

ACTION: Notice.

SUMMARY: This notice provides public announcement of CDC's intent to award Ebola appropriations to the International Association of National Public Health Institutes (IANPHI) for response to the Ebola outbreak funding. This award was proposed in Fiscal Year (FY) 2015 under funding opportunity announcement GH14-1419 "Advancing National Public Health Institutes Globally". IANPHI is uniquely positioned, in terms of authority, ability, track record, infrastructure, and credibility to engage its member institutes to respond to the Ebola outbreak in West Africa. Furthermore, these activities to increase eligible governments' capacity to respond to the Ebola outbreak are directly aligned with the current activities that IANPHI is conducting under this FOA to strengthen and expand national public health institute capabilities and support global health security.

Catalogue of Federal Domestic Assistance Number (CFDA): 93.318.

Authority: Sections 307 and 317(k)(2), Public Health Service Act 42 U.S.C. 242l and 247b(k)(2) as amended.

Single award may be awarded to grantee totaling \$1,100,000 for Ebola response outbreak.

SUPPLEMENTARY INFORMATION: The purpose of this notice is to solicit an application from IANPHI to assist in the response to the Ebola virus in West Africa. The funding will support the impacted surrounding countries to combat this health crisis. This funding will target the following countries: Cameroon, Cote d'Ivoire, Guinea, and Guinea-Bissau to support the responses of the CDC to the outbreak of Ebola virus in West Africa. This funding will enable the U.S. to provide unified mobilization to address a crisis of this magnitude. CDC will continue to build partnerships and strengthen existing projects to respond to Ebola. CDC and its partners will help to address the need for surveillance, detection, coordination, response, and increase eligible governments' capacity to respond to the Ebola outbreak.

DEPARTMENT OF HEALTH AND HUMAN SERVICES**Administration for Children and Families****Submission for OMB Review; Comment Request**

Title: Objective Work Plan (OWP) and Objective Progress Report (OPR).

OMB No.: 0970-0429.

Description: Content and formatting changes are being made to the OPR and OWP. The information in OPR is currently collected on quarterly basis to monitor the performance of grantees and better gauge grantee progress. The OWP is used by applicants when they submit their proposals and then by grantees to monitor their projects once the award is made by ANA. ANA has determined that the requirement for ANA grantees to submit information about the project activities on quarterly basis creates undue burden for Grantees. Therefore, ANA has reformatted the OPR to require Grantees submit semi-annual reports instead of quarterly report. This will reduce the administrative burden on Grantees, especially the smaller organizations. The majority of content being requested from the grantees essentially remain same except for the frequency of reporting.

OPR: The following are proposed content changes to the document:

Grantee Information: Report Frequency—This section of OPR will be reformatted to request semi-annual or final project data instead of quarterly information. The other sections of the document with reference to "quarterly" information will be changed to reflect the shift from four-times a year reporting requirement to twice per year.

Objective Work Plan Update: Content remains the same. No changes are proposed for this section of the OPR.

Impact indicator: Current Status of Expected Results and Current Status of Expected Benefits which are reported separately on the OPR will be combined

to read "Current Status of Expected Results and Benefits." The content requested in this section is similar to the previous OPR without the added burden of having the reporting organizations provide the analysis that distinguish between "results and benefits". Every section of the document will be rewritten to reflect this change.

OWP: ANA proposes to reformat the OWP (content is same) by swapping the Objective field with Problem Statement. In other words, this section will require respondents to begin with a concise statement about the problem the project is designed to address and will be followed by more details about the objectives of the project.

The two fields "Results Expected and Benefits Expected" will be combined into one field to read "Results and benefits Expected". This will reduce redundancy and help reduce the burden on Grantees.

Respondents: Tribal Government, Native non-profit organizations, Tribal Colleges & Universities.

ANNUAL BURDEN ESTIMATES

Instrument	Number of respondents	Number of responses per respondent	Average burden hours per response	Total burden hours
OWP	500	1	3	1,500
OPR	275	2	1	550

Estimated Total Annual Burden Hours: 2,050.

Additional Information: Copies of the proposed collection may be obtained by writing to the Administration for Children and Families, Office of Planning, Research and Evaluation, 370 L'Enfant Promenade SW., Washington, DC 20447, Attn: ACF Reports Clearance Officer. All requests should be identified by the title of the information collection. Email address: infocollection@acf.hhs.gov.

OMB Comment: OMB is required to make a decision concerning the collection of information between 30 and 60 days after publication of this document in the **Federal Register**. Therefore, a comment is best assured of having its full effect if OMB receives it within 30 days of publication. Written comments and recommendation for the proposed information collection should be sent directly to the following: Office of Management and Budget, Paperwork Reduction Project, Fax: 202-395-7285, Email: OIRA_SUBMISSION@OMB.EOP.GOV, Attn: Desk Officer for the Administration for Children and families.
