

DEPARTMENT OF ENERGY**Federal Energy Regulatory Commission****[Project No. 12096-001]****Green River 5 Associates; Notice of Surrender of Preliminary Permit**

May 8, 2003.

Take notice that Green River 5 Associates, permittee for the proposed Green River Dam 5 Project, has requested that its preliminary permit be terminated. The permit was issued on November 26, 2001, and would have expired on October 31, 2004. The project would have been located on the Green River in Butler County, Kentucky.

The permittee filed the request on April 7, 2003, and the preliminary permit for Project No. 12096 shall remain in effect through the thirtieth day after issuance of this notice unless that day is a Saturday, Sunday, or holiday as described in 18 CFR 385.2007, in which case the permit shall remain in effect through the first business day following that day. New applications involving this project site, to the extent provided for under 18 CFR part 4, may be filed on the next business day.

Magalie R. Salas,
Secretary.

BILLING CODE 6717-01-P

ENVIRONMENTAL PROTECTION AGENCY**[FRL-7498-4]****Partial Delegation of Authority for Prevention of Significant Deterioration of Air Quality; Washington Department of Ecology**

AGENCY: Environmental Protection Agency (EPA).

ACTION: Information notice.

SUMMARY: The State of Washington Department of Ecology (Ecology) has requested partial delegation of authority

to implement and enforce the Federal prevention of significant deterioration of air quality (PSD) permit program regulations, as revised in amendments published on December 31, 2002 (federal PSD regulations). The Clean Air Act (CAA) authorizes EPA to delegate its authority to implement and enforce the federal PSD regulations to any state that has submitted a demonstration that it possesses adequate implementation and enforcement resources and procedures. After thorough consideration of Ecology's request and other available information, EPA has determined that such delegation of authority is appropriate consistent with the conditions set forth in the delegation agreement reproduced below.

DATES: The delegation agreement granting authority to Ecology for the Federal PSD program is effective March 28, 2003.

ADDRESSES: Copies of information relevant to the partial delegation are available for inspection during normal business hours at the following location: EPA, Region 10, Office of Air Quality (OAQ-107), 1200 Sixth Avenue, Seattle, Washington 98101.

FOR FURTHER INFORMATION CONTACT: Dan Meyer, EPA, Region 10, Office of Air Quality, (206) 553-4150.

SUPPLEMENTARY INFORMATION:**I. Background**

EPA granted Ecology full delegation to implement and enforce the federal PSD regulations in a delegation agreement dated February 7, 2002. The PSD program covers any new construction or any major modification of a major stationary air emission source in an area which has air quality better than the national ambient air quality standards. The program requires the issuance of permits prior to construction or modification of certain sources. EPA recently promulgated revisions to the federal PSD regulations found in 40 CFR 52.21. See 67 FR 80186 (December 31, 2002). In general, these changes affect the applicability of the federal PSD program to modifications to existing major stationary sources.

Ecology has requested authority to continue to implement the federal PSD regulations, as published on December 31, 2002, to the extent possible while Ecology determines how to revise the State PSD regulations to meet the new federal requirements. EPA has reviewed the States' current statutory and regulatory authority and has determined that Ecology has authority to implement and enforce the federal PSD regulations, as published on December 31, 2002, except for applications for PAL
