Needs and Uses: 47 CFR Section 76.952 states that all cable operators

must provide to the subscribers on monthly bills the name, mailing address and phone number of the franchising authority, unless the franchising authority in writing requests that the cable operator omits such information. The cable operator must also provide subscribers with the FCC community unit identifier for the cable system in their communities.

47 CFR Section 76.990(b)(1) requires that a small cable operator, may certify in writing to its franchise authority at any time that it meets all criteria necessary to qualify as a small operator. Upon request of the local franchising authority, the operator shall identify in writing all of its affiliates that provide cable service, the total subscriber base of itself and each affiliate, and the aggregate gross revenues of its cable and non-cable affiliates. Within 90 days of receiving the original certification, the local franchising authority shall determine whether the operator qualifies for deregulation and shall notify the operator in writing of its decision, although this 90-day period shall be tolled for so long as it takes the operator to respond to a proper request for information by the local franchising authority. An operator may appeal to the Commission a local franchise authority's information request if the operator seeks to challenge the information request as unduly or unreasonably burdensome. If the local franchising authority finds that the operator does not qualify for deregulation, its notice shall state the grounds for that decision. The operator may appeal the local franchising authority's decision to the Commission within 30 days.

47 CFR Section 76.990(b)(3) requires that within 30 days of being served with a local franchising authority's notice that the local franchising authority intends to file a cable programming services tier rate complaint, an operator may certify to the local franchising authority that it meets the criteria for qualification as a small cable operator. This certification shall be filed in accordance with the cable programming services rate complaint procedure set forth in § 76.1402. Absent a cable programming services rate complaint, the operator may request a declaration of CPST rate deregulation from the Commission pursuant to § 76.7.

On March 26, 1999, the Commission released a *Report and Order*, FCC 99-12, CS Docket 98-132, that among other things removed the requirements of 76.1404. With this submission we have removed the associated burdens.
