**OFFICE OF THE FEDERAL REGISTER**

**Publication Procedures for Federal Register Documents During a Funding Hiatus**

**AGENCY:** Office of the Federal Register.  
**ACTION:** Notice of special procedures.

**SUMMARY:** During an appropriations lapse, the Office of the Federal Register (OFR) publishes documents directly related to the performance of governmental functions necessary to address imminent threats to the safety of human life or protection of property and may publish documents related to funded programs if delaying publication until the end of the appropriations lapse would prevent or significantly damage the execution of funded functions at the agency. The OFR is prohibited by law from publishing any other agency documents. The OFR does not make case-by-case determinations as to whether certain documents are directly related to activities that qualify for an exemption under the Antideficiency Act. It is the responsibility of the agency submitting a document for publication to provide justification and certify that the document is authorized under the Antideficiency Act.

**FOR FURTHER INFORMATION CONTACT:** Liza Davis, Director of Legal Affairs and Policy, or Miriam Vincent, Senior Staff Attorney, Office of the Federal Register, National Archives and Records

Administration, (202) 741-6030 or *Fedreg.legal@nara.gov*.

**SUPPLEMENTARY INFORMATION:** Due to the possibility of a lapse in appropriations and in accordance with the provisions of the Antideficiency Act, Public Law 97-258, as amended (31 U.S.C. 1341), the OFR announces special procedures for agencies transmitting documents for publication in the **Federal Register**.

During an appropriations lapse, the OFR publishes documents directly related to the performance of governmental functions necessary to address imminent threats to the safety of human life or protection of property and may publish documents related to funded programs if delaying publication until the end of the appropriations lapse would prevent or significantly damage the execution of funded functions at the agency. The OFR is prohibited by law from publishing any other agency documents. The OFR does not make case-by-case determinations as to whether certain documents are directly related to activities that qualify for an exemption under the Antideficiency Act. It is the responsibility of the agency submitting a document for publication to provide justification and certify that the document is authorized under the Antideficiency Act.

During an appropriations lapse affecting one or more Federal agencies, the OFR remains open to accept and process documents authorized to be published in the daily **Federal Register** in the absence of continuing appropriations. An agency wishing to transmit a document to the OFR during an appropriations lapse must attach an exception letter to the document which provides justification and certifies that publication in the **Federal Register** is necessary for one of the following reasons:

*Unfunded Agencies or Programs*

- To safeguard human life, protect property, or

- To provide other emergency services consistent with the performance of functions and services exempted under the Antideficiency Act.

*Funded Agencies or Programs*

- Because delaying publication until the end of the appropriations lapse would prevent or significantly damage the execution of funded functions at the agency.

The OFR may be able to accept documents transmitted for publication if delaying publication would significantly damage the execution of funded functions at the agency.

Under the August 16, 1995 opinion of the Office of Legal Counsel of the Department of Justice (OLC), *Government Operations in the Event of a Lapse in Appropriations*, exempt functions and services would include activities such as those related to the constitutional duties of the President, food and drug inspection, air traffic control, responses to natural or manmade disasters, law enforcement, and supervision of financial markets. Documents related to normal or routine activities of Federal agencies, even if funded under prior year appropriations, will not be published.

In another opinion, issued on December 13, 1995, *Effect of Appropriations for Other Agencies and Branches on the Authority to Continue Department of Justice Functions During the Lapse in the Department's Appropriations*, the OLC found that the necessary-implication exception allowed unfunded agencies to provide support to funded agencies or programs under certain conditions. Based on OLC interpretation of the December 13, 1995 opinion, as this applies to the OFR, if an agency with current appropriations submits a document for publication and certifies that delaying publication until the end of the appropriations lapse would prevent or significantly damage the execution of funded functions at the

agency, then publication in the **Federal Register** would be a function or service excepted under the Antideficiency Act.

At the onset of an appropriations lapse, the OFR may suspend the regular 3-day publication schedule to permit a limited number of exempt personnel to process excepted documents. Agency officials will be informed as to the schedule for filing and publishing individual documents.

OFR has posted frequently asked questions and excepted letter templates on the following website, which will be updated as necessary:

**Authority:** The authority for this action is 44 U.S.C. 1502 and 1 CFR 2.4 and 5.1.

## OFFICE OF PERSONNEL MANAGEMENT

### January 2025 Pay Schedules

**AGENCY:** Office of Personnel Management.

**ACTION:** Notice.

**SUMMARY:** The rates of basic pay and locality payments for certain Federal civilian employees are adjusted effective in January 2025. The Executive order authorizes a 1.7 percent across-the-board increase for statutory pay systems and locality pay increases costing approximately 0.3 percent of basic payroll, reflecting an overall average pay increase of 2.0 percent. This notice serves as documentation for the public record.

**FOR FURTHER INFORMATION CONTACT:** Lisa Dismond; Pay, Leave, and Workforce Flexibilities; Workforce Policy and Innovation; Office of Personnel

Management; (202) 606-2858 or [paypolicy@opm.gov](mailto:paypolicy@opm.gov).

**SUPPLEMENTARY INFORMATION:** Executive Order (E.O.) 14132 (89 FR 106963, December 23, 2024) implemented pay adjustments for certain Federal civilian employees in January 2025. E.O. 14132 provides an overall average pay increase of 2.0 percent for the statutory pay systems. This is consistent with the President’s alternative pay plan issued under 5 U.S.C. 5303(b) and 5304a on August 30, 2024. The pay rates in E.O. 14113 have been superseded.

The publication of this notice satisfies the requirement in Section 5(b) of E.O. 14132 that the Office of Personnel Management (OPM) publish appropriate notice of the 2025 locality payments in the **Federal Register**.

Schedule 1 of E.O. 14132 provides the rates for the 2025 General Schedule (GS) and reflects a 1.7 percent increase from 2024. Executive Order 14132 also includes the percentage amounts of the 2025 locality payments. (See Section 5 and Schedule 9 of Executive Order 14132.)

General Schedule employees receive locality payments under 5 U.S.C. 5304. Locality payments apply in the United States (as defined in 5 U.S.C. 5921(4)) and its territories and possessions. In 2025, locality payments ranging from 17.06 percent to 46.34 percent apply to GS employees in the 58 locality pay areas. The 2025 locality pay area definitions<sup>1</sup> can be found on OPM’s website.

The 2025 locality pay percentages became effective the first day of the first pay period beginning on or after January 1, 2025 (January 12, 2025). An employee’s locality rate of pay is computed by increasing his or her scheduled annual rate of pay (as defined in 5 CFR 531.602) by the applicable locality pay percentage. (See 5 CFR 531.604 and 531.609.)

Executive Order 14132 establishes the new Executive Schedule (EX), which incorporates a 1.7 percent increase required under 5 U.S.C. 5318 (rounded to the nearest \$100). By law, Executive Schedule officials are not authorized to receive locality payments.

Executive Order 14132 establishes the 2025 range of rates of basic pay for members of the Senior Executive Service (SES) under 5 U.S.C. 5382. The minimum rate of basic pay for the SES is \$150,160 in 2025. The maximum rate of the SES rate range is \$225,700 (level
