

Interested parties who wish to be added to the annual inquiry service list for an order must submit an entry of appearance to the annual inquiry service list segment for the order in ACCESS within 30 days after the date of publication of the order. For ease of administration, Commerce requests that law firms with more than one attorney representing interested parties in an order designate a lead attorney to be included on the annual inquiry service list. Commerce will finalize the annual inquiry service list within five business days thereafter. As mentioned in the *Procedural Guidance*, the new annual inquiry service list will be in place until the following year, when the *Opportunity Notice* for the anniversary month of the order is published.

Commerce may update an annual inquiry service list at any time as needed based on interested parties' amendments to their entries of appearance to remove or otherwise modify their list of members and representatives, or to update contact information. Any changes or announcements pertaining to these procedures will be posted to the ACCESS website at <https://access.trade.gov>.

### Special Instructions for Petitioners and Foreign Governments

In the *Final Rule*, Commerce stated that, "after an initial request and placement on the annual inquiry service list, both petitioners and foreign governments will automatically be placed on the annual inquiry service list in the years that follow."<sup>15</sup>

Accordingly, as stated above, the petitioners and foreign governments should submit their initial entry of appearance after publication of this notice in order to appear in the first annual inquiry service list for those orders for which they qualify as an interested party. Pursuant to 19 CFR 351.225(n)(3), the petitioners and foreign governments will not need to resubmit their entries of appearance each year to continue to be included on the annual inquiry service list. However, the petitioners and foreign governments are responsible for making amendments to their entries of appearance during the annual update to the annual inquiry service list in accordance with the procedures described above.

### Notification to Interested Parties

This notice constitutes the antidumping duty orders with respect to raw honey from Argentina, Brazil, India,

and Vietnam pursuant to section 736(a) of the Act. Interested parties can find a list of antidumping duty orders currently in effect at <https://enforcement.trade.gov/stats/iastats1.html>.

These antidumping duty orders are published in accordance with section 736(a) of the Act and 19 CFR 351.211(b).

Dated: June 6, 2022.

### Appendix

#### Scope of the Orders

The product covered by these orders is raw honey. Raw honey is honey as it exists in the beehive or as obtained by extraction, settling and skimming, or coarse straining. Raw honey has not been filtered to a level that results in the removal of most or all of the pollen, *e.g.*, a level that removes pollen to below 25 microns. The subject products include all grades, floral sources and colors of raw honey and also include organic raw honey.

Excluded from the scope is any honey that is packaged for retail sale (*e.g.*, in bottles or other retail containers of five (5) lbs. or less).

The merchandise subject to these orders is currently classifiable under statistical subheading 0409.00.0005, 0409.00.0035, 0409.00.0045, 0409.00.0056, and 0409.00.0065 of the Harmonized Tariff Schedule of the United States (HTSUS). Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of these orders is dispositive.

### Forged Steel Fittings From the People's Republic of China: Final Results of Antidumping Duty Administrative Review; 2019–2020

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** The U.S. Department of Commerce (Commerce) determines that Both-Well (Taizhou) Steel Fittings Co., Ltd. (Both-Well), an exporter of forged steel fittings from the People's Republic of China (China), did not sell subject merchandise in the United States at prices below normal value (NV) during the period of review (POR) November 1, 2019, through October 31, 2020.

**DATES:** Applicable June 10, 2022.

### SUPPLEMENTARY INFORMATION:

#### Background

Commerce published the *Preliminary Results*<sup>1</sup> on December 7, 2021, and invited interested parties to comment. On March 7, 2022, Commerce extended the deadline of the final

results of this administrative review by 58 days, until June 3, 2022.<sup>2</sup> For a complete description of the events that occurred since the *Preliminary Results*, see the Issues and Decision Memorandum.<sup>3</sup>

#### Scope of the Order<sup>4</sup>

The merchandise covered by the *Order* is forged steel fittings from China. For a complete description of the scope of the *Order*, see the Issues and Decision Memorandum.

#### Analysis of Comments Received

All issues raised in the parties' briefs are addressed in the Issues and Decision Memorandum. A list of the issues addressed is attached as the appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

#### Changes Since the Preliminary Results

Based on our review of the record and comments received from interested parties regarding our *Preliminary Results*, we made a revision to the

margin calculations for Both-Well.<sup>5</sup> For a discussion of this change, *see* the Issues and Decision Memorandum.

### Separate Rate

In the *Preliminary Results*, Commerce determined that Both-Well demonstrated its eligibility for a separate rate.<sup>6</sup> We received no comments or arguments since the issuance of the *Preliminary Results* that provide a basis for reconsideration of this separate rate determination. Therefore, for these final results, we continue to find that Both-Well is eligible for a separate rate.

### The China-Wide Entity

Commerce's policy regarding conditional review of the China-wide entity applies to this administrative review.<sup>7</sup> Under this policy, the China-wide entity will not be under review unless a party specifically requests, or Commerce self-initiates, a review of the China-wide entity.<sup>8</sup> Because no party requested a review of the China-wide entity in this review, the China-wide entity is not under review and the China-wide entity's rate (*i.e.*, 142.72 percent) is not subject to change as a result of this review.<sup>9</sup>

### Final Results of the Review

Commerce determines that the following weighted-average dumping margin exists for the POR:

Exporter	Weighted-average dumping margin (percent)
Both-Well (Taizhou) Steel Fittings Co., Ltd .....	0.00

### Disclosure

We intend to disclose the calculations performed to interested parties in this proceeding under an Administrative Protective Order (APO) within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b).

### Assessment Rates

Pursuant to section 751(a)(2)(C) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.212(b), Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries covered by this review. Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Because the weighted-average dumping margin for Both-Well, the only respondent in this administrative review, is zero, Commerce will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.<sup>10</sup>

For entries that were not reported in the U.S. sales data submitted by Both-Well during this review, Commerce will instruct CBP to liquidate such entries at the rate for the China-wide entity.<sup>11</sup>

### Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for shipments of the subject merchandise from China entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a)(2)(C) of the Act: (1) for Both-Well, the cash deposit rate will be zero; (2) for a previously examined Chinese and non-Chinese exporter not listed above that received a separate rate in a prior completed segment of this proceeding, the cash deposit rate will continue to be the existing exporter-specific cash deposit rate; (3) for all Chinese exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be the rate for the China-wide entity (*i.e.*, 142.72 percent); and (4) for all non-Chinese exporters of subject merchandise which have not received their own separate rate, the cash deposit rate will be the rate

applicable to the Chinese exporter that supplied that non-Chinese exporter.

These cash deposit requirements, when imposed, shall remain in effect until further notice.

### Notification to Importers Regarding the Reimbursement of Duties

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties has occurred and the subsequent assessment of double antidumping duties.

### Notification Regarding APO

This notice also serves as a reminder to parties subject to APO of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a violation subject to sanction.

### Notification to Interested Parties

These final results and notice are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.213(h) and 19 CFR 351.221(b)(5).

## Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Northwest Region Federal Fisheries Permits

**AGENCY:** National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice of information collection, request for comment.

**SUMMARY:** The Department of Commerce, in accordance with the Paperwork Reduction Act of 1995 (PRA), invites the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. The purpose of this notice is to allow for 60 days of public comment preceding submission of the collection to OMB.

**DATES:** To ensure consideration, comments regarding this proposed information collection must be received on or before August 9, 2022.

**ADDRESSES:** Interested persons are invited to submit written comments to Adrienne Thomas, NOAA PRA Officer, at [NOAA.PRA@noaa.gov](mailto:NOAA.PRA@noaa.gov). Please reference OMB Control Number 0648-0203 in the subject line of your comments. Do not submit Confidential Business Information or otherwise sensitive or protected information.

**FOR FURTHER INFORMATION CONTACT:** Requests for additional information or specific questions related to collection activities should be directed to Matt Dunlap, Fishery Policy Analyst, NOAA Fisheries/West Coast Region, 7600 Sand Point Way NE, Bldg. 1, Seattle, WA 98115, (206-316-7944), and [matthew.dunlap@noaa.gov](mailto:matthew.dunlap@noaa.gov).

**SUPPLEMENTARY INFORMATION:****I. Abstract**

This request is for extension of a currently approved information collection. The Magnuson-Stevens Act (16 U.S.C. 1801) provides that the Secretary of Commerce is responsible for the conservation and management of marine fisheries resources in Exclusive Economic Zone (3-200 miles) of the

United States (U.S.). NOAA Fisheries manages the Pacific Coast Groundfish Fishery in the Exclusive Economic Zone (EEZ) off Washington, Oregon, and California under the Pacific Coast Groundfish Fishery Management Plan. The regulations implementing the Pacific Groundfish Fishery require that those vessels participating in the limited entry fishery be registered to a valid limited entry permit. Participation in the fishery and access to a limited entry permit has been restricted to control the overall harvest capacity.

NOAA Fisheries seeks comment on the extension of permit information collections required for: (1) renewal and transfer of Pacific Coast Groundfish limited entry permits; (2) implementation of certain provisions of the sablefish permit stacking program as provided for at 50 CFR 660.231 and 660.25; and (3) issuing and fulfilling the terms and conditions of certain exempted fishing permits (EFPs). The regulations implementing the limited entry program are found at 50 CFR part 660, subpart G.

In addition, NOAA Fisheries requires an information collection to implement certain aspects of the sablefish permit stacking program, which prevents excessive fleet consolidation. As part of the annual renewal process, NOAA Fisheries requires a corporation or partnership that owns or holds (as vessel owner) a sablefish endorsed permit to provide a complete ownership interest form listing all individuals with ownership interest in the entity. Similarly, any sablefish endorsed permit transfer involving registration of a business entity requires an ownership interest form if either the permit owner or vessel owner is a corporation or partnership. This information is used to determine if individuals own or hold sablefish permits in excess of the limit of three permits. Also, for transfer requests made during the sablefish primary season (April 1st through October 31st), the permit owner is required to report the remaining tier pounds not yet harvested on the sablefish endorsed permit at the time of transfer.

Applicants for an exempted fishing permit (EFP) must submit written information that allows NOAA Fisheries and the Pacific Fishery Management Council to evaluate the proposed exempted fishing project activities and weigh the benefits and costs of the proposed activities. The Council makes a recommendation on each EFP application and for successful applicants, NOAA Fisheries issues the EFPs that contains terms and conditions for the project including various

reporting requirements. The information included in an application is specified at 50 CFR 600.745(b)(2) and the Council Operating Procedure #19. Permit holders are required to file preseason harvest plans, interim and/or final summary reports on the results of the project, and in some cases individual vessels and other permit holders are required to provide data reports (*i.e.*, logbooks and/or catch reports). The results of EFPs are commonly used to explore ways to reduce effort on depressed stocks, encourage innovation and efficiency in the fishery, provide access to constrained stocks by directly measuring the bycatch associated with such strategies, and evaluate/revise current and proposed management measures.

Letters of Authorization (LOAs) and Exempted Educational Activity Authorizations (EEAAs) were historically collected under OMB control number 0648-0309. LOAs and EEAAs were combined into this collection (0648-0203) in 2019.

NMFS may grant exemptions from fishery regulations for educational or other activities (*e.g.*, using non-regulation gear). An EEAA is a permit issued by the Regional Office to accredited educational institutions that authorize, for educational purposes, the target or incidental harvest of species managed under an FMP or fishery regulations that would otherwise be prohibited. EEAAs are generally of limited scope and duration, and authorize the take of the amount of fish necessary to demonstrate the lesson. Researchers are requested to submit reports of their scientific research activity after its completion.

LOAs are required under Section 101(a)(5)(A) of the Marine Mammal Protection Act (MMPA) of 1972 for the incidental take of marine mammals during fisheries surveys and related research activities conducted by the Northwest Fisheries Science Center (NWFS), NMFS. Management of certain marine mammals falls under the jurisdiction of the NMFS under the MPA and Endangered Species Act (ESA) and mechanisms exist under both the ESA and MMPA to assess the effect of incidental takings and to authorize appropriate levels of take.

**II. Method of Collection**

Renewal forms are mailed to all permit owners. They can complete their renewals online, submit by mail, or in person. Ownership interest forms and permit transfer forms are available from the region's website but must be submitted to NOAA Fisheries by mail or in person. Applications for an exempted
