Cost-Based and Inter-Agency Billing Rates for Medical Care or Services Provided by the Department of Veterans Affairs for Fiscal Year 2021

**AGENCY:** U.S. Department of Veterans Affairs.

**ACTION:** Notice.

**SUMMARY:** This document updates the Cost-Based and Inter-Agency billing rates for medical care or services provided by the U.S. Department of

Veterans Affairs (VA) furnished in certain circumstances.

**APPLICABLE DATE:** The rates set forth herein are effective October 1, 2020.

#### FOR FURTHER INFORMATION CONTACT:

Romona Greene, Office of Community Care, Revenue Operations, Payer Relations and Services, Rates and Charges (10D1C1), Veterans Health Administration, Department of Veterans Affairs, 810 Vermont Avenue NW, Washington, DC 20420; telephone: 202– 382–2521 (this is not a toll-free number).

**SUPPLEMENTARY INFORMATION:** VA's methodology for computing Cost-Based and Inter-Agency rates for medical care or services provided by VA is set forth in section 17.102(h) of title 38 Code of Federal Regulations (CFR). Two sets of rates are obtained by applying this methodology, Cost-Based and Inter-Agency.

Cost-Based rates apply to medical care and services that are provided by VA under 38 CFR 17.102(a), (b), (d) and (g), respectively, in the following circumstances:

- In error or based on tentative eligibility;
  - In a medical emergency;
  - To pensioners of allied nations; and
- For research purposes in circumstances under which the medical care appropriation shall be reimbursed from the research appropriation.

Inter-Agency rates apply to medical care and services that are provided by VA under § 17.102(c) and (f), respectively, in the following circumstances when the care or services provided are not covered by any applicable sharing agreement in accordance with § 17.102(e):

- To beneficiaries of the Department of Defense or other Federal agencies;
- To military retirees with chronic disability.

The calculations for the Cost-Based and Inter-Agency rates are the same with two exceptions. Inter-Agency rates are all-inclusive and are not broken down into three components (i.e., Physician; Ancillary; and Nursing, Room and Board), and do not include standard fringe benefit costs that cover Government employee retirement, disability costs, and return on fixed assets. When VA pays for medical care or services from a non-VA source under circumstances in which the Cost-Based or Inter-Agency rates would apply if the care or services had been provided by VA, the charge for such care or services will be the actual amount paid by VA for the care or services. Inpatient charges will be at the per diem rates shown for the type of bed section or discrete treatment unit providing the care.

The following table depicts the Cost-Based and Inter-Agency rates that are
