#### Notice of Realty Action: Proposed Non-Competitive Lease of Public Land in the Kusilvak (Formerly Wade Hampton) Census Area, Alaska

**AGENCY:** Bureau of Land Management, Interior.

**ACTION:** Notice of realty action.

**SUMMARY:** The Bureau of Land Management (BLM), Anchorage Field Office, proposes to issue a non-competitive lease to Jonathan Penz (applicant) across 0.5-acres of public land in the Kusilvak Census Area, Alaska, for commercial purposes. The BLM Bering Sea-Western Interior Resource Management Plan, approved in January 2021, allows land use leases to be authorized on the subject parcel. The lease would be authorized pursuant to Section 302 of the Federal Land Policy and Management Act of 1976, as amended (FLPMA), and processed in accordance with BLM regulations.

**DATES:** Submit written comments regarding this proposed lease by May 31, 2022.

**ADDRESSES:** Only written comments submitted by postal service or overnight mail will be considered as properly filed. Send comments to: Field Manager, BLM Anchorage Field Office, 4700 BLM Road, Anchorage, Alaska 99507. Electronic mail, facsimile, or telephone comments will not be considered properly filed.

**FOR FURTHER INFORMATION CONTACT:** Thomas Sparks, Associate Field Manager, BLM Anchorage Field Office, telephone: (907) 443–2177, email: [tsparks@blm.gov](mailto:tsparks@blm.gov). **SUPPLEMENTARY INFORMATION:** The subject parcel was developed by the applicant's late father, which was previously authorized under a BLM lease (AA–59715). The lease expired but has not been re-authorized. The applicant has been working cooperatively with the BLM to obtain a new authorization. The lease would allow for continued operations of a fuel-storage site at a rental rate of \$335 per year (subject to Fair Market Value increases). This current rental rate is based on the Small Use Fee Schedule for remote parcels of land in Alaska, dated July 28, 2020, which was determined by the Department of the Interior—Appraisal and Valuation Services.

The subject lease parcel is isolated from other BLM managed lands and is surrounded by lands previously transferred to the Russian Mission Native Corporation pursuant to the Alaska Native Claims Settlement Act of December 18, 1971. The lease is located approximately 4.6 miles from Russian Mission, Alaska, and is on Federals located within:
