

Based on records concerning the objects of cultural patrimony and the institution in which they are housed, there is no evidence of the objects of cultural patrimony being treated with hazardous substances.

Determinations

The Sonoma State University has determined that:

- The 899 lots of objects of cultural patrimony described in this notice have ongoing historical, traditional, or cultural importance central to the Native American group, including any constituent sub-group (such as a band, clan, lineage, ceremonial society, or other subdivision), according to the Native American traditional knowledge of an Indian Tribe or Native Hawaiian organization.
- There is a connection between the cultural items described in this notice and Big Valley Band of Pomo Indians of the Big Valley Rancheria, California.

Requests for Repatriation

Additional, written requests for repatriation of the cultural items in this notice must be sent to the authorized representative identified in this notice under **ADDRESSES**. Requests for repatriation may be submitted by any lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in this notice who shows, by a preponderance of the evidence, that the requestor is a lineal descendant or a culturally affiliated Indian Tribe or Native Hawaiian organization.

Repatriation of the cultural items in this notice to a requestor may occur on or after July 7, 2025. If competing requests for repatriation are received, the Sonoma State University must determine the most appropriate requestor prior to repatriation. Requests for joint repatriation of the cultural items are considered a single request and not competing requests. The Sonoma State University is responsible for sending a copy of this notice to the Indian Tribes and Native Hawaiian organizations identified in this notice and to any other consulting parties.

Authority: Native American Graves Protection and Repatriation Act, 25 U.S.C. 3004 and the implementing regulations, 43 CFR 10.9.

Dated: May 21, 2025.

Notice of Inventory Completion: University of Missouri, Museum of Anthropology, Columbia, MO

AGENCY: National Park Service, Interior.

ACTION: Notice.

SUMMARY: In accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), the University of Missouri, Museum of Anthropology has completed an inventory of human remains and associated funerary objects and has determined that there is a cultural affiliation between the human remains and associated funerary objects and Indian Tribes or Native Hawaiian organizations in this notice.

DATES: Repatriation of the human remains and associated funerary objects in this notice may occur on or after July 7, 2025.

ADDRESSES: Send written requests for repatriation of the human remains and associated funerary objects in this notice to Dr. Candace Sall, University of Missouri Museum of Anthropology, 1020 Lowry Street, Columbia, MO 65211, email nagpra@missouri.edu.

SUPPLEMENTARY INFORMATION: This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA. The determinations in this notice are the sole responsibility of the University of Missouri, Museum of Anthropology, and additional information on the determinations in this notice, including the results of consultation, can be found in its inventory or related records. The National Park Service is not responsible for the determinations in this notice.

Abstract of Information Available

Human remains representing, at least, 326 individuals have been identified. The 165 lots of the total 16,291 associated funerary objects are 10 lots of bifaces, one celt, 10 lots of debitage, eight lots of flake tools, three lots of drills, four lots of groundstone, three hammerstones, five lots of hematite, four lots of limestone, three lots of limonite or ochre, three lots of lithic cores, one mano, eight lots of projectile points or knives, one lot of unmodified quartz, five lots of sandstone, one lot of stone abraders, 10 lots of unmodified rocks, one historic ceramic fragment, three lots of clay pipes, nine lots of pottery sherds, one ceramic vessel, one

lot of antler tools, two lots of bone beads, nine lots of faunal fragments, seven lots of shell fragments, two lots of shell beads, three lots of crinoids, one lot of crinoid beads, four lots of gastropod or snail shells, one lead ball, four lots of metal fragments or nails, one glass bottle, one lot of glass fragments, six lots of seeds, five lots of charred wood, one lot of fossils, one mortuary blade, four lots of burned earth or daub, eight lots of charcoal fragments or samples, two lots of flotation samples, and eight lots of soil samples.

The individuals and associated funerary objects were removed from 12 sites in Boone and Howard counties, Missouri, on several occasions between 1935 and 1980, including Montgomery Site (23BO1), 23BO4, 23BO5, Triangulation Point Mound (23BO7), Gibb Mound (23BO8), Gordon Tract Site (also known as Hinkson Creek Site, 23BO303), Campsite Site (23BO378), 23BO960, the Demeter Collection (23BOUNPROV1), Don Bell Cave Site (23HD1), 23HD3, and Walter Site (23HD38).

Cultural Affiliation

Based on the information available and the results of consultation, cultural affiliation is clearly identified by the information available about the human remains and associated funerary objects described in this notice.

Determinations

The University of Missouri, Museum of Anthropology has determined that:

- The human remains described in this notice represent the physical remains of 326 individuals of Native American ancestry.
- The 165 lots of objects described in this notice are reasonably believed to have been placed intentionally with or near individual human remains at the time of death or later as part of the death rite or ceremony.
- There is a clear connection between the human remains and associated funerary objects described in this notice and The Osage Nation.

Requests for Repatriation

Written requests for repatriation of the human remains and associated funerary objects in this notice must be sent to the authorized representative identified in this notice under **ADDRESSES**. Requests for repatriation may be submitted by:

1. Any one or more of the Indian Tribes or Native Hawaiian organizations identified in this notice.
2. Any lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in this notice who shows, by a preponderance of the evidence, that

the requestor is a lineal descendant or an Indian Tribe or Native Hawaiian organization with cultural affiliation.

Repatriation of the human remains and associated funerary objects described in this notice to a requestor may occur on or after July 7, 2025. If competing requests for repatriation are received, the University of Missouri, Museum of Anthropology must determine the most appropriate requestor prior to repatriation. Requests for joint repatriation of the human remains and associated funerary objects are considered a single request and not competing requests. The University of Missouri, Museum of Anthropology is responsible for sending a copy of this notice to the Indian Tribes and Native Hawaiian organizations identified in this notice and any other consulting parties.

Authority: Native American Graves Protection and Repatriation Act, 25 U.S.C. 3003, and the implementing regulations, 43 CFR 10.10.

Notice of Inventory Completion: U.S. Army Corps of Engineers, Omaha District, Omaha, NE

AGENCY: National Park Service, Interior.

ACTION: Notice.

SUMMARY: In accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), the U.S. Army Corps of Engineers, Omaha District has completed an inventory of human remains and associated funerary objects and has determined that there is a cultural affiliation between the human remains and associated funerary objects and Indian Tribes or Native Hawaiian organizations in this notice.

DATES: Repatriation of the human remains and associated funerary objects in this notice may occur on or after July 7, 2025.

ADDRESSES: Send written requests for repatriation of the human remains and associated funerary objects in this notice to Ms. Livia Taylor, U.S. Army Corps of Engineers, Omaha District, ATTN: CENWO-PMA-D, 1616 Capitol Avenue,

Omaha, NE 68102, email livia.a.taylor@usace.army.mil.

SUPPLEMENTARY INFORMATION: This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA. The determinations in this notice are the sole responsibility of the U.S. Army Corps of Engineers, Omaha District, and additional information on the determinations in this notice, including the results of consultation, can be found in its inventory or related records. The National Park Service is not responsible for the determinations in this notice.

Abstract of Information Available

Human remains representing, at minimum, six individuals, along with four associated funerary objects were removed from Brule County, SD. Human remains representing, at minimum, one individual were removed from Buffalo County, SD. No associated funerary objects are present. Human remains representing, at minimum, four individuals, along with three associated funerary objects were removed from Campbell County, SD. Human remains representing, at minimum, two individuals, along with one associated funerary object were removed from Charles Mix County, SD. Human remains representing, at minimum, one individual, along with 33 associated funerary objects were removed from Corson County, SD. Human remains representing, at minimum, two individuals were removed from Gregory County, SD. No associated funerary objects are present. Human remains representing, at minimum, one individual were removed from Hughes County, SD. No associated funerary objects are present.

Human remains representing, at minimum, 15 individuals, along with 26 associated funerary objects were removed from Lyman County, SD. Human remains representing, at minimum, two individuals, along with two associated funerary objects were removed from Stanley County, SD.

Human remains representing, at minimum, five individuals, along with 99 associated funerary objects were removed from Sully County, SD. Human remains representing, at minimum, 12 individuals, along with 43 associated funerary objects were removed from Walworth County, SD.

Human remains representing, at minimum, two individuals were removed from an unknown provenience along the Missouri River. No associated funerary objects are present.

Based upon a preponderance of the evidence, including Tribal oral history, archeological and geographical

information, the Ancestors described in this Notice are consistent with cultural affiliation of the Three Affiliated Tribes of the Fort Berthold Reservation, North Dakota.

Cultural Affiliation

Based on the information available and the results of consultation, cultural affiliation is clearly identified by the information available about the human remains and associated funerary objects described in this notice.

Determinations

The U.S. Army Corps of Engineers, Omaha District has determined that:

- The human remains described in this notice represent the physical remains of 53 individuals of Native American ancestry.
- The 211 objects described in this notice are reasonably believed to have been placed intentionally with or near individual human remains at the time of death or later as part of the death rite or ceremony.
- There is a connection between the human remains and associated funerary objects described in this notice and the Three Affiliated Tribes of the Fort Berthold Reservation, North Dakota.

Requests for Repatriation

Written requests for repatriation of the human remains and associated funerary objects in this notice must be sent to the authorized representative identified in this notice under **ADDRESSES**. Requests for repatriation may be submitted by:

1. Any one or more of the Indian Tribes or Native Hawaiian organizations identified in this notice.
2. Any lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in this notice who shows, by a preponderance of the evidence, that the requestor is a lineal descendant or an Indian Tribe or Native Hawaiian organization with cultural affiliation.

Repatriation of the human remains and associated funerary objects described in this notice to a requestor may occur on or after July 7, 2025. If competing requests for repatriation are received, the U.S. Army Corps of Engineers, Omaha District must determine the most appropriate requestor prior to repatriation. Requests for joint repatriation of the human remains and associated funerary objects are considered a single request and not competing requests. The U.S. Army Corps of Engineers, Omaha District is responsible for sending a copy of this notice to the Indian Tribes and Native Hawaiian organizations identified in this notice.
