ADDRESSES: Additional information on the B-21 MOB 1 Beddown EIS environmental impact analysis process can be found on the project website at www.B21EIS.com. The project website can also be used to submit comments. Inquiries and comments-by-mail regarding the Air Force proposal should be directed to Dyess AFB Public Affairs, ATTN: B-21 EIS, 7 Lancer Loop, Suite 136, Dyess AFB, TX 79607; (325) 696-4820; 7bwpa@us.af.mil; or Ellsworth AFB Public Affairs, ATTN: Steve Merrill, 28th Bomb Wing Public Affairs, 1958 Scott Dr., Suite 4, Ellsworth AFB, SD 57706; (605) 385-5056; 28bw.publicaffairs@us.af.mil. Comments will be accepted at any time during the environmental impact analysis process. However, to ensure the Air Force has sufficient time to consider public input in the preparation of the Draft EIS, scoping comments must be submitted to the website or mailed to one of the addresses listed above by April 24, 2020.

SUPPLEMENTARY INFORMATION: The beddown of the B-21 will take place through a series of three Main Operating Bases (MOB), referred to as MOB 1, MOB 2, and MOB 3. The Air Force proposes to beddown MOB 1, which includes two B-21 Operational Squadrons, a B-21 Formal Training Unit (FTU), and a Weapons Generation Facility (WGF) in this EIS. MOB 2 and MOB 3 beddown locations would be evaluated in future NEPA analyses, after the location for MOB 1 is chosen. The B-21 will operate under the direction of the Air Force Global Strike Command. The B-21 will have both conventional and nuclear roles and will be capable of penetrating and surviving in advanced air defense environments. It is projected to enter service in the 2020s, and the Air Force intends to have at least 100 B-21 aircraft built.

The purpose of the Proposed Action is to implement the goals of the National Defense Strategy by modernizing the U.S. bomber fleet capabilities. The B-21 Raider is being developed to carry conventional payloads and to support the nuclear triad by providing a visible and flexible nuclear deterrent capability that will assure allies and partners through the United States' commitment to international treaties. The B-21 will provide the only stealth bomber capability and capacity needed to deter, and if necessary, defeat our adversaries in an era of renewed great power

competition. MOB 1 will support training of crewmembers and personnel in the operation and maintenance of the B-21 aircraft in an appropriate geographic location that can provide sufficient airfield, facilities, infrastructure, and airspace to support the B-21 training and operations.

The EIS will analyze Dyess AFB and Ellsworth AFB as basing alternatives for MOB 1 for the Proposed Action, as well as a No Action Alternative. The basing alternatives were developed to minimize mission impact, maximize facility reuse, minimize cost, and reduce overhead, as well as leverage the strengths of each base to optimize the B-21 beddown strategy. The potential impacts of the alternatives and the No Action Alternative that the EIS may examine include impacts to land use, airspace, safety, noise, hazardous materials and solid waste, physical resources (including earth and water resources), air quality, transportation, cultural resources, biological resources, socioeconomic, and environmental justice. The Air Force is preparing this EIS in accordance with the National Environmental Policy Act (NEPA) of 1969; 40 Code of Federal Regulations (CFR), parts 1500-1508, the Council on Environmental Quality (CEQ) regulations implementing NEPA; and the Air Force's Environmental Impact Analysis Process (EIAP) as codified in 32 CFR part 989.

Scoping and Agency Coordination: The scoping process will be used to involve the public early in the planning and development of the EIS, to help identify issues to be addressed in the environmental analysis. To effectively define the full range of issues and concerns to be evaluated in the EIS, the Air Force is soliciting scoping comments from interested local, state, and federal agencies and interested members of the public.

The Air Force will hold six scoping meetings to inform the public and solicit comments and concerns about the proposal. Scoping meetings will be held in local communities surrounding Dyess and Ellsworth AFBs. Scheduled dates, locations, and addresses for each meeting will be published in the Rapid City Journal and Black Hills Pioneer newspapers in South Dakota, the Abilene Reporter News and The Wylie News newspapers in Texas, as well as the Native Sun News, Indian Country Today and the Original Briefs tribal

newspapers, a minimum of fifteen (15) days prior to each meeting.

Adriane Paris,

Acting Air Force Federal Register Liaison Officer.

ADDRESSES: The address of the closed meeting is the Executive Conference Center at 4075 Wilson Blvd., Arlington, VA 22203.

FOR FURTHER INFORMATION CONTACT: Mr. Kevin Doxey, (703) 571-0081 (Voice), (703) 697-1860 (Facsimile), kevin.a.doxey.civ@mail.mil (Email). Mailing address is Defense Science Board, 3140 Defense Pentagon, Room 3B888A, Washington, DC 20301-3140. Website: <https://dsb.cto.mil/>. The most up-to-date changes to the meeting agenda can be found on the website.

SUPPLEMENTARY INFORMATION: Due to circumstances beyond the control of the Department of Defense and the Designated Federal Officer, the Defense Science Board was unable to provide public notification required by 41 CFR 102-3.150(a) concerning the meeting on March 17 through 18, 2020 of the Defense Science Board. Accordingly, the Advisory Committee Management Officer for the Department of Defense, pursuant to 41 CFR 102-3.150(b), waives the 15-calendar day notification requirement.

This meeting is being held under the provisions of the Federal Advisory Committee Act (FACA) (5 U.S.C.

Appendix), the Government in the Sunshine Act (5 U.S.C. 552b), and 41 CFR 102-3.140 and 102-3.150.

Purpose of the Meeting: The mission of the DSB is to provide independent advice and recommendations on matters relating to the DoD's scientific and technical enterprise. The objective of the meeting is to obtain, review, and evaluate classified information related to the DSB's mission. DSB members will meet to discuss classified future dimensions of conflict that might be exploited by our near-peer competitors and adversaries in response to the DSB's 2020 Summer Study on New Dimensions of Conflict tasking.

Agenda: The DSB meeting will begin on March 17, 2020 at 8:00 a.m. with opening remarks by Mr. Kevin Doxey, the Designated Federal Officer (DFO), and Dr. Craig Fields, DSB Chairman. The members of the study will meet to discuss classified future dimensions of conflict that might be exploited by our near-peer competitors and adversaries. Following break, the members will resume their meeting. The meeting will adjourn at 5:00 p.m. On March 18, 2020 the meeting will begin at 8:00 a.m. with a discussion of classified future dimensions of conflict that might be exploited by our near-peer competitors and adversaries. Following break, the members will resume their meeting. The meeting will adjourn at 4:00 p.m.

Meeting Accessibility: In accordance with Section 10(d) of the FACA and 41 CFR 102-3.155, the DoD has determined that the DSB meeting will be closed to the public. Specifically, the Under Secretary of Defense (Research and Engineering), in consultation with the DoD Office of General Counsel, has determined in writing that the meeting will be closed to the public because it will consider matters covered by 5 U.S.C. 552b(c)(1). The determination is based on the consideration that it is expected that discussions throughout will involve classified matters of national security concern. Such classified material is so intertwined with the unclassified material that it cannot reasonably be segregated into separate discussions without defeating the effectiveness and meaning of the overall meetings. To permit the meeting to be open to the public would preclude discussion of such matters and would greatly diminish the ultimate utility of the DSB's findings and recommendations to the Secretary of Defense and to the Under Secretary of Defense (Research and Engineering).

Written Statements: In accordance with Section 10(a)(3) of the FACA and 41 CFR 102-3.105(j) and 102-3.140, interested persons may submit a written
