Aluminum Extrusions From the People's Republic of China: Final Results of Antidumping Duty Administrative Review; 2019–2020

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) determines that sales of aluminum extrusions from the People's Republic of China (China) were made at less than normal value (NV) during the period of review (POR) May 1, 2019, through April 30, 2020.

DATES: Applicable February 8, 2022.

FOR FURTHER INFORMATION CONTACT: Mark Flessner, AD/CVD Operations, Office VI, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-6312.

SUPPLEMENTARY INFORMATION:**Background**

On August 6, 2021, Commerce published the *Preliminary Results* and invited interested parties to comment.¹ These final results cover 87 companies for which an administrative review was initiated and not rescinded. On September 7, 2021, the following parties submitted case briefs: (1) Kingtom Aluminio S.R.L. (Kingtom);² (2) Global Aluminum Distributor, LLC;³ and (3) JL Trading Corp., Puertas Y Ventanas JM Inc., and Industrias Feliciano Al Inc.⁴ Additionally, on September 7, 2021, Hialeah Aluminum Supply, Inc. and Classic Metals Suppliers Corp. filed a letter in lieu of a case brief.⁵ On September 16, 2021, the Aluminum Extrusions Fair Trade Committee (the

petitioner) submitted a rebuttal brief.⁶ On November 17, 2021, Commerce extended the deadline for these final results until February 2, 2022.⁷ Commerce conducted this review in accordance with section 751(a)(1)(B) of the Tariff Act of 1930, as amended (the Act).

A complete summary of the events that occurred since publication of the *Preliminary Results*, as well as a full discussion of the issues raised by parties for these final results, may be found in the Issues and Decision Memorandum.⁸ The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Scope of the Order⁹

The merchandise covered by the *Order* is aluminum extrusions, which are shapes and forms, produced by an extrusion process, made from aluminum alloys having metallic elements corresponding to the alloy series designations published by The Aluminum Association commencing with the numbers 1, 3, and 6 (or proprietary equivalents or other certifying body equivalents). A full description of the scope of the *Order* is contained in the Issues and Decision Memorandum.

Analysis of Comments Received

All issues raised in the case and rebuttal briefs filed by parties in this review are addressed in the Issues and Decision Memorandum. A list of the issues that parties raised and that we addressed in the Issues and Decision Memorandum follows as an appendix to this notice.

Changes Since the Preliminary Results

Based on a review of the record and comments received from interested parties regarding our *Preliminary Results*, we made no changes for these final results.

Separate Rates

In the *Preliminary Results*, we determined that none of the companies for which an administrative review was requested, and not withdrawn, was entitled to a separate rate. We therefore preliminarily determined that 85 companies listed in Appendix III of the *Preliminary Results* were not eligible for a separate rate in this administrative review.¹⁰ For these final results of review, we have made no changes to our preliminary separate rate analysis¹¹ and continue to find that the 85 companies listed in Appendix II of this notice are not eligible for a separate rate in this administrative review.

China-Wide Entity

We continue to determine for these final results that the 85 companies listed in Appendix II are part of the China-wide entity in this administrative review.¹²

Commerce's policy regarding conditional review of the China-wide entity applies to this administrative review.¹³ Under this policy, the China-wide entity will not be under review unless a party specifically requests, or Commerce self-initiates, a review of the entity. Because no party requested a review of the China-wide entity in the instant review, and because Commerce did not self-initiate such a review, the entity is not under review, and the entity's current rate (*i.e.*, 86.01 percent)¹⁴ is not subject to change.

Final Determination of No Shipments

In the *Preliminary Results*, Commerce determined that Anderson International and Sunvast Trade Shanghai did not have shipments of subject merchandise to the United States during the POR.¹⁵ As we received no information to contradict our preliminary determination of no shipments with

respect to these two companies, we continue to find that they made no shipments of subject merchandise to the United States during the POR. Accordingly, we will issue appropriate instructions for these two companies that are consistent with our “automatic assessment” clarification.¹⁶

Adjustments for Countervailable Subsidies

Because no company established eligibility for an adjustment under section 777A(f) of the Act for countervailable domestic subsidies, for these final results, Commerce did not make an adjustment pursuant to section 777A(f) of the Act for countervailable domestic subsidies for separate-rate recipients. Furthermore, because the China-wide entity is not under review, we made no adjustment for countervailable export subsidies for the China-wide entity pursuant to section 772(c)(1)(C) of the Act.

Assessment

Pursuant to section 751(a)(2)(A) of the Act and 19 CFR 351.212(b), Commerce will determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review. Consistent with its recent notice,¹⁷ Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication). These final results of review shall be the basis for the assessment of antidumping duties on entries of merchandise under review and for future deposits of estimated duties, where applicable. Consistent with Commerce’s assessment practice in non-market economy cases, where we have determined that an exporter under review had no shipments of subject merchandise, any suspended entries that entered under the exporter’s case number (*i.e.*, at that

exporter’s rate) will be liquidated at the China-wide rate.¹⁸

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for all shipments of the subject merchandise from China entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided for by section 751(a)(2)(C) of the Act: (1) For previously investigated or reviewed Chinese and non-Chinese exporters not listed above that received a separate rate in a prior segment of this proceeding, the cash deposit rate will continue to be the exporter-specific rate published for the most-recently completed segment of this proceeding in which the exporter was reviewed; (2) for all Chinese exporters of subject merchandise which have not been found to be entitled to a separate rate, the cash deposit rate will be that established for the China-wide entity (3) for all non-Chinese exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the Chinese exporter that supplied that non-Chinese exporter (or, if unidentified, that of the China-wide entity); and (4) for the China-wide entity, the cash deposit rate will be 86.01 percent. These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Order

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the destruction or return of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the destruction or return

of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

Notification to Interested Parties

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221(b)(5).

Dated: February 2, 2022.

Assistant Secretary for Enforcement and Compliance.

Barium Chloride From India: Initiation of Less-Than-Fair-Value Investigation

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

DATES: Applicable February 1, 2022.

FOR FURTHER INFORMATION CONTACT: Fred Baker or Preston Cox; AD/CVD Operations, Office VI, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-2924 or (202) 482-5041, respectively.

SUPPLEMENTARY INFORMATION:

The Petition

On January 12, 2022, the Department of Commerce (Commerce) received an antidumping duty (AD) petition concerning imports of barium chloride from India, filed in proper form on behalf of Chemical Products Corporation (the petitioner), a domestic producer of barium chloride.¹ The Petition was accompanied by a countervailing duty (CVD) petition concerning imports of barium chloride from India.²

On January 14 and 24, 2022, Commerce requested supplemental information pertaining to certain aspects of the Petition.³ The petitioner filed responses to these requests on January 19, 20, and 25, 2022.⁴

¹ See Petitioner's Letter, "Petitions for the Imposition of Antidumping and Countervailing Duties on Barium Chloride from India," dated January 12, 2022 (the Petition).

² *Id.*

³ See Commerce's Letters, "Petitions for the Imposition of Antidumping and Countervailing Duties on Imports of Barium Chloride from India: Supplemental Questions," dated January 14, 2022; and "Petition for the Imposition of Antidumping Duties on Imports of Barium Chloride from India: Supplemental Questions," dated January 14, 2022; see also Commerce's Memoranda, "Petition for the Imposition of Antidumping Duties on Imports of Barium Chloride from India: Phone Call with Counsel to the Petitioner," dated January 24, 2022; and "Petitions for the Imposition of Antidumping and Countervailing Duties on Imports of Barium Chloride from India: Phone Call with Counsel to the Petitioner," dated January 24, 2022.

⁴ See Petitioner's Letters, "Barium Chloride from India: Response to Supplemental Questionnaire on Volume I of Petition (General Issues and Injury Information)," dated January 19, 2022 (General Issues Supplement); "Barium Chloride from India: Response to Supplemental Questionnaire on Volume II (AD) of Petition," dated January 20, 2022 (India AD Supplement); "Barium Chloride from India: Response to Supplemental Question on Volume I of Petition (General Issues and Injury

Information)," dated January 25, 2022 (Revised Exhibit I-4); and "Barium Chloride from India: Response to Supplemental Question on Volume II of Petition (Antidumping Duties)," dated January 25, 2022 (Second India AD Supplement).

In accordance with section 732(b) of the Tariff Act of 1930, as amended (the Act), the petitioner alleges that imports of barium chloride from India are being, or are likely to be, sold in the United States at less than fair value (LTFV) within the meaning of section 731 of the Act, and that imports of such products are materially injuring, or threatening material injury to, the barium chloride industry in the United States. Consistent with section 732(b)(1) of the Act, the Petition is accompanied by information reasonably available to the petitioner supporting its allegations.

Commerce finds that the petitioner filed the Petition on behalf of the domestic industry, because the petitioner is an interested party, as defined in section 771(9)(C) of the Act. Commerce also finds that the petitioner demonstrated sufficient industry support for the initiation of the requested AD investigation.⁵

Period of Investigation

Because the Petition was filed on January 12, 2022, the period of investigation (POI) for this AD investigation is January 1, 2021, through December 31, 2021, pursuant to 19 CFR 351.204(b)(1).

Scope of the Investigation

The product covered by this investigation is barium chloride from India. For a full description of the scope of this investigation, see the appendix to this notice.

Comments on the Scope of the Investigation

As discussed in the *Preamble* to Commerce's regulations, we are setting aside a period for interested parties to raise issues regarding product coverage (*i.e.*, scope).⁶ Commerce will consider all comments received from interested parties and, if necessary, will consult with interested parties prior to the issuance of the preliminary determination. If scope comments include factual information,⁷ all such factual information should be limited to public information. To facilitate preparation of its questionnaire, Commerce requests that all interested parties submit scope comments by 5:00
