden estimates for this collection are based upon historical information on the number of chemicals per premanufacture notices (PMNs), significant new use notifications (SNUNs), microbial commercial activity notices (MCANs), and exemption notices and applications including low-volume exemptions (LVEs), test-marketing exemptions (TMEs), low exposure/low release exemptions (LoREXs), TSCA experimental release applications (TERAs), certain new microorganism (Tier II) exemptions, and film article exemptions, and actions under TSCA section 6. This change is an adjustment.

Courtney Kerwin,

Director, Regulatory Support Division.
