Applicable Regulations: The Education Department General Administrative Regulations (EDGAR) in 34 CFR parts 74, 75, 77, 79, 80, 82, 85, 86, 97, 98, and 99.

SUPPLEMENTARY INFORMATION: This program is a Special Focus Competition to support projects addressing a particular problem area or improvement approach in postsecondary education. The competition also includes an invitational priority to encourage proposals designed to support the formation of educational consortia of American, Canadian, and Mexican institutions of higher education to encourage cooperation in the coordination of curricula, the exchange of students and the opening of educational opportunities throughout North America. The invitational priority is issued in cooperation with Canada and Mexico. Canadian and Mexican institutions of higher education participating in any consortium proposal responding to the invitational priority may apply, respectively, to Human Resources Development Canada and the Mexican Department of Public Education for additional funding under separate Canadian and Mexican competitions.

Priority

We are particularly interested in applications that meet the following invitational priority.

Under 34 CFR 75.105(c)(1) we do not give an application that meets the invitational priority a competitive or absolute preference over other applications.

Invitational Priority: Projects that support consortia of institutions of higher education that promote institutional cooperation and student mobility among the United States, Canada, and Mexico.

Aligning Your Proposal to the Review Criteria

The success of this Special Focus Competition depends upon (1) the extent to which funded projects are being replicated—i.e., adopted or adapted by others; and (2) the manner in which projects are being institutionalized and continued after grant funding. These two results

constitute FIPSE's indicators of the success of our program.

If funded, you will be asked to collect and report data from your project on steps taken toward these goals. Consequently, applicants are advised to include these two outcomes in conceptualizing the design, implementation, and evaluation of the proposed project. Consideration of FIPSE's two performance outcomes is an important part of many of the review criteria discussed below. Thus, it is important to the success of your application that you include these objectives. Their measure should be a part of the project evaluation plan, along with measures of objectives specific to your project.

Methods for Applying Selection Criteria

We give equal weight to the listed criteria. Within each of the criteria, we give equal weight to each of the factors.

Selection Criteria

In evaluating applications for grants under this program competition, we use selection criteria chosen from those listed in 34 CFR 75.210 of EDGAR.

Application Procedures

Note: Some of the procedures in these instructions for transmitting applications differ from those in the Education Department General Administrative Regulations (EDGAR) (34 CFR 75.102). Under the Administrative Procedure Act (5 U.S.C. 553) the Department generally offers interested parties the opportunity to comment on proposed regulations. However, these amendments make procedural changes only and do not establish new substantive policy. Therefore, under 5 U.S.C. 553(b)(A), the Secretary has determined that proposed rulemaking is not required.

Pilot Project for Electronic Submission of Applications

In FY 2004, the Department is continuing to expand its pilot project for electronic submission of applications to include additional formula grant programs and additional discretionary grant competitions. The Program for North American Mobility in Higher Education [84.116N] is one of the programs included in the pilot project. If you are an applicant under the Program for North American Mobility in Higher Education, you may submit your application to us in either electronic or paper format.

The pilot project involves the use of the Electronic Grant Application System (e-Application). Users of e-Application will be entering data on-line while completing their applications. You may not e-mail a soft copy of a grant application to us. If you participate in

this voluntary pilot project by submitting an application electronically, the data you enter on-line will be saved into a database. We request your participation in e-Application. We shall continue to evaluate its success and solicit suggestions for its improvement.

If you participate in e-Application, please note the following:

- Your participation is voluntary.
- When you enter the e-Application system, you will find information about its hours of operation. We strongly recommend that you do not wait until the application deadline date to initiate an e-Application package.
- You will not receive additional point value because you submit a grant application in electronic format, nor will we penalize you if you submit an application in paper format.
- You may submit all documents electronically, including the Title Page which substitutes for ED 424 in the Program for North American Mobility in Higher Education, the Budget Summary Sheet which substitutes for ED 524 in the Program for North American Mobility in Higher Education, and all necessary assurances and certifications.
- Your e-Application must comply with any page limit requirements described in this notice.
- After you electronically submit your application, you will receive an automatic acknowledgement, which will include a PR/Award number (an identifying number unique to your application).
- Within three working days after submitting your electronic application, fax a signed copy of the Title Page, which substitutes for ED 424 in the Program for North American Mobility in Higher Education, to the Application Control Center after following these steps:

1. Print the Title Page, which substitutes for ED 424, from e-Application.
2. The institution's Authorizing Representative must sign the Title Page, which substitutes for ED 424.
3. Place the PR/Award number in the upper right hand corner of the hard copy signature page of the Title Page, which substitutes for ED 424.
4. Fax the signed Title Page, which substitutes for ED 424, to the Application Control Center at (202) 260-1349.

- We may request that you give us original signatures on other forms at a later date.

Application Deadline Date Extension in Case of System Unavailability:

If you elect to participate in the e-Application pilot for the Program for North American Mobility in

Higher Education and you are prevented from submitting your application on the application deadline date because the e-Application system is unavailable, we will grant you an extension of one business day in order to transmit your application electronically, by mail, or by hand delivery. For us to grant this extension—

1. You must be a registered user of e-Application, and have initiated an e-Application for this competition; and
2. (a) The e-Application system must be unavailable for 60 minutes or more between the hours of 8:30 and 3:30 p.m., Washington, DC time, on the application deadline date; or
(b) The e-Application system must be unavailable for any period of time during the last hour of operation (that is, for any period of time between 3:30 and 4:30 p.m., Washington, DC time) on the application deadline date.

The Department must acknowledge and confirm these periods of unavailability before granting you an extension. To request this extension or to confirm the Department's acknowledgement of any system unavailability, you may contact either (1) the person listed elsewhere in this notice under **FOR FURTHER INFORMATION CONTACT** or (2) the e-GRANTS help desk at 1-888-336-8930.
